GENERAL SERVICES ADMINISTRATION

Federal Supply Service

Small Package Tender of Service

AGENCY: Federal Supply Service, GSA.

ACTION: Notice of issuance of the GSA Small Package Tender of Service for comment.

SUMMARY: The General Services Administration (GSA), in compliance with 41 U.S.C. 418b, is publishing the GSA Small Package Tender of Service (SPTOS) for comments. The SPTOS establishes a uniform basis for buying routine small package transportation. GSA's solicitation and acceptance of small package rates and charges provides highly competitive pricing, which in certain cases includes the solicitation and acceptance of rates specific to an individual agency that accommodate that agency's particular traffic characteristics. GSA's Federal customer agencies benefit from the SPTOS, which leverages the Government's buying power to provide agencies, standardized cost effective small package transportation services. All submitted comments will be considered prior to issuing the SPTOS. Publication in the **Federal Register** of the revised SPTOS will effectively cancel this issue.

DATES: Please submit your comments by May 31, 2002.

ADDRESSES: Mail comments to the General Services Administration, Travel and Transportation Management Division (FBL), Washington, DC 20406, Attn: Raymond Price.

FOR FURTHER INFORMATION CONTACT: Mr. Raymond Price, Transportation

Programs Branch by phone at 703-305-7536 or by e-mail at raymond.price@gsa.gov.

Section 1—General

Item 1-1 Scope of the Small Package Tender of Service (SPTOS)

A. The GSA Small Package Tender of Service (SPTOS) Consists of the Following Parts

- Part 1 The GSA General Small Package Tender of Service No. 10 (GSA SPTOS No. 10);
- Part 2 The GSA National Small Package Rules Tender No. 11 (GSA No. 11); and
- Part 3 The GSA Small Package Baseline Rate Publication No. 12 (GSA No. 12).

B. General

Hereinafter, GSA or the other Government agencies participating in the TOS will be referred to as a participating agency. This TOS provides terms and conditions for the transportation and all related services within CONUS for GSA or the other Government agencies participating in the TOS. This TOS is applicable to all tenders filed with the TOS participating agencies.

C. Description of Freight

The property to be moved under this SPTOS consists of a variety of commodities to be used by Government agencies or authorized contractors for the Government and will be generally described as freight-all-kinds (FAK) except Class 1.1, 1.2, and 1.3 explosives (these are new designations for previous Class A and B explosives), hazardous wastes, and radioactive articles requiring a hazardous material label, and items of extraordinary value. It is further required that all transportation service providers (TSPs) participating in the TOS possess the required insurance and authority to transport hazardous

materials other than those restricted herein.

D. TSP Liability

For small package shipments moved under this TOS, the TSP shall provide liability coverage of \$100 per package, or the amount offered commercially, whichever is greater, unless a higher liability coverage is declared on the transportation documentation at the time the shipment is tendered. If additional protection is desired, insurance may be purchased for amounts in excess of \$100. See GSA No. 11 Item 110 Additional Insured Value.

E. Freight Excluded

Excluded from the scope of this TOS are shipments that can be more advantageously or economically moved via truckload or less-truck-load carriers; parcel post; shipments of Class 1.1, 1.2, and 1.3 explosives (former Class A and Class B explosives); hazardous wastes; radioactive articles requiring a hazardous material label; uncrated used household goods; shipments that the Government may elect to move in Government vehicles; freight subject to specific agency programs or contracts, (e.g. Guaranteed Freight Programs or local drayage contracts.), and items of extraordinary value.

F. Hazardous Material Authority

Any Government agency shipping hazardous materials requires TSPs participating in this TOS to maintain a "satisfactory" safety rating from the Department of Transportation (DOT). If a TSP receives a "conditional" or "unsatisfactory" safety rating from DOT, the TSP will be placed in nonuse status until documentary evidence is furnished to the office placing the TSP in nonuse that such rating has been upgraded by DOT to "satisfactory".

