[ID-070-01-1610-DO-050D]

Notice of Intent To Prepare a Resource Management Plan (RMP) and Environmental Impact Statement (EIS) for the Pocatello/Malad Planning Area of the Upper Snake River District in Southeastern Idaho

AGENCY: Pocatello Field Office, Bureau of Land Management (BLM), Interior.

SUMMARY: This document provides notice that the BLM intends to prepare an RMP with an associated EIS for the Pocatello Field Office. The new RMP will replace the Malad Management Framework Plan (MFP), approved in 1981, and will revise the Pocatello RMP, approved in 1988. This planning activity encompasses approximately 621,500 acres of public land. The planning process will comply with the Federal Land Policy and Management Act of 1976 (FLPMA) the National Environmental Policy Act of 1969 (NEPA) and BLM policies. The BLM will work closely with interested parties to identify the management decisions that are best suited to the needs of the public. This collaborative process will take into account local, regional, and national needs and concerns. This notice initiates the public scoping process to identify planning issues and to develop planning criteria. The scoping process will include an evaluation of the existing RMP and MFP in the context of the needs and interests of the public.

DATES: The scoping comment period will commence with the publication of this notice. Formal scoping will end 60 days after publication of this notice. Comments on issues and planning criteria should be received on or before the end of the scoping period at the address listed below.

Public meetings will be held throughout the plan scoping and preparation period. In order to ensure local community participation and input, public meetings will be held in Fort Hall, Pocatello, Soda Springs, Montpelier and Malad, Idaho. Specific meeting dates and locations for public participation will be published in the *Sho-Ban News*, *Caribou County Sun*, *Idaho State Journal*, *News Examiner*, and *Idaho Enterprise* newspapers at a later date. The public will be given opportunities to participate through workshops and open house meetings throughout the planning process to work collaboratively with BLM in identifying the full range of issues to be

addressed in the RMP/EIS and developing alternatives to be analyzed in the EIS.

ADDRESSES: Comments should be sent to: Bureau of Land Management, Pocatello Field Office, 1111 N. 8th Avenue, Pocatello Idaho 83201 for the Pocatello RMP. Comments, including names and street addresses of respondents, will be available for public review at the above address during regular business hours 7:45 a.m. to 4:30 p.m., Monday through Friday, except holidays, and may be published as part of the EIS. Individual respondents may request confidentiality. If you wish to withhold your name or street address from public review or from disclosure under the Freedom of Information Act, you must state this prominently at the beginning of your written comment. Such requests will be honored to the extent allowed by law. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be made available for public inspection in their entirety.

FOR FURTHER INFORMATION CONTACT: Jeff S. Steele, Field Manager, Pocatello Field Office, 1111 N. 8th Avenue, Pocatello Idaho 83201, (208) 478-6340. Existing documents concerning the Pocatello/Malad planning area can be seen at the above addresses.

SUPPLEMENTARY INFORMATION: The planning process for this RMP/EIS will utilize an open collaborative approach allowing the public, Tribes, State and Federal agencies, local elected officials, and BLM subject matter specialists to fully develop, and analyze alternatives for management of the public lands. Public scoping to identify specific issues to be addressed in the plan will be an early opportunity for the public to provide input. Subsequent opportunities for public involvement will occur at specific stages in the planning process.

Preliminary issues that have been identified and that may be addressed in the plan are air, soil, and water resources; vegetation (including noxious weeds); riparian areas; forestry management (including juniper woodlands); wildlife and fishery habitat; special status species (including threatened, endangered, candidate, and BLM sensitive species); livestock grazing; fire management; lands (including tenure adjustments and rights-of-way); locatable, leasable, and salable minerals; recreation (including wild and scenic rivers); wilderness; visual resources; cultural resources;

hazardous materials; and areas of critical environmental concern.

After gathering public comments on what issues the plan should address, the suggested issues will be placed in one of three categories:

1. Issues to be resolved in the plan;
2. Issues resolved through policy or administrative action; or
3. Issues beyond the scope of this plan.

Rationale will be provided in the plan for each issue placed in category two or three. In addition to these major issues, a number of management questions and concerns will be addressed in the plan. The public is encouraged to help identify these questions and concerns during the scoping phase.

An interdisciplinary approach will be used to develop the plan in order to consider the variety of resource issues and concerns identified. Disciplines corresponding to these issue areas will be represented and used during the planning process.

Agency representatives and interested persons are invited to visit with Pocatello Field Office officials at any time during the EIS process. In addition, two specific time periods are identified for the receipt of formal comments. The two comment periods are, (1) during the scoping process December 14, 2001 and, (2) during the formal review period of the Draft EIS.

Dated: August 20, 2001.

James E. May,

Upper Snake River District Manager.

INTERNATIONAL TRADE COMMISSION**Sanctions for Breach of Commission Administrative Protective Order**

AGENCY: International Trade Commission.

