

glycoprotein, which create superagonist activity. Glycoprotein hormones comprise a family of hormones, which are structurally related heterodimers consisting of a species common α sub-unit and a distinct β sub-unit that confers the biological activity for each hormone. However, this invention is not limited to specific hormones, specific subjects such as humans as well as non-humans mammals, specific amino acids, specific clinical conditions, specific analogs, or specific methods.

The prospective exclusive license will be royalty-bearing and will comply with the terms and conditions of 35 U.S.C. 209 and 37 CFR 404.7. The prospective exclusive license may be granted unless, within 60 days from the date of this published Notice, NIH receives written evidence and argument that establishes that the grant of the license would not be consistent with the requirements of 35 U.S.C. 209 and 37 CFR 404.7.

Properly filed competing applications for a license filed in response to this notice will be treated as objections to the contemplated license. Comments and objections submitted in response to this notice will not be made available for public inspection, and, to the extent permitted by law, will not be released under the Freedom of Information Act, 5 U.S.C. 552.

Dated: April 3, 2002.

Jack Spiegel,

Director, Division of Technology Development and Transfer, Office of Technology Transfer.

BILLING CODE 4140-01-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Substance Abuse and Mental Health Services Administration

Agency Information Collection Activities: Submission for OMB Review; Comment Request

Periodically, the Substance Abuse and Mental Health Services Administration

(SAMHSA) will publish a list of information collection requests under OMB review, in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these documents, call the SAMHSA Reports Clearance Officer on (301) 443-7978.

Methamphetamine Abuse Treatment—Special Studies (MAT-SS)—New—The Methamphetamine Abuse Treatment—Special Studies (MAT-SS) project is a family of coordinated studies funded by SAMHSA's Center for Substance Abuse Treatment (CSAT) that will serve as a follow-up to the CSAT Methamphetamine Treatment Project (MTP). The MTP was conducted to compare the outcomes of the Matrix Model of methamphetamine treatment with Treatment-as-Usual in and across multiple treatment sites, and to assess the feasibility and outcomes generated by a technology transfer of the Matrix Model. Participants included 150 methamphetamine dependent clients recruited at each treatment site who were randomly assigned to one of the treatment conditions. Participants, diverse in demographic characteristics, and in individual and environmental circumstances, were evaluated at admission, weekly during treatment, at discharge, and at 6 and 12 months after treatment admission. Participating treatment sites include eight programs in seven geographical areas: Billings, Montana; Honolulu, Hawaii; and Concord, Costa Mesa, San Diego, Hayward, and San Mateo, California.

The family of studies included in the MAT-SS project will address diverse issues associated with the phenomena of methamphetamine dependence. The Multi-Year Methamphetamine Treatment Follow-up Study will assess the long-term outcome and functioning of individuals who previously participated in treatment for methamphetamine dependence. The study will utilize a 36-month post-intake, face-to-face, one-on-one structured interview. Multiple measures

typically utilized in substance abuse research with established psychometric properties will be employed to assess the longitudinal course of methamphetamine dependence and its consequences. Follow-up participants will also be interviewed to collect medical, neurological, and psychiatric data.

The Adherence to Manualized Treatment Protocols Over Time Study will assess issues associated with the adoption of the Matrix Model of treatment and/or Matrix treatment components after the formal MTP study period has ended, specifically addressing adherence to the manualized treatment protocol. Interviews of both staff and clients will utilize a semi-structured, face-to-face format.

Finally, The Cost Analysis of Outpatient Methamphetamine Treatment Study will evaluate the cost effectiveness of both the Matrix and Treatment-as-Usual treatment conditions in each treatment site. Two data collection methods will be utilized to collect information from both administrator interviews and review of administrative and financial records.

The conceptual underpinning of the MAT-SS project is a recognition by SAMHSA and leading experts in the field that escalating methamphetamine abuse nationwide necessitates a longitudinally focused investigation addressing the process, nature, and consequences of methamphetamine dependence. The overall goals of the MAT-SS project are to document the longitudinal process of addiction and recovery in methamphetamine-dependent individuals, ascertain the feasibility and success of implementing a manualized treatment protocol in community-based treatment settings, and evaluate the cost effectiveness of various treatments for methamphetamine dependence. The following table summarizes the burden for this project.

	Number of respondents	Responses per respondent	Hours per response	Total burden hours
Follow-up client interviews	1,016	1	3.0	3,048
Follow-up interviews/exams	(1,016)	1	2.0	2,032
Treatment adherence interviews—Clients	253	2	1.5	759
Treatment adherence interviews—Staff	64	2	1.5	192
Cost analysis interviews—Executive Directors	8	2	.5	8
Cost analysis interviews—Finance Director/CFO	8	2	1.0	16
Cost analysis interviews—Clinical Director	8	2	1.5	24
Total	1,357	6,079
3-year Annual Average	452	2,026

Written comments and recommendations concerning the proposed information collection should be sent within 30 days of this notice to: Lauren Wittenberg, Human Resources and Housing Branch, Office of Management and Budget, New Executive Office Building, Room 10235, Washington, DC 20503.