Item 1-2 Participating Government Agencies

A. General

Participating agencies include GSA's Federal Supply Service and those agencies identified in the applicable Request for Offers (RFO) distributed by the Freight Program Management Office (6FBD-X), Kansas City, MO or another GSA Travel and Transportation Management Zone Office.

B. Rights of Participating Agencies

1. Participating agencies are entitled to issue their own RFOs referencing the terms and conditions of the GSA Small Package Tender of Service No. 10, the GSA National Small Package Rules Tender No. 11, and the GSA Small Package Baseline Rate Publication No.

12, supplements thereto and reissues thereof; and

2. Participating agencies are entitled to accept rate offers submitted by those TSPs approved in accordance with Item 2-2 which reference the terms and conditions of the GSA Small Package Tender of Service No. 10, the GSA National Small Package Rules Tender No. 11, and the GSA Small Package Baseline Rate Publication No. 12, supplements thereto and reissues thereof.

Item 1-3 Revising SPTOS Provisions and Method of Canceling Original or Revised Pages

This TOS will be revised by the Freight Program Management Office (6FBD-X), Kansas City, MO, through publication of the changes on GSA's WorldWide Web Page (<http://www.kc.gsa.gov/fsstf>), the issuance of page revisions (original or revised), or the reissuance of the document on an "as needed" basis.

A. TOS Page Revisions: Reserved.

B. Reissuing the SPTOS: Reserved.

Item 1-4 Unintentionally Accepted Tender Rule

Tenders that are unintentionally accepted and distributed for use, which are later found not to be in compliance with the TOS, are subject to immediate removal by the tender accepting agency. The TSP will be notified when tenders are removed under these circumstances and will be advised the basis for their removal. Even though a tender was unintentionally accepted, such tender may be used until it is canceled by the TSP.

Item 1-5 Lawful Performance, Operating Authority, and Insurance

All service shall be performed in accordance with applicable Federal, State, and local laws and regulations. TSPs shall possess the required carrier operating authority and maintain cargo as well as public liability insurance as required by Federal, State, and local regulatory agencies.

Item 1-6 Acceptance of the SPTOS

The acceptance of this TOS is a prerequisite for any small package TSP desiring to be considered for the transportation of Government property shipped by a participating agency.

The terms and conditions in this TOS are applicable to all interlining TSPs.

The conditions of the TOS are in addition to all service provisions of any applicable tender or tariff (including the GSA National Small Package Rules Tender No. 11 and the GSA Baseline Rate Publication No. 12) under which a

shipment may be routed, except where these conditions may be in conflict with applicable Federal, State, and local laws and regulations.

If a conflict exists between the provisions of the TOS and the provisions named in the GSA National Small Package Rules Tender No. 11, the provisions of this TOS will apply.

The acceptance of the GSA TOS by a TSP shall be accomplished as specified in Section 2 of this document.

Item 1-7 Basis for Determining Applicable Distance

Unless otherwise authorized, all tenders shall be predicated on ITEM 30 Mileage To Zone Conversion of the GSA No. 12, regardless of the distance actually traveled by the carrier.

Item 1-8 Application of the Terms and Conditions Set Forth for Use of a Bill of Lading (BL) for the Government

The terms and conditions governing acceptance and use of Bills of Lading (BLs) as cited in 41 CFR 102-118.135 and 140 apply to all shipments handled pursuant to this Small Package Tender of Service (SPTOS) as follows:

A. When using commercial forms, all shipments must be subject to the terms and conditions set forth for use of a bill of lading for the Government. Any other non-conflicting applicable contracts or agreements between the TSP and an agency involving buying transportation services for Government traffic remain binding.

