Technical Amendments

AGENCY: Minerals Management Service (MMS), Interior.

ACTION: Final rule.

SUMMARY: The MMS is updating its regulations to reflect changes in our organization name, system names, handbook titles, addresses, and regulatory cites as well as correcting miscellaneous clerical errors. We are also removing certain parts of the CFR relating to laws that have been repealed. These technical amendments will make MMS regulations more accurate and useful.

EFFECTIVE DATE: This rule is effective April 18, 2002.

FOR FURTHER INFORMATION CONTACT: Carol P. Shelby, Regulatory Specialist, Minerals Management Service, Minerals

Revenue Management, P.O. Box 25165, MS 320B2, Denver, Colorado 80225–0165; telephone (303) 231–3151; FAX (303) 231–3385; e-mail *Carol.Shelby@mms.gov*.

SUPPLEMENTARY INFORMATION: This final rule contains technical amendments that will make MMS regulations more accurate and useful. The Department of the Interior finds good cause to issue this rule without notice and opportunity for public comment. Public comment is unnecessary because this rule contains technical amendments that relate to (1) agency administration and, thus, do not affect the regulated community or (2) regulations rendered null and void by subsequent legislation over which MMS has no control. For the same reasons, a 30-day period is not required between publication of the final rule and its effective date under 5 U.S.C. 553(d). All of the amendments in this rule are covered in the following seven categories:

Organization Name

In October 2000, the MMS Royalty Management Program was reorganized and renamed Minerals Revenue Management. To reflect this change, we have removed all references to the Royalty Management Program wherever it occurs in our regulations. The change in organization name necessarily affected the title of our Associate Director which we also corrected in this rule.

System Names

In October 2001, we implemented our reengineered financial and compliance computer system. To reflect this change, we have removed all references to our former computer systems—the Auditing and Financial System (AFS) and the Production Accounting and Auditing System (PAAS)—wherever they occur in our regulations.

Handbook Titles

In October 2001, we began using revised handbooks to reflect our reengineered reporting requirements. Thus, we revised references to previous handbook titles such as the Oil and Gas Payor Handbook, the PAAS Onshore Oil and Gas Reporter Handbook, and the PAAS Reporter Handbook—Lease, Facility/Measurement Point, and Gas Plant Operators wherever they occur in our regulations. We also replaced specific titles with the more generic terms, revenue reporter handbook and production reporter handbook, in order to minimize future regulatory revisions.

Addresses

On February 11, 2002, the Office of Hearings and Appeals moved their office location to a new street address in Arlington, Virginia. In part 241, we corrected the street address to read 801 North Quincy Street wherever necessary.

Regulatory Cites

Over a number of years, various sections, and paragraphs within sections, have been renumbered and often re-titled as our regulations were amended. Because regulatory amendments occur quite frequently, we have changed our cross-references to refer readers, in most cases, to specific parts rather than the sections or paragraphs within the parts. We believe this practice will minimize the need for future regulatory changes. For example, rather than refer the reader to 30 CFR 210.53, which may not exist after a pending revision becomes effective, we have generalized the cross-reference to read “part 210 of this chapter.”

Miscellaneous Corrections

We are also taking this opportunity to make miscellaneous corrections such as the name of a subsequently amended law and certain spelling errors.

Regulations Repealed by Law

We removed part 230 because it pertains to refunds under Section 10 of the Outer Continental Shelf Lands Act (43 U.S.C. 1339). Section 10 was repealed by the Federal Oil and Gas Royalty Simplification and Fairness Act of 1996 (30 U.S.C 1732 note) effective August 13, 1996. Procedures for requesting Section 10 refunds before and after repeal are contained in chapter 6 of our revenue reporter handbook.