Dated: April 9, 2002.

Richard Kopanda,

Executive Officer, SAMHSA.

BILLING CODE 4162-20-P

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-4734-N-13]

Notice of Submission of Proposed Information Collection to OMB; Interstate Land Sales Registration and Consumer Notification

AGENCY: Office of the Chief Information Officer, HUD.

ACTION: Notice.

SUMMARY: The proposed information collection requirement described below has been submitted to the Office of Management and Budget (OMB) for review, as required by the Paperwork Reduction Act. The Department is soliciting public comments on the subject proposal.

DATES: *Comments Due Date:* May 15, 2002.

ADDRESSES: Interested persons are invited to submit comments regarding this proposal. Comments should refer to the proposal by name and/or OMB approval number (2502-0243) and should be sent to: Joseph F. Lackey, Jr., OMB Desk Officer, Office of Management and Budget, Room 10235, New Executive Office Building, Washington, DC 20503; Fax number 202-395-96974; E-mail *Joseph F. Lackey, Jr@OMB.EOP.GOV*.

FOR FURTHER INFORMATION CONTACT:

Wayne Eddins, Reports Management Officer, QDAM, Department of Housing and Urban Development, 451 Seventh Street, Southwest, Washington, DC 20410; e-mail *Wayne Eddins@HUD.gov*; telephone (202) 708-2374. This is not a toll-free number. Copies of the proposed forms and other available documents submitted to OMB may be obtained from Mr. Eddins.

SUPPLEMENTARY INFORMATION: The Department has submitted the proposal for the collection of information, as described below, to OMB for review, as required by the Paperwork Reduction Act (44 U.S.C. Chapter 35). The Notice lists the following information: (1) The title of the information collection proposal; (2) the office of the agency to collect the information; (3) the OMB approval number, if applicable; (4) the description of the need for the

information and its proposed use; (5) the agency form number, if applicable; (6) what members of the public will be affected by the proposal; (7) how frequently information submissions will be required; (8) an estimate of the total number of hours needed to prepare the information submission including number of respondents, frequency of response, and hours of response; (9) whether the proposal is new, an extension, reinstatement, or revision of an information collection requirement; and (10) the name and telephone number of an agency official familiar with the proposal and the OMB Desk Officer for the Department.

This Notice also lists the following information:

Title of Proposal: FHA Fee Inspector Panel Application Packages.

OMB Approval Number: 2502-0243.

Form Numbers: None.

Description of the Need for the Information and its Proposed Use: The Interstate Land Sales Full Disclosure Act, 15 U.S.C. 1701, et seq., requires developers to register subdivisions of 100 or more non-exempt lots with HUD. The development must give each prospective purchaser a property report, meeting HUD's requirements, before the purchaser signs a sales contract or agreement for sale or lease.

Respondents: Business or other for-profit entities.

Frequency of Submission: On Occasion and Annually.

	Number of respondents	Annual responses	×	Hours per response	=	Burden hours
Reporting Burden:	5,720	136,435	0.14		19,579

Total Estimated Burden Hours: 19,579.

Status: Extension of a currently approved collection.

Authority: Sections 3507 of the Paperwork Reduction Act of 1995, 44 U.S.C. 35, as amended.

Dated: April 5, 2002.

Wayne Eddins,

Departmental Reports Management Officer, Office of the Chief Information Officer.

BILLING CODE 4210-72-M

DEPARTMENT OF THE INTERIOR

Geological Survey

Request for Public Comments on Information Collection To Be Submitted to the Office of Management and Budget for Review Under the Paperwork Reduction Act

A request extending the collection of information listed below will be submitted to the Office of Management and Budget for approval under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35). Copies of the proposed collection of information and related forms may be obtained by contacting the USGS Clearance Officer at the phone number listed below. Comments and suggestions on the requirement should be made within 60 days directly to the USGS Clearance Officer, U.S. Geological Survey, 807

National Center, Reston, VA 20192. As required by OMB regulations at CFR 1320.8(d)(1), the U.S. Geological Survey solicits specific public comments regarding the proposed information collection as to:

1. Whether the collection of information is necessary for the proper performance of the functions of the USGS, including whether the information will have practical utility;
2. The accuracy of the USGS estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;
3. The utility, quality, and clarity of the information to be collected; and,
4. How to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated electronic, mechanical, or other forms of information technology.

Title: Nonferrous Metals Surveys.