B. The shipment must be made at the restricted or limited valuation specified in the tariff or classification or established under section 13712 of the Interstate Commerce Commission (ICC) Termination Act of 1995 (49 U.S.C. 13712), formerly section 10721 of the Interstate Commerce Act, or limited contract, arrangement or exemption at or under which the lowest rate is available, unless indicated on the transportation documentation. (This is commonly referred to as an alternation of rates);

C. Receipt for the shipment is subject to the consignee's annotation of loss, damage, or shrinkage on the delivering TSP's documents and the consignee's copy of the same documents. If loss or damage is discovered after delivery or receipt of the shipment, the consignee must promptly notify the nearest office of the last delivering TSP and extend to the TSP the privilege of examining the shipment;

D. The rules and conditions governing commercial shipments for the time period within which notice must be given to the TSP, or a claim must be filed, or suit must be instituted, shall

not apply if the shipment is lost, damaged or undergoes shrinkage in transit. Only with the written concurrence of the Government official responsible for making the shipment is the deletion of this item considered valid;

E. Interest shall accrue from the voucher payment date on the overcharges made and shall be paid at the same rate in effect on that date as published by the Secretary of the Treasury pursuant to the Debt Collection Act of 1982 (31 U.S.C. 3717).

Requests for non-electronic rate offers made by other participating agencies will be distributed per the discretion of the requesting participating agency.

Item 3-4 Non-Alternation Tender Acceptance Policy

A. Unless specifically requested, TOS participating agencies will not accept electronic or non-electronic rate offers from carriers which contain a non-alternating provision.

B. Where a shipment involves both a Non-DOD government agency participating in this TOS and a DOD agency, the applicable tender will be that of the transportation documentation issuing office.

When jointline rates are offered, the tender submitting TSP shall ensure that any interline TSP(s) transports the shipment at the original offered discounted rate or charge and provides all services as specified in the TOS.

Item 4-4 Attempted Delivery

(1) The TSP shall attempt to deliver a shipment three times.

(2) The TSP shall leave a notice of attempted delivery with each shipment.

Only special or accessorial services annotated on the transportation documentation by the consignor or provided for by an amendment to the transportation documentation are authorized and will be paid by the agency.

Each TSP that is subject to this TOS that picks up or transports a hazardous material shipment shall maintain emergency response information as specified in Title 49 of the Code of Federal Regulations (49 CFR) Section 172.602 in the same manner as prescribed for shipping papers. The TSP shall have in its possession a copy of the current Department of Transportation (DOT) Emergency Response Guidebook when picking up, transporting, or delivering a shipment of hazardous material. This information must be immediately accessible to a transport vehicle operator or crew in the event of an incident involving a hazardous material.

Item 4-9 Tracing Shipments

Requests by the Government to have a shipment traced shall be made through either the TSP's centralized tracing system, if such a system is available, or its origin terminal. Upon request, the TSP shall trace the shipment through its entire system (including any interlining TSPs), and provide the requester (or third party as directed) a reply through the same communication media as the request, or through the media directed in the request. When a TSP offers the Government direct access to their mechanized tracing system and the requester elects to use it, the TSP will, when required by the requester, trace the shipment through any interlining system, and provide a reply as above.

Section 5—Performance Requirements

Item 5-1 Transit Time

A. All agencies as identified in Item 1-2.A. and the General Services Administration (GSA) Distribution Centers, and direct deliveries from the National Industries For The Blind (NIB), and the National Industries For The Severely Handicapped (NISH).

B. Delivery Time:

Up to 150 mi. 1 day
151 to 500 mi. 2 days
501 to 1500 mi. 4 days
1501 to 2100 mi. 5 days
2101 mi. & over 6 days

C. Method of Measuring Transit Time. (1) Start of Transit Time.

Transit time begins the next business day after the shipment is signed for by the TSP and ends at the time the shipment is delivered (or made available for delivery) to the receiving activity (destination). In instances where a shipment is signed for by the TSP on a Saturday, Sunday, or holiday

the transit time will not begin until the NEXT BUSINESS DAY.

(2) Computation of Transit Time.

(i) Transit time for small package shipments is measured in business days, excluding Saturday, Sunday, and holidays as set forth in ITEM 30 Definition Of Terms, (2) Legal Holidays in the GSA National Small Package Rules Tender No. 11 herein.

