BILLING CODE 4410-10-M

DEPARTMENT OF LABOR

Employment Standards Administration, Wage and Hour Division

Minimum Wages for Federal and Federally Assisted Construction; General Wage Determination Decisions

General wage determination decisions of the Secretary of Labor are issued in accordance with applicable law and are based on the information obtained by the Department of Labor from its study of local wage conditions and data made available from other sources. They specify the basic hourly wage rates and fringe benefits which are determined to be prevailing for the described classes of laborers and mechanics employed on construction projects of a similar character and in the localities specified therein.

The determinations in these decisions of prevailing rates and fringe benefits have been made in accordance with 29 CFR part 1, by authority of the Secretary of Labor pursuant to the provisions of the Davis-Bacon Act of March 3, 1931, as amended (46 Stat. 1494, as amended, 40 U.S.C. 276a) and of other Federal statutes referred to in 29 CFR part 1, Appendix, as well as such additional statutes as may from time to time be enacted containing provisions for the payment of wages determined to be prevailing by the Secretary of Labor in accordance with the Davis-Bacon Act. The prevailing rates and fringe benefits determined in these decisions shall, in accordance with the provisions of the foregoing statutes, constitute the minimum wages payable on Federal and federally assisted construction projects to laborers and mechanics of the specified classes engaged on contract work of the character and in the localities described therein.

Good cause is hereby found for not utilizing notice and public comment procedure thereon prior to the issuance of these determinations as prescribed in 5 U.S.C. 553 and not providing for delay in the effective date as prescribed in that section, because the necessity to issue current construction industry wage determinations frequently and in large volume causes procedures to be impractical and contrary to the public interest.

General wage determination decision, and modifications and supersedes decisions thereto, contain no expiration dates and are effective from their date of notice in the **Federal Register**, or on the date written notice is received by the agency, whichever is earlier. These decisions are to be used in accordance with the provisions of 29 CFR parts 1 and 5. Accordingly, the applicable decision, together with any modifications issued, must be made a part of every contracts for performance of the described work within the geographic area indicated as required by an applicable Federal prevailing wage law and 29 CFR part 5. The wage rates and fringe benefits, notice of which is published herein, and which are contained in the Government printing Office (GPO) document entitled "General Wage Determinations Issued Under The Davis-Bacon And Related Acts," shall be the minimum paid by contractors and subcontractors to laborers and mechanics.

Any person, organization, or governmental agency having an interest in the rates determined as prevailing is encouraged to submit wage rate and fringe benefit information for consideration by the Department.

Further information and self-explanatory forms for the purpose of submitting this data may be obtained by writing to the U.S. Department of Labor, Employment Standards Administration, Wage and Hour Division, Division of Wage Determinations, 200 Constitution Avenue, NW., Room S-3014, Washington, DC 20210.

Modification to General Wage Determination Decisions

The number of the decisions listed to the Government Printing Office document entitled "General Wage Determinations Issued Under the Davis-Bacon and related Acts" being modified are listed by Volume and State. BILLING CODE 4510-27-M

NUCLEAR REGULATORY COMMISSION

[Docket No. 50-410]

Rochester Gas and Electric Corporation; Nine Mile Point Nuclear Station, Unit No. 2; Notice of Withdrawal of Application for Approval of Indirect Transfer of Facility Operating License

The U.S. Nuclear Regulatory Commission (the Commission) was considering the issuance of an order under 10 CFR 50.80 approving the indirect transfer of Facility Operating License No. NPF-69 for Nine Mile Nuclear Station, Unit No. 2 (NMP-2), to the extent held by Rochester Gas and Electric Corporation (RG&E). The indirect transfer would have resulted from the planned acquisition of RG&E's parent company, RGS Energy Group, Inc. (RGS), by Energy East Corporation (Energy East).

On November 7, 2001, the NMP-2 license, as held by RG&E and others, was transferred to Nine Mile Point Nuclear Station, LLC, as authorized by an NRC Order dated June 22, 2001, as modified by a Supplemental Order dated October 30, 2001. By letter dated November 14, 2001, RG&E withdrew its request for NRC approval of the indirect transfer of the NMP-2 license since RG&E no longer holds the NMP-2 license. The NRC has permitted the withdrawal.

The Commission previously published a Notice of Consideration of Approval of Application Regarding Proposed Merger and Opportunity for a Hearing (66 FR 42687, dated August 14, 2001). No hearing requests or written comments were filed.

For further details with respect to this withdrawal, see RG&E's letter dated June 22, and November 14, 2001, available for public inspection at the Commission's Public Document Room (PDR), at One White Flint North, 11555 Rockville Pike (first floor), Rockville, Maryland. Publicly available records will be accessible electronically from the Agencywide Documents Access and Management System (ADAMS) Public Electronic Reading Room on the internet at the NRC Web site (<http://www.nrc.gov/ADAMS/index.htm>). If you do not have access to ADAMS or if there are problems accessing the documents located in ADAMS, contact the NRC PDR reference staff at 1-800-397-4209, 301-415-4737 or by e-mail to pdr@nrc.gov.

Dated at Rockville, Maryland, this 30th day of November 2001.
