

the departments and agencies of any such change and coordinate with OMB on the paperwork and rulemaking aspects of the revision.

The Office of Government Ethics will continue to make the OGE Form 450 available to departments and agencies and their reporting employees in paper and through the Forms, Publications & Other Ethics Documents section of OGE's Internet Web site (address: <http://www.usoge.gov>). The latter method allows employees two different options for preparing their report on a computer, although a printout and manual signature of the form are still required unless specifically approved otherwise by OGE. Moreover, OGE also permits departments and agencies to develop or utilize their own electronic versions of the OGE Form 450 provided they precisely duplicate the paper original to the extent technically possible. While OGE sees no legal bar to electronic filing and electronic signatures for the OGE Form 450, agencies must meet the requirements of the Government Paperwork Elimination Act (GPEA) and other applicable laws and issues such as security, verification, non-repudiation, etc. Those agencies seeking to develop or utilize an electronic version of the OGE Form 450, and who have not so informed OGE, are asked to advise OGE's Deputy Director for Administration and Information Management of their intentions to do so and to provide assurance of their adherence to the previously mentioned requirements.

Since 1992 various departments and agencies have developed, with OGE review/approval, alternative reporting formats, such as certificates of no conflict, for certain classes of employees. Other agencies provide for additional disclosures pursuant to independent organic statutes and in certain other circumstances when authorized by OGE. In 1997, OGE itself developed the new OGE Optional Form 450-A (Confidential Certificate of No New Interests (Executive Branch)) for possible agency and employee use in certain years, if applicable. That optional form continues in use at various agencies. However, the OGE Form 450 remains the uniform executive branch report form for most of those executive branch employees who are required by their agencies to report confidentially on their financial interests. The OGE Form 450 is to be filed by each reporting individual with the designated agency ethics official at the executive department or agency where he or she is or will be employed.

Reporting individuals are regular employees whose positions have been

designated by their agency under 5 CFR 2634.904 as requiring confidential financial disclosure in order to help avoid conflicts with their assigned responsibilities; under that section, all special Government employees (SGE) are also generally required to file. Agencies may, if appropriate under the OGE regulation, exclude certain regular employees or SGEs as provided in 5 CFR 2634.905. Reports are normally required to be filed within 30 days of entering a covered position (or earlier if required by the agency concerned), and again annually in the fall if the employee serves for more than 60 days in the position. As indicated in § 2634.907 of the OGE regulation, the information required to be collected includes assets and sources of income, liabilities, outside positions, employment agreements and arrangements, and gifts and travel reimbursements, subject to certain thresholds and exclusions.

Most of the persons who file this report form are current executive branch Government employees at the time they complete their report. However, some filers are private citizens who are asked by their prospective agency to file a new entrant report prior to entering Government service in order to permit advance checking for any potential conflicts of interest and resolution thereof by agreement to recuse or divest, obtaining of a waiver, etc. Based on OGE's annual agency ethics program questionnaire responses for 1999 and 2000 (the 2001 responses have not yet been fully tabulated), OGE estimates that an average of approximately 268,450 OGE Form 450 report forms will be filed each year for the next three years throughout the executive branch. This estimate is based on average number of report forms filed branchwide for 1999 and 2000 as indicated in the Questionnaire responses, some 271,834 in 1999 and 265,053 in 2000, for a total of 536,887, with that number then divided in half and rounded to give the projected annual average of 268,450 reports. Of these reports, OGE estimates that no more than between 5% and 10%, or some 13,422 to 26,845 per year at most, will be filed by private citizens, those potential (incoming) regular employees whose positions are designated for confidential disclosure filing as well as potential special Government employees whose agencies require that they file their new entrant reports prior to assuming Government responsibilities. No termination reports are required for the OGE Form 450.

Each filing is estimated to take an average of one and one-half hours. The

number of private citizens whose reports are filed each year with OGE itself is less than 10, but pursuant to 5 CFR 1320.3(c)(4)(i), the lower limit for this general regulatory-based requirement is set at 10 private persons (OGE-processed reports). This yields an annual reporting burden of 15 hours, the same as in OGE's current OMB inventory for this information collection. The remainder of the private citizen reports are filed with other departments and agencies throughout the executive branch.

Public comment is invited on the unrevised OGE Form 450 as set forth in this notice, including specifically views on the need for and practical utility of this proposed unmodified collection of information, the accuracy of OGE's burden estimate, the enhancement of quality, utility and clarity of the information collected, and the minimization of burden (including the use of information technology).

Comments received in response to this notice will be summarized for, and may be included with, OGE's future request for OMB paperwork approval for the proposed slightly revised OGE Form 450. Any comments received will also become a matter of public record. After reviewing any comments and deciding on the proposed revisions to the form, OGE will publish a second paperwork notice in the **Federal Register** to inform the agencies and the public at the time it submitted the request for OMB paperwork approval.

Approved: March 12, 2002.

Director, Office of Government Ethics.