(ii) Unless the agency or customer requests and authorizes delivery on Saturdays, Sundays, or holidays (as set forth in ITEM 30 Definition Of Terms, (2) Legal Holidays in the GSA National Small Package Rules Tender No. 11 herein), TSPs shall not be required to deliver shipments on these days. TSPs shall not be penalized if they refuse to voluntarily make Saturday, Sunday, or holiday delivery.

Item 5-2 Pickup

A. General

TSP pickup service shall include arriving on time for pickup.

B. Ordering Equipment

When ordering equipment or requesting a pickup date, TSPs will receive advance notice. Unless an abnormal amount or type of equipment is requested, TSPs will be notified in the afternoon prior to the day the equipment is needed. However, in some circumstances, TSPs may be required to perform same day pickup service. TSPs will not be penalized if they are unable to provide this "special" same day pickup service.

C. Method of Measurement

Pickup service will be measured using agency shipping facility dispatcher records indicating the requested time and date of pickup and TSP sign-in registers indicating TSP date and time of arrival. Unless a TSP requested and received, from the agency shipping facility ordering official, permission to delay the pickup date or time, measurement of efficient pickup service will be based only on the agency shipping facility dispatch records.

Item 5-3 Loss or Damage

A. General

Loss or damage claims attributable to the TSP's performance must be acknowledged and settled within 120 days.

B. Method of Measurement

In all instances, loss or damage claim settlements will be applied to the origin TSP performance of service using reports, records, and history files compiled by the agency. These reports,

records, and history files will include for each participating TSP, the number of shipments it handled as well as the number of claims settled against it.

C. Aggregation of Claims

A participating agency may aggregate claims to be filed against an individual TSP into a single filing. Such an aggregate filing will be construed as an individual filing of each claim and the participating agency will indicate on the aggregate filing the individual claimed amount, together with supporting documentation, for each included claim. The TSP against which an aggregate filing is made shall settle each claim as if it were filed independently. In order for a participating agency to take advantage of this Item 5-3.C., the participating agency must notify the TSP in writing of its intent to utilize the provisions of this Item 5-3.C.

Item 5-4 Unusual Incidents

Except for shipments originated with GSA, TSPs shall attempt to provide a report in writing to the transportation documentation issuing officer any event of major significance which produces substantial loss, damage, or delay to a shipment(s) such as theft or seizure of cargo, strikes, embargoes, fires, or other similar incidents, not later than the first working day after such incident.

For shipments originated by GSA, TSPs shall attempt to report the required information not later than the first working day after such incident to the consignor and the GSA National Customer Service Center (6FR) (NCSC), 1500 East Bannister Road, Kansas City, MO 64131-3088 (1-800-488-3111) (FAX 816-926-6952).

The initial written report shall include the following information and be followed up by a detailed written assessment of the loss or damage, and delays encountered and final disposition of the property:

- A. Type of incident;
- B. Location of incident;
- C. Description of any hazardous cargo;
- D. TSP's tracking number and Agency unique number;
- E. Shipping documentation office;
- F. Origin;
- G. Destination;
- H. Date shipment received by carrier;
- I. If applicable, required delivery date;
- J. Date and time of incident;
- K. Estimated amount of loss and extent of damage;
- L. Current status of shipment(s), including new estimated time of arrival (ETA); and
- M. Location of shipment(s), if applicable.

Item 5-5 All Others

This category includes the evaluation of all other services that TSPs may be requested to provide, such as the ability to provide accessorial and special services as required, documented customer complaint(s), adherence in observing Federal, State, local, and agency shipping facility regulations, and unwarranted refusal of shipments. (Selective acceptance of shipments is prohibited.)

Item 5-6 Other Elements

All other service elements requiring TSP response and action due to a deficiency in performance must be responded to by the TSP within 10 days of receipt of an agency notice of such a deficiency. The TSP response must include a plan to correct the deficiency. The elements of service described herein generally refer to specific operational factors affecting the timely, efficient and cost-effective movement of agency freight. There are, however, other elements which will be considered in determining the overall performance of a TSP and the ability and fitness of a TSP to provide service to agencies. These elements are of such importance that one violation will render subject TSP to possible placement in temporary nonuse status.

