

contamination of tissue during processing.

ADDRESSES: Submit written requests for single copies of the guidance to the Office of Communication, Training, and Manufacturers Assistance (HFM-40), Center for Biologics Evaluation and Research (CBER), Food and Drug Administration, 1401 Rockville Pike, Rockville, MD 20852-1448. Send one self-addressed adhesive label to assist the office in processing your requests. The document may also be obtained by mail by calling the CBER Voice Information System at 1-800-835-4709 or 301-827-1800, or by fax by calling the FAX Information System at 1-888-CBER-FAX or 301-827-3844. See the **SUPPLEMENTARY INFORMATION** section for electronic access to the guidance document. Submit written or electronic comments on the guidance document to the Dockets Management Branch (HFA-305), Food and Drug Administration, 5630 Fishers Lane, rm. 1061, Rockville, MD 20852. Submit electronic comments to <http://www.fda.gov/dockets/ecomments>.

FOR FURTHER INFORMATION CONTACT: Valerie A. Butler, Center for Biologics Evaluation and Research (HFM-17), Food and Drug Administration, 1401 Rockville Pike, Rockville, MD 20852-1448, 301-827-6210.

SUPPLEMENTARY INFORMATION:

I. Background

FDA is announcing the availability of a document entitled "Guidance for Industry: Validation of Procedures for Processing of Human Tissues Intended for Transplantation" dated March 2002. The document is intended to remind all tissue establishments that the current requirement to prepare, validate, and follow procedures to prevent infectious disease contamination or cross-contamination during the processing of human tissues intended for transplantation (21 CFR 1270.31(d)) includes such infectious disease agents as viruses, bacteria, fungi, and will include TSE-associated prions as technology progresses. Current regulations for human tissue intended for transplantation are found in 21 CFR parts 1270 and 1271.

This guidance is being issued in accordance with FDA's good guidance practices regulation (21 CFR 10.115). This guidance document represents the agency's current thinking on the validation of procedures for processing of human tissues intended for transplantation. It does not create or confer any rights for or on any person and does not operate to bind FDA or the public. An alternative approach may be

used if such approach satisfies the requirement of the applicable statutes and regulations.

II. Comments

The agency is soliciting public comment, but is implementing this guidance document immediately because of the public health concerns related to the possible risk of infectious disease contamination or cross-contamination during tissue processing. In particular, FDA's concern is heightened by recent reports from the Centers for Disease Control and Prevention about bacterial contamination of musculoskeletal allografts associated with injury as well as death in recipients of these tissues [MMWR; 50(46): 1035-1036, November 23, 2001; 50(48): 1080-1083, December 7, 2001.] FDA is requesting that you submit with your comments any information on specific methods currently used by tissue establishments to prevent infectious disease contamination and cross-contamination of tissue during processing. FDA plans to have further public discussion on this issue and to develop additional guidance containing more specific recommendations on validation methods for tissues in the future.

Interested persons may, at any time, submit written or electronic comments to the Dockets Management Branch (address above) regarding this guidance document. Two copies of any comments are to be submitted, except individuals may submit one copy. Comments should be identified with the docket number found in the brackets in the heading of this document. A copy of the document and received comments are available for public examination in the Dockets Management Branch between 9 a.m. and 4 p.m., Monday through Friday.

III. Electronic Access

Persons with access to the Internet may obtain the document at either <http://www.fda.gov/cber/guidelines.htm> or <http://www.fda.gov/ohrms/dockets/default.htm>.

Dated: March 4, 2002.

Margaret M. Dotzel,

Associate Commissioner for Policy.

[FR Doc. 02-5963 Filed 3-12-02; 8:45 am]

BILLING CODE 4160-01-S

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Office of Inspector General

Program Exclusions: October 2001

AGENCY: Office of Inspector General, HHS.

ACTION: Notice of program exclusions.

During the month of October 2001, the HHS Office of Inspector General imposed exclusions in the cases set forth below. When an exclusion is imposed, no program payment is made to anyone for any items or services (other than an emergency item or service not provided in a hospital emergency room) furnished, ordered or prescribed by an excluded party under the Medicare, Medicaid, and all Federal Health Care programs. In addition, no program payment is made to any business or facility, e.g., a hospital, that submits bills for payment for items or services provided by an excluded party. Program beneficiaries remain free to decide for themselves whether they will continue to use the services of an excluded party even though no program payments will be made for items and services provided by that excluded party. The exclusions have national effect and also apply to all Executive Branch procurement and non-procurement programs and activities.
