

schedules for overfished stocks. At a meeting on February 27, 2002, the New England Council decided to develop groundfish management measures for five broad areas and one user group: inshore Gulf of Maine, offshore Gulf of Maine, eastern Georges Bank, western Georges Bank, Southern New England/Mid Atlantic, and recreational/charter/party. This meeting will focus on commercial fishing for groundfish in the Southern New England/Mid-Atlantic area, the boundaries for this area will be determined at the March 27, 2002 Groundfish Committee meeting.

Interested parties will be consulted to identify management measures that will achieve specific biological, economic, and social objectives identified by the Council. Such measures may include, but are not limited to, trip or possession limits, changes to the days-at-sea program, year-round or seasonal closed areas, or gear changes. The committee will consider these suggested measures and will develop a recommendation that will be reviewed by the Council at a later date. After Council approval, the measures will be analyzed and included in a draft supplemental environmental impact statement. The committee may also consider alternatives to this area management approach if technical advice received at the March 19, 2002 Council meeting suggests it is not feasible.

Wednesday, April 10, 2002 at 9:30 a.m. and Tuesday, April 11, 2002 at 8:30 a.m.—Monkfish Oversight Committee Meeting.

Location: Radisson Airport Hotel Providence; 2081 Post Road, Warwick, RI 02886; telephone: (401) 739-3000.

The Committee will review information provided by the Advisory Panel, Plan Development Team and/or Councils' staffs and continue development of Amendment 2 management alternatives. Measures that may be included or adjusted in Amendment 2 include, but are not limited to, permit qualification for vessels fishing south of 38° N, trip limits, days-at-sea allocations, closed areas, minimum fish size, minimum mesh size, and area-specific management programs for the Northern and Southern Fishery Management Areas, as well as for the offshore fishery in the Southern Area. Amendment 2 will also implement revisions to the monkfish overfishing definitions. Measures to be considered in Amendment 2 will be designed to achieve fishing mortality targets as well as to minimize bycatch, interactions with protected species and fishery impacts on essential fish habitat.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Act, provided the public has been notified of the Council's intent to take final action to address the emergency.

Special Accommodations

These meetings are physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Paul J. Howard (see ADDRESSES) at least 5 days prior to the meeting dates.

Dated: March 15, 2002.

Richard W. Surdi,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

BILLING CODE 3510-22-S

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[I.D. 031102B]

Pacific Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meeting.

SUMMARY: The Groundfish Stock Assessment Review (STAR) Panel for bocaccio and canary rockfish will hold a work session which is open to the public.

DATES: The bocaccio and canary rockfish STAR Panel will meet beginning at 9 a.m., April 15, 2002. The meeting will continue on April 16, 2002 beginning at 8 a.m. through April 19, 2002. The meetings will end at 5 p.m. each day, or as necessary to complete business.

ADDRESSES: The Pacific bocaccio and canary rockfish STAR Panel meeting will be held at NMFS Northwest Fisheries Science Center, Auditorium, 2725 Montlake Blvd. E, Seattle, WA 98112; telephone: 206-860-3200.

Council address: Pacific Fishery Management Council, 7700 NE Ambassador Place, Suite 200, Portland, OR 97220-1384.

FOR FURTHER INFORMATION CONTACT: Mr. Chuck Tracy, Staff Officer; 503-326-6352.

SUPPLEMENTARY INFORMATION: The purpose of the meeting is to review draft stock assessment documents and any other pertinent information, work with the Stock Assessment Team to make necessary revisions, and produce a STAR Panel report for use by the Council family and other interested persons.

Entry to the Northwest Fisheries Science Center requires identification with photograph (such as a student ID, state drivers license, etc.). A security guard will review the identification and issue a Visitor's Badge valid only for the date of the meeting.

Although nonemergency issues not contained in STAR Panel agenda may come before the STAR Panel for discussion, those issues may not be the subject of formal Panel action during this meeting. STAR Panel action will be restricted to those issues specifically listed in this notice, and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the Panel's intent to take final action to address the emergency.

Special Accommodations

The meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Ms. Carolyn Porter at 503-326-6352 at least 5 days prior to the meeting date.

Dated: March 15, 2002.

Richard W. Surdi,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

BILLING CODE 3510-22-S

COMMITTEE FOR THE IMPLEMENTATION OF TEXTILE AGREEMENTS

Reconfirmation of a Previous Directive Concerning Visa and Quota Requirements for Textiles and Textile Products Entered as Sets

March 15, 2002.

AGENCY: Committee for the Implementation of Textile Agreements (CITA).

ACTION: Issuing a directive to the Commissioner of Customs reconfirming a previous directive.

EFFECTIVE DATE: March 18, 2002.

FOR FURTHER INFORMATION CONTACT:

Martin Walsh, International Trade Specialist, Office of Textiles and Apparel, U.S. Department of Commerce, (202) 482-3400.

SUPPLEMENTARY INFORMATION:

Authority: Executive Order 11651 of March 3, 1972, as amended; Section 204 of the Agricultural Act of 1956, as amended (7 U.S.C. 1854).