These elements include, but are not limited to:

- A. Willful violations of tenders or tariffs;
- B. Failure to pay just debts so as to subject Government shipments to possible frustration, unlawful seizure, or detention;
- C. Failure to maintain proper insurance coverage;
- D. Operating without legal authority; and
- E. Failure to have in its possession a current copy of the DOT Emergency Response Guidebook when picking up or transporting a shipment of hazardous material.

Item 5-7 Request for a Waiver of Requirements of the SPTOS or Application of the Terms and Conditions Set Forth for Use of a (BL) for the Government

A. When Granted and by Whom

The transportation documentation issuing officer, the agency shipping facility Traffic Manager or the agency servicing office representative, for an individual shipment, may waive one or more of the requirements in this TOS or of the BL in whole or in part because of the incompatibility of such requirements with the prevailing circumstances. An affected TSP may

submit the waiver request verbally to the transportation documentation issuing officer; however, the request must be confirmed in writing by the TSP to the transportation documentation issuing officer within one day of the initial request.

B. Confirmation of Waiver

If the transportation documentation issuing officer or designee determines that a waiver is justified, he/she will issue a waiver in writing, by amending the transportation documentation and distributing copies of the amendment, including a copy to the TSP, within 48 hours after receiving the TSP's request.

Item 5-8 Astray Package(s)

In the event that small packages are separated from the TSP's freight bill or transportation documentation, the following procedures will apply:

A. When the TSP is able to determine the consignee, either from the markings on the package or from the shipping documentation affixed to or contained within the package, the TSP will promptly deliver the package to the consignee.

B. When the consignee cannot be determined from the markings on the package or shipping documents, but the TSP is able to determine that the property belongs to a specific Government agency, then the TSP will contact the nearest installation of that agency for disposition instructions.

For GSA originated shipments, the TSP shall contact the GSA National Customer Service Center (6FR) (NCSC), 1500 East Bannister Road, Kansas City, MO 64131-3088 (1-800-488-3111) (FAX 816-926-6952) for disposition instructions.

C. When specific agency ownership cannot be determined for astray packages which are identifiable Government property, the TSP will contact the nearest Government installation for disposition instructions.

Section 6—Service Performance Standards

Item 6-1 TSP Performance Reviews

A. Documenting TSP Performance

TSP performance data will be obtained from a variety of sources,

including, but not limited to the following:

(1) Complaints (both written and oral) submitted by an agency transportation officer, transportation documentation issuing officer, agency official, agency shipping facility operating personnel, or consignee;

(2) Reports obtained or formulated from TSP pickup records, history files, finance payment records, and agency discrepancy computer runs; and

(3) Serious incident reports.

Item 6-2 TSP Evaluation

A. TSP performance of all shipments tendered shall be evaluated monthly using the service standards established in this ITEM herein. Four categories will be analyzed.

A TSP will be issued a warning letter and may be placed in a temporary nonuse status based on deficiencies in any individual category.

B. Service Standard Table:

| Ranking | Categories | | | |
|----------------------|-------------------|-------------|----------------------|-----------------|
| | 1 Transit time | 2 Pickup | 3 Loss and damage | 4 All others |
| Excellent | 100-98% | 100-99% | 100-99% | 100-99% |
| Very Good | 97-96% | 98-97% | 98-97% | 98-97% |
| Satisfactory | 95-94% | 96-94% | 96-95% | 96-95% |
| Unsatisfactory | Below 94% | Below 94% | Below 95% | Below 95% |

C. If transportation costs are equal, maximum use will be made of TSPs whose ranking for all categories are excellent.

D. 1. Introduction

This agreement prescribes the general procedures and policies to be followed when Electronic Commerce (EC) is used for transmitting and receiving requests for offers, rate tenders, or other business information in lieu of creating one or more paper documents normally associated with conducting business with the General Services Administration.

