General Description of Report: This information collection is mandatory. 12 U.S.C. 1828(c) (OCC, FDIC, and OTS), and 12 U.S.C. 321, 1828(c), and 4804 (Board). Except for select sensitive items, this information collection is not given confidential treatment. Small businesses, that is, small institutions, are affected.

Abstract: This submission covers a revision to the Agencies' merger application form for both affiliated and nonaffiliated institutions. The form's title is the Interagency Bank Merger Act Application. The Agencies need the information to ensure that the proposed transactions are permissible under law and regulation and are consistent with safe and sound banking practices. The Agencies are required, under the Bank Merger Act, to consider financial and managerial resources, future prospects, convenience and needs of the community, community reinvestment, and competition.

Some agencies collect limited supplemental information in certain cases. For example, the OCC and OTS collect information regarding CRA commitments, the Federal Reserve collects information on debt servicing from certain institutions, and the FDIC requires additional information on the

competitive impact of proposed mergers.

Current Actions: Section 307(c) of the Gramm-Leach-Bliley Act (GLBA) requires the appropriate Agency to consult with the appropriate state insurance regulator prior to making any determination relating to the initial affiliation of, or the continuing affiliation of, a depository institution with a company engaged in insurance activities. As a result, the Agencies propose to add an item to the form to collect information on the name of the affiliated insurance company; a description of its insurance activities; each state and the lines of business in each state in which the company holds, or will hold, an insurance license; and the state where the company holds a resident license or charter, as applicable. Additionally, the General Instructions contain technical corrections to make them uniform with the proposed revisions to the "Interagency Charter and Federal Deposit Insurance Application" form.

Further, the OCC is making a change to its Business Combinations booklet of the Manual by adding the interagency application form and providing updated information about filing for a merger. These changes are not material and are technical in nature. These changes are an administrative adjustment, and do not change, in any way, the requirements on national banks.

Comments: Comments submitted in response to this notice will be summarized in each Agency's request for OMB approval, and analyzed to determine the extent to which the collection should be modified. All comments will become a matter of public record.

Written comments are invited on:

a. Whether the information collection is necessary for the proper performance of the agencies' functions, including whether the information has practical utility;

b. The accuracy of the agencies' estimates of the burden of the information collection, including the validity of the methodology and assumptions used;

c. Ways to enhance the quality, utility, and clarity of the information to be collected;

d. Ways to minimize the burden of information collection on respondents, including through the use of automated collection techniques or other forms of information technology; and

e. Estimates of capital or start up costs and costs of operation, maintenance, and purchase of services to provide information.
