A two-day, Commissioner-led workshop will be held on December 10 and 11, 2001, beginning at 10:00 a.m., in the Commission Meeting Room at the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC. The workshop will focus on the above listed 51 pending license applications filed at the Commission. The workshop is open to the public and all interested persons are invited to attend and participate. The goals of the workshop are to: (1) Review and discuss the pending license applications; (2) identify unresolved issues; (3) determine next steps; (4) agree on who will take the next step; and (5) focus on solutions. The workshop will concentrate on identifying the unresolved issues associated with each project, and determining the best course of action to resolve or remove obstacles to final action on each pending license application. A transcript of the discussions will be placed in the public record for Docket No. AD02–5–000 and in the record for each of the pending license applications.

Filing Requirements for Paper and Electronic Filings

Comments, papers, or other documents related to this proceeding may be filed in paper format or electronically. Those filing electronically do not need to make a paper filing.

For paper filings, the original and 8 copies of the comments should be submitted to the Office of the Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426. Paper filings should, at the top of the first page, refer to Docket No. AD02–5–000 and reference the specific project name(s) and project number(s) that the comments concern. The deadline to file comments is January 11, 2002.

Documents filed electronically via the Internet must be prepared in WordPerfect, MS Word, Portable Document Format, or ASCII format. To file the document, access the Commission's Website at *www.ferc.gov*, click on "e-Filing" and then follow the instructions for each screen. First-time users will have to establish a user name and password. The Commission will send an automatic acknowledgment to the sender's E-mail address upon receipt of comments. User assistance for electronic filing is available at 202–208– 0258 or by e-mail to *efiling@ferc.fed.us*. Comments should not be submitted to the e-mail address.

All comments will be placed in the Commission's public files and will be available for inspection in the Commission's Public Reference Room at 888 First Street, N.E., Washington D.C. 20426, during regular business hours. Additionally, all comments may be viewed, printed, or downloaded remotely via the Internet through FERC's Homepage using the RIMS link. User assistance for RIMS is available at 202–208–2222, or by e-mail to *rimsmaster@ferc.fed.us.*

Opportunities for Listening, Participating, and Viewing the Workshop Offsite and Obtaining a Transcript

The workshop will be transcribed. Those interested in obtaining transcripts should contact Ace Federal Reporters at 202–347–3700.

Federal Energy Regulatory Commission

[Docket No. RM01-12-000]

Order Providing Guidance

Issued November 7, 2001. **AGENCY:** Federal Energy Regulatory Commission. **ACTION:** Order providing guidance.

SUMMARY: The Federal Energy Regulatory Commission (Commission) is providing guidance to the electric industry with respect to its goals for the next phase of regional transmission organization (RTO) implementation. The action is needed to clarify the Commission's goals for resolving issues relating to scope and governance of qualifying RTOs across the nation and for addressing business and process issues needed for organizations to accomplish the functions of Order No. 2000. It also states some of the Commission's specific plans for moving the RTO development process forward.

FOR FURTHER INFORMATION CONTACT: David D. Withnell, Office of General Counsel, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, (202) 208–2063.

Before Commissioners: Pat Wood III, Chairman; William L. Massey, Linda Breathitt, and Nora Mead Brownell Electricity Market Design and Structure [Docket No. RM01-12-000]

Order Providing Guidance on Continued Processing of RTO Filings

Issued November 7, 2001.

It is a fundamental objective of the Commission, in exercising its responsibilities under Part II of the Federal Power Act, to create a seamless, national, competitive marketplace for wholesale sales of electric energy and adequate generation and transmission infrastructure to support that marketplace. Such a marketplace will provide customers with more reliable and efficiently priced electric energy than wholesale markets with unnecessary variation in market rules and business practices. As a cornerstone of support for this national marketplace, we have endeavored for several years to create regional transmission organizations (RTOs) to capture the benefits and efficiencies of a competitive power marketplace for the nation's electricity customers. The FERC has before it numerous ongoing proceedings involving RTO proposals, and it has recently assessed the status of these proceedings and the ongoing