ACTION: Sanction for breaches of Commission administrative protective order.

SUMMARY: Notice is hereby given of the sanction imposed by the Commission for breaches of the administrative protective orders ("APO") issued in *Bulk Acetylsalicylic Acid from China (Aspirin)*, Inv. No. 731-TA-828 (Final) (APOB Inv. #210); *Synthetic Indigo from the People's Republic of China*, Inv. No. 731-TA-851 (Final) (APOB Inv. #211); and *Furfuryl Alcohol from China and Thailand*, Inv. Nos. 731-TA-703 and 705 (Review) (APOB Inv. #230). The Commission determined that attorneys

Bruce Aitken and Kieran Sharpe breached the APO in APOB Inv. #210 by filing a pre-hearing brief with the Department of Commerce that contained business proprietary information ("BPI") obtained under the APO in the Commission's preliminary *Aspirin* investigation. Aitken and Sharpe also breached the APO by serving a copy of the same brief on a law firm that was not on the APO of either the Commission or the Department of Commerce. The Commission found that Bruce Aitken and Kieran Sharpe breached the APO in APOB Inv. #211 by failing to delete BPI from two pages in the public version of the Final Comments filed with the Commission in the *Synthetic Indigo* investigation. The Commission found that Kieran Sharpe breached the APO in APOB Inv. #230 by failing to redact BPI from the public version of the Final Comments filed with the Commission in the *Furfuryl Alcohol* review investigation. This public reprimand is being issued because the breaches in APOB Inv. #210 and APOB Inv. #211 were the second and third breaches for Aitken within a two-year period, and the breaches in APOB Inv. #210, APOB Inv. #211, and APOB Inv. #230 were the second, third, and fourth breaches for Sharpe occurring within a two-year period.

FOR FURTHER INFORMATION CONTACT:

Carol McCue Verratti, Esq., Office of the General Counsel, U.S. International Trade Commission, 500 E Street, SW., Washington, DC 20436, telephone 202-205-3088. Hearing impaired individuals are advised that information on this matter can be obtained by contacting the Commission's TDD terminal at 202-205-1810. General information concerning the Commission can also be obtained by accessing its Internet server (<http://www.usitc.gov>).

SUPPLEMENTARY INFORMATION:

In connection with the three investigations, *Aspirin*, *Synthetic Indigo*, and *Furfuryl Alcohol*, Messrs. Aitken and Sharpe filed applications for access to APO information with the Commission. In the applications, they swore (i) Not to disclose without written permission any of the information obtained under the APO except to certain enumerated categories of approved persons, (ii) to serve all materials containing BPI disclosed under the APO as directed by the Secretary, and (iii) to otherwise comply with the terms of the APO and the Commission's regulations regarding access to BPI. They also acknowledged in the APO that violation of the APO could subject them, and their firm, to disbarment from practice before the

Commission, referral to the U.S. Attorney or appropriate professional association, or "[s]uch other administrative sanctions as the Commission determines to be appropriate * * * " 19 CFR 207.7(d). The Commission granted their applications.

The firm with which Aitken and Sharpe are affiliated, Aitken Irvin Berlin & Vrooman, LLP, is very experienced in Commission practice as are attorneys Aitken and Sharpe. Both attorneys appear regularly before the Commission and have sought access to APO information on a regular basis. Both Aitken and Sharpe were found to have previously breached an APO in recent prior investigations. Neither of these prior breaches were egregious enough to warrant a public reprimand when considered separately, and were instead dealt with through private reprimands. However, the several current breaches and the recent prior breaches demonstrate a disturbing and unacceptable pattern of overall failure to safeguard information released under APO. Business proprietary information received from private parties plays an important role in Commission investigations. The Commission's ability to obtain such information depends on the confidence of the submitting parties that their proprietary information will be protected.

Bruce Aitken is reprimanded for breaching the APOs in the *Aspirin* and *Synthetic Indigo* investigations as stated above and for committing multiple APO breaches over a relatively short period of time. Kieran Sharpe is reprimanded for breaching the APOs in the *Aspirin*, the *Synthetic Indigo*, and the *Furfuryl Alcohol* investigations as stated above and for committing multiple APO breaches over a relatively short period of time.

The Commission has decided to suspend Sharpe's access to APO information for a period of six months commencing with the date of the publication of this notice in the **Federal Register**. In addition, the Commission has directed the law firm of Aitken Irvin Berlin & Vrooman to have at least two attorneys review all documents to be filed with the Commission for APO compliance for two years commencing with the date of the publication of this notice in the **Federal Register**.

The authority for this action is conferred by section 207.7(d) of the Commission's Rules of Practice and Procedure (19 CFR 207.7(d)).

Issued: November 7, 2001.

By order of the Commission.

Donna R. Koehnke,
Secretary.