The General Services Administration (GSA or the agency) will transmit and receive using the File Transfer Protocol (FTP) of the Internet network (I-FTP) such transaction sets (documents) as it chooses and as established by the governing tender of service or the request for offers. These transaction sets will be transmitted to those firms, organizations, agencies, or other entities (trading partners) recognized by GSA that agree to accept such documents and to be bound by the terms and conditions contained in those documents, this agreement, and any applicable tender of service.

2. Purpose

This agreement is to ensure that all EC obligations are legally binding on all trading partners. Further, the use of any electronic equivalent of a standard business document referenced in Paragraphs 3 and 4 will be deemed an acceptable business practice and that no

trading partner will challenge the admissibility of the electronic information in evidence, except in circumstances in which an analogous paper document could be challenged.

3. Freight Reference

This agreement, in addition to the terms and conditions stated in Paragraph 6, is subject to the terms and conditions of the following documents:

- GSA Freight Traffic Management Program Standard Tender of Service
- Optional Form 280
- GSA Freight Traffic Management Program Request for Offers

4. Household Goods Reference

This agreement, in addition to the terms and conditions stated in Paragraph 6, is subject to the terms and conditions of the following documents:

- GSA Centralized Household Goods Traffic Management Program Tender of Service
- Optional Form 280
- GSA Centralized Household Goods Traffic Management Program Request for Offers

5. Small Package Reference

This agreement, in addition to the terms and conditions stated in Paragraph 6, is subject to the terms and conditions of the following documents:

- GSA Small Package Traffic Management Program Small Package Tender of Service
- Optional Form 280
- GSA Small Package Traffic Management Program Request for Offers

6. Terms and Conditions

(A) GSA will place electronic documents in a publicly accessible directory on GSA's FTP server (KCFTP.GSA.GOV/PUB) and when warranted in the directory of a confirmed trading partner (trading partner/<SCAC>), either directory hereinafter referred to as directory. It will receive documents from confirmed trading partners in each confirmed trading partner's directory via I-FTP. Receipt by the trading partner is considered to occur when the document is placed in either the public directory or the trading partner's directory, as the case may be.

(B) GSA will bear the costs of maintaining the GSA FTP server and the costs of placing documents issued by GSA in the appropriate directory on the GSA FTP server, and the costs of managing documents put on the GSA FTP server by its trading partners. The agency's trading partners are responsible for all costs associated with getting documents from or putting documents on the GSA FTP server.

(C) When the transmissions are submissions of rate tenders, the submitting firm must have first met all applicable approval requirements set out in the applicable, governing Tender of Service.

(D) GSA will be responsible for the accuracy of documents issued by it and placed in the GSA FTP server directory. GSA will not be responsible for errors occurring in documents put on the GSA FTP server, nor will GSA be responsible for errors occurring in documents gotten from the GSA FTP server.

(E) GSA will not be responsible for any damages incurred by a trading partner as a result of missing or delayed transmissions when the problem is not with or caused by GSA or the agency's FTP server.

(F) Any document placed in a directory maintained on the GSA FTP server is to be considered a valid and authentic document backed by the same guarantees of legitimacy as are found in a paper transaction. Likewise, any document from a trading partner put into a directory on the GSA FTP server will be considered a valid and authentic document backed by the same guarantees of legitimacy as are found in a paper transaction.

(G) In the event a TSP uses a broker, shipper agent/Intermodal Marketing Company, or filing service to file its rates with GSA, documents submitted on behalf of the TSP shall be accepted as though submitted by the TSP and in accordance with the terms and conditions of the trading partner agreement between the TSP and GSA. The use of a broker, shipper agent/Intermodal Marketing Company, or filing service does not relieve the TSP of any of its rights or obligations under the terms of this agreement, including the maintenance of a valid trading partner agreement with GSA.

