

Carolina, LLC (Cogentrix) under FPC's Open Access Transmission Tariff, Second Revised Volume No. 6. The Interconnection Agreement has previously been filed under CP&L's Open Access Transmission Tariff, Third Revised Volume No. 3 on March 1, 2002 in Docket No. ER02-1212-000 (March 1st Filing).

Progress Energy respectfully requests that the Interconnection Agreement become effective February 4, 2002, as originally requested in the March 1st Filing. Copies of the filing were served upon the North Carolina Utilities Commission, the Florida Public Service Commission and Cogentrix.

Comment Date: May 3, 2002.

17. Nevada Power Company

[Docket No. ER02-1570-000]

Take notice that on April 16, 2002, Nevada Power Company tendered for filing two Letter Agreements between Nevada Power Company and the following generators: (1) GenWest, LLC; and (2) Moapa Energy Center, LLC. The Letter Agreements are submitted as Service Agreement Nos. 114 and 115, respectively, to Nevada Power's Open Access Transmission Tariff. Nevada Power Company requests that the Letter Agreements be made effective as of the execution date of each agreement.

Comment Date: May 7, 2002.

18. Bayou Cove Peaking Power, LLC, Big Cajun I Peaking Power LLC, and NRG Rockford II LLC

[Docket No. ES02-29-000]

Take notice that on April 17, 2002, Bayou Cove Peaking Power, LLC, Big Cajun I Peaking Power LLC, and NRG Rockford II LLC submitted an application pursuant to section 204 of the Federal Power Act seeking authorization to incur long-term indebtedness under an intercompany loan and to guarantee the bonds, in an aggregate amount of up to \$330 million.

Comment Date: May 8, 2002.

Standard Paragraph

E. Any person desiring to intervene or to protest this filing should file with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. All such motions or protests should be filed on or before the comment date, and, to the

extent applicable, must be served on the applicant and on any other person designated on the official service list. This filing is available for review at the Commission or may be viewed on the Commission's web site at <http://www.ferc.gov> using the "RIMS" link, select "Docket #" and follow the instructions (call 202-208-2222 for assistance). Protests and interventions may be filed electronically via the Internet in lieu of paper; see 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link.

Magalie R. Salas,

Secretary.

Environmental Impact Statements and Regulations; Availability of EPA Comments

Availability of EPA comments prepared pursuant to the Environmental Review Process (ERP), under section 309 of the Clean Air Act and section 102(2)(c) of the National Environmental Policy Act as amended. Requests for copies of EPA comments can be directed to the Office of Federal Activities at (202) 564-7167. An explanation of the ratings assigned to draft environmental impact statements (EISs) was published in FR dated April 12, 2002 (67 FR 11992).

Draft EISs

ERP No. D-FHW-D40316-WV Rating EC2, US-340 Transportation Corridor Improvement Study, Implementation, Proposal to Improve US 340 from the four-lane Section of the Charles-Town Bypass, Jefferson County, WV.

Summary: EPA has environmental concerns with the considerable amount of floodplain impacts along Bullsken Run, and the analysis of cumulative impacts. Additional information has been requested to show that floodplain impacts are indeed minimal, and that design features could be incorporated to minimize those impacts. EPA suggested that the cumulative impact analysis be done from a resource perspective, not a development perspective.

ERP No. D-FHW-E50293-00 Rating EO2, Louisville-Southern Indiana Ohio River Bridges Projects, To Improve Cross-River Mobility between Jefferson County, KY and Clark County, ID, Coast Guard Bridge and US Army COE

Section 10 and 404 Permits Issuance, Jefferson County, KY and Clark County, IN.

Summary: Environmental issues exist regarding wetlands, streams, cultural/community impacts, traffic noise, and habitat. EPA requested additional information and clarification regarding these impacts and avoidance/mitigation measures.

ERP No. D-FHW-F40400-MN Rating EO2, Trunk Highway (TH) 169 Improvement Project, Improvements to TH-169 from TH-27 north of the City of Onamia to the Intersection of TH-18 and TH-6 northwest of the City of Garrison, Crow Wing and Mille Lacs Counties, MN.

Summary: EPA has identified issues with and requested information regarding the effectiveness of the alternatives; potential impacts to aquatic resources and compliance with the Section 404(b)(1) Guidelines; water quality, and pedestrian impacts.

ERP No. D-FHW-F59003-IL Rating EC2, Lake County Transportation Improvement Project, To Identify a System of Strategic Roadway, Rail, and Bus Improvements, Transportation Management Strategies, Lake County, IL.

Summary: EPA has environmental concerns with respect to aquatic resources/Clean Water Act Section 404(b)(1) Guidelines compliance, wetland functional assessment methodology, water quality, indirect land use effects, and about how either alternative may impact resources, since either build alternative will adversely impact a significant amount of wetlands, many of which are of high quality. However, we believe that appropriate avoidance and minimization measures have been taken at this stage in the analysis. EPA recommends that the FEIS provide specific information about what analysis and determinations are planned for Tier 1 versus Tier 2 NEPA documentation.

ERP No. D-IBR-K39072-00 Rating EC2, Implementation Agreement (IA), Inadvertent Overrun and Payback Policy (IOP), and Related Federal Actions, Implementation, Quantification Settlement Agreement (QSA), Lower Colorado River, in the States of AZ, CA and NV.

Summary: EPA expressed environmental concern with potential impacts to water and air quality, biological resources, Indian tribes, and potential cumulative impacts on water quality and the increased probability of more frequent and higher magnitude water shortages for other users of Lower Colorado River water, and with the related implementation of the

Quantification Settlement Agreement and Imperial Irrigation District/San Diego County Water Authority Water Transfer and significant information gaps in the environmental documentation.

ERP No. D-NOA-A91067-00 Rating EC2, Deep-sea Red Crab (*Chaceon quinque-dens*) Fisheries, Fishery Management Plan, Development and Implementation, Norfolk Canyon in the south to the Haque Line in the north, Continental United States and Exclusive Economic Zone (EEZ).

Summary: EPA requested additional information on minimum size, holding bottom traps, and unauthorized sales.

ERP No. DS-GSA-K80037-CA Rating LO, San Diego-United States Courthouse Annex Project, Site Selection and Construction, New Information concerning Addition of the Union Street with Hotel San Diego Facade and Lobby Alternative, Central Business District (CBD), City of San Diego, San Diego County, CA.

Summary: EPA expressed a lack of objections with the DSEIS, but recommended that GSA's Final EIS address the applicability of Executive Orders on energy and water conservation, using environmentally preferable materials for facility construction, waste prevention, recycling, and other feasible pollution prevention measures; as well as the Council on Environmental Quality's handbook on analyzing cumulative effects under NEPA.

Dated: April 23, 2002.

B. Katherine Biggs,

Associate Director, NEPA Compliance Division, Office of Federal Activities.