In a notice and letter to the Commissioner of Customs published in the **Federal Register** on August 24, 1989 (54 FR 35223), CITA directed the U.S. Customs Service to apply all otherwise applicable visa and quota requirements to textiles and textile products which are classified as components of a set. This directive applied to all items which, if imported separately, would have required a visa and the reporting of quota. Recently, there has been uncertainty concerning the continuing applicability of this directive. The letter published below reconfirms the previously published directive.

D. Michael Hutchinson,

Acting Chairman, Committee for the Implementation of Textile Agreements.

Committee for the Implementation of Textile Agreements

March 15, 2002.

Commissioner of Customs,
Department of the Treasury, Washington, DC 20229.

This letter reconfirms the directive of August 18, 1989 that clarified the intent of the Committee for the Implementation of Textile Agreements on the applicability of visa requirements and quota reporting of textiles and textile products entered as components of sets under General Rule of Interpretation (GRI) 3 of the Harmonized Tariff Schedule (HTS).

Effective on March 18, 2002, the directive of August 18, 1989 is reissued as follows:

Under the terms of Section 204 of the Agricultural Act of 1956, as amended (7 U.S.C. 1854); and in accordance with the provisions of Executive Order 11651 of March 3, 1972, as amended; all applicable visa and quota requirements will apply for textiles and textile products which are classified as components of a set. This rule applies to all items which, if imported separately, would have required a visa and the reporting of quota.

Effective on March 18, 2002, you are directed to prohibit entry for consumption or withdrawal from warehouse for consumption into the United States (i.e., the 50 states, the District of Columbia and the Commonwealth of Puerto Rico) of any textile item for which classification is claimed as sets under GRI 3 of the HTS, where a separate textile category currently exists or comes into existence requiring separate reporting of the components forming those sets.

Entry shall be permitted if all visa and quota requirements are met.

The Committee for the Implementation of Textile Agreements has determined that these actions fall within the foreign affairs exception to the rulemaking provisions of 5 U.S.C. 553(a)(1).

Sincerely,
D. Michael Hutchinson,
Acting Chairman, Committee for the Implementation of Textile Agreements.

BILLING CODE 5001-05-U

DEPARTMENT OF DEFENSE**Department of the Army****Preparation of Environmental Impact Statement (EIS) for Military Training Activities at Makua Military Reservation, Oahu, Hawaii**

AGENCY: Department of the Army, DoD.

ACTION: Notice of intent.

SUMMARY: The Army proposed to resume consistent military training activities at Makua Military Reservation (MMR), Oahu, Hawaii, to provide for company level, modified live-fire exercises. In accordance with the Settlement Agreement and Stipulated Order between Malama Makua and the United States Department of Defense, filed 4 October 2001 (the "Settlement Agreement"), the Army will conduct a limited number of live-fire training exercises during the term specified within for the preparation of the subject

EIS. The Army needs to conduct a minimum of 18 company-level, combined arms, live-fire exercises per year. Other military components that have used Makua in the past include the Marine Corps, Army Reserves, and the Hawaii Army National Guard, which further increases the total number of required company combined-arms live-fire exercises (CALFEXs) per year. Conducting the required number of company CALFEXs is critical to maintaining the readiness of all military units assigned or stationed in Hawaii. Training at the company level is one of the key building blocks in the Army's progressive training doctrine where smaller units first train as smaller units and then train collectively as part of a larger unit. The training that a new infantry company commander receives during a company-level CALFEX is invaluable in teaching him the skills required to coordinate the combined arms support provided by helicopter, artillery, mortar, and combat engineer support teams when attacking an objective. These communication and coordination skills are essential later when several companies join together and train/fight as a battalion under the control of a battalion commander. The EIS will address, among other things, the potential direct, indirect and cumulative environmental impacts associated with the proposal to continue military training activities at MMR. The EIS development process will be conducted in accordance with the aforementioned Settlement Agreement and Stipulated Order.

ADDRESSES: Written comments may be forwarded to Mr. Calvin K. Mashita, U.S. Army Corps of Engineers, Honolulu Engineer District, Programs and Project Management Division, ATTN: CEPOH-PP-E (Mashita), Building 230, Fort Shafter, Hawaii 96858-5440.

FOR FURTHER INFORMATION CONTACT:

Makua training activities: Colonel William E. Ryan III, (808) 656-1289, fax (808) 656-1259; email

William.ryaniii@usace.army.mil or by writing to Director of Public Works, U.S. Army Garrison Hawaii (USAG-HI), Schofield Barracks, Hawaii 96857-5013.

EIS information: Mr. Calvin K. Mashita, (808) 438-8417; fax (808) 438-8865; email *calvin.k.mashita@poh01.usace.army.mil* or by writing to Mr. Mashita at the above address.

SUPPLEMENTARY INFORMATION: Proposed alternatives to be considered may include, but not be limited to, the following:

(1) *Alternative 1:* Modified Live-Fire Training at Makua Military Reservation