7. Force Majeure

None of the parties in this agreement will be liable for failure to properly conduct EC in the event of war, accident, riot, fire, flood, epidemic, power outage, labor dispute, act of God, act of public enemy, malfunction or inappropriate design of hardware or software, or any other cause beyond such party's control. If standard business cannot be conducted by EC, GSA will, at its discretion, return to a paper based system.

8. Effective Date

The effective date of this agreement will be the latest of the date(s) shown on the signature page of this document.

9. Agreement Review

This agreement will be effective on a continuing basis, except as provided in Paragraph 10, below; provided, however, that GSA may from time to time make such changes to the agreement as are necessary, and the trading partner may request review of the agreement at any time.

10. Termination

(A) In the event that GSA terminates a firm's participation in the GSA Freight Traffic Management Program (including the Small Package Tender of Service) and/or the GSA Centralized Household Goods Traffic Management Program, this agreement shall be considered terminated as of the date notice is given to a firm of its participation termination.

(B) In the event that a firm terminates its participation in the GSA Freight Traffic Management Program (including the Small Package Tender of Service) and/or the GSA Centralized Household Goods Traffic Management Program, this agreement shall be considered terminated as of the date notice of such termination is received by the GSA.

(C) Except as provided above, this agreement may be terminated by either GSA or its trading partner, effective 30 days after receipt of written notice by either party. Termination will have no effect on transactions occurring prior to the effective date of termination.

11. Whole Agreement

This agreement and all addenda constitute the entire agreement between the parties. No changes in terms and conditions of this agreement shall be effective unless approved and signed by both parties. At the inception of this agreement, Addendum/Addenda (is) (are) not applicable. As the parties develop and implement additional EC capabilities, addenda may be incorporated into this agreement. Each addendum will be signed and dated by both parties. The latest date contained on the signature page will be the effective date of the addenda. The addendum will be appended to this agreement.

This General Services Administration (GSA) Baseline Rate Publication No. 12 (GSA No. 12) is designed to afford carriers a simple method of expressing and filing Freight-All-Kinds (FAK) rate

tender(s) for the civilian agencies of the U.S. Government. Its purpose is to provide the standardization necessary to achieve a fully automated system for rating and routing traffic, without requiring substantive changes in the manner in which rates for this traffic have traditionally been stated.

GSA Baseline Rates

The rates shown in this publication were adopted from United Parcel Service (UPS) Ground Commercial rate tables. This is not in any way to be construed as the setting of rates or charges by GSA. SECTION C.—TABLE OF BASELINE
RATES FOR HUNDREDWEIGHT
SERVICE.

ITEM 101.—TABLE OF BASELINE HUNDREDWEIGHT (CWT) RATES AND MINIMUM CHARGE.

| Zones | | | | | | | |
|--------|---------|---------|---------|---------|---------|---------|---------|
| Ground | Zone 2 | Zone 3 | Zone 4 | Zone 5 | Zone 6 | Zone 7 | Zone 8 |
| | \$17.30 | \$23.00 | \$28.70 | \$34.60 | \$40.50 | \$46.40 | \$52.30 |

Rates apply for shipments meeting these conditions:

Packages addressed to a single consignee at one location.

Total aggregate weight of 200 pounds or more for each shipment.

To calculate charges:

1. Divide the billing aggregate weight by 100 to determine the number of Hundredweight Units.

2. Refer to Zone Chart to determine the zone (Item 30 Mileage to Zone Conversion).

3. Locate the Rate Per Hundredweight for that zone on the chart above.

4. Multiply the number of Hundredweight Units by the Rate Per Hundredweight to calculate the shipping charge.

5. A minimum charge for a Hundredweight Shipment will be based on an average weight of 15 pounds per package or \$57.50 per shipment, whichever is greater. When a minimum applies, rates for single packages may be more economical.

Example: Three 75lb packages being shipped to Zone 3. The total weight of the three packages = 225. 225 divided by 100 = 2.25. 2.25 × Zone 3 rate of \$23.00 = \$51.75. This is less than the minimum charge of \$57.50, so the minimum charge applies.
