OFFICE OF PERSONNEL MANAGEMENT

Federal Prevailing Rate Advisory Committee; Open Committee Meetings

According to the provisions of section 10 of the Federal Advisory Committee Act (Pub. L. 92-463), notice is hereby given that the meeting of the Federal Prevailing Rate Advisory Committee scheduled for Thursday, May 9, 2002, has been cancelled and is rescheduled to meet on Thursday, May 2, 2002.

The meeting will start at 10:00 a.m. and will be held in Room 5A06A, Office of Personnel Management Building, 1900 E Street, NW., Washington, DC.

The Federal Prevailing Rate Advisory Committee is composed of a Chair, five representatives from labor unions holding exclusive bargaining rights for Federal blue-collar employees, and five representatives from Federal agencies. Entitlement to membership on the Committee is provided for in 5 U.S.C. 5347.

The Committee's primary responsibility is to review the Prevailing Rate System and other matters pertinent to establishing prevailing rates under subchapter IV, chapter 53, 5 U.S.C., as amended, and from time to time advise the Office of Personnel Management.

This scheduled meeting will start in open session with both labor and management representatives attending. During the meeting either the labor members or the management members may caucus separately with the Chair to devise strategy and formulate positions. Premature disclosure of the matters discussed in these caucuses would unacceptably impair the ability of the Committee to reach a consensus on the matters being considered and would disrupt substantially the disposition of its business. Therefore, these caucuses will be closed to the public because of a determination made by the Director of the Office of Personnel Management under the provisions of section 10(d) of the Federal Advisory Committee Act (Pub. L. 92-463) and 5 U.S.C.

552b(c)(9)(B). These caucuses may, depending on the issues involved, constitute a substantial portion of a meeting.

Annually, the Chair compiles a report of pay issues discussed and concluded recommendations. These reports are available to the public, upon written request to the Committee's Secretary.

The public is invited to submit material in writing to the Chair on Federal Wage System pay matters felt to be deserving of the Committee's attention. Additional information on this meeting may be obtained by contacting the Committee's Secretary, Office of Personnel Management, Federal Prevailing Rate Advisory Committee, Room 5538, 1900 E Street, NW., Washington, DC 20415 (202) 606-1500.

Dated: April 25, 2002.

Mary M. Rose,

Chairperson, Federal Prevailing Rate Advisory Committee.

POSTAL SERVICE

Postage Evidencing Product Submission Procedures

AGENCY: Postal Service.

ACTION: Notice of proposed procedure.

SUMMARY: The Postal Service is proposing to revise the product submission procedures for postage meters and other postage evidencing systems. The proposed procedures were originally published as interim procedures in the **Federal Register** on January 7, 1997 [Vol. 62, No. 4, pages 1001-1004], and were revised and published as draft procedures on September 2, 1998 [Vol. 63, No. 170, pages 46728-46732]. The draft procedures were again revised and published in the **Federal Register** on August 17, 1999 [Vol. 64, No. 158, pages 44760-44766], with submission of comments due by October 18, 1999. After receipt and consideration of comments, the procedures were amended and published in the **Federal Register** on April 14, 2000 [Vol. 65, No. 73, pages 20211-20218], with a request for submission of additional comments by May 15, 2000.

The proposed procedures include extensive changes. We based the changes made since the April 2000 publication on public comments and the experience we have gained in approving postage evidencing systems. We are reissuing the proposed procedures in revised form for public comment

because we consider the changes from the previous version to be extensive. We will revise the proposed procedures, if required, and publish them as a final rule after we review the comments. Since all comments will be made available for public inspection, any marked "proprietary" or "confidential" will be returned to the sender without consideration.

DATES: The Postal Service must receive comments on or before May 31, 2002. No extensions on the comment period will be granted.

ADDRESSES: Mail or deliver written comments to Manager, Postage Technology Management, United States Postal Service, 1735 N Lynn Street, Room 5011, Arlington, VA 22209-6050. You can view and copy all written comments at the same address between 9 a.m. and 4 p.m., Monday through Friday.

FOR FURTHER INFORMATION CONTACT: Wayne Wilkerson, manager, Postage Technology Management, by fax at 703-292-4050.

SUPPLEMENTARY INFORMATION: With the expansion of postage application methods and technologies, it is essential that the product submission procedures for all postage evidencing products be clearly stated and defined, while remaining flexible enough to accommodate evolving technologies. The Postal Service evaluation process can be effective and efficient if all suppliers follow these procedures. In this way, secure and convenient technology will be made available to the mailing public with minimal delay and with the complete assurance that all Postal Service technical, quality, and security requirements have been met. These procedures apply to all proposed postage evidencing products and systems, whether the provider is new or is currently authorized by the Postal Service.

Title 39, Code of Federal Regulations (CFR) section 501.9, Security Testing, states, "The Postal Service reserves the right to require or conduct additional examination and testing at any time, without cause, of any meter submitted to the Postal Service for approval or approved by the Postal Service for manufacture and distribution." For products meeting the performance criteria for postage evidencing systems that generate an information-based indicia (IBI), including PC Postage® products, the equivalent section is 39 CFR section 502.10, Security Testing, published as a proposed rule in the **Federal Register** on October 2, 2000. When the Postal Service elects to retest a previously approved product, the
