Form Number(s): None.
OMB Approval Number: None.
Type of Request: Regular submission.
Burden Hours: 5,000.
Number of Respondents: 1,000.
Average Hours Per Response: 5.

Needs and Uses: Executive Order 13158 directs the Department of Commerce and the Department of the Interior to work with partners to inventory the protection of U.S. ocean and coastal resources by developing a national system of marine protected areas. The Departments of Commerce and the Interior plan to work closely with state, territorial, local, and tribal governments, as well as other stakeholders, to identify and inventory the nation's existing marine protected and managed areas. Toward this end, the National Oceanic and Atmospheric Administration (NOAA) and the Department of the Interior (DOI) have created a dataform to be used as a survey tool to collect and analyze information on these existing sites. This survey will allow NOAA and DOI to

better understand and evaluate the existing protections for marine resources within marine protected and managed areas in the United States.

Foreign-Trade Zones Board

[Docket 4-2002]

Foreign-Trade Zone 7—Mayaguez, Puerto Rico; Application for Subzone, Schering-Plough Products, L.L.C., (Pharmaceutical Products), Las Piedras, Puerto Rico

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Puerto Rico Industrial Development Corporation, grantee of FTZ 7, requesting special-purpose subzone status for the pharmaceutical manufacturing plant of Schering-Plough Products, L.L.C. in Las Piedras, Puerto Rico. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on January 10, 2002.

Schering-Plough's Las Piedras plant (3 bldgs./401,814 sq. ft. (including 84,814 square feet proposed) on 40 acres) is located at State Road No. 183, Km 2.6, Las Piedras, Puerto Rico. The facility (500 employees) produces finished pharmaceutical products and their

intermediates, including Theo-Dur®, K-Dur®, Uni-Dur®, Normodayne/Labetalol®, Eulexin®, Claritin®, and Rebetal®, Foreign-sourced materials will account for some 40–50 percent of finished product value, and include items from the following general categories: chemically pure sugars, empty capsules for pharmaceutical use, protein concentrates, natural magnesium phosphates and carbonates, gypsum, anhydrite and plasters, petroleum jelly, paraffin and waxes, sulfuric acid, other inorganic acids or compounds of nonmetals, ammonia, zinc oxide, titanium oxides, fluorides, chlorates, sulfates, salts of oxometallic acids, radioactive chemical elements, compounds of rare earth metals, acyclic hydrocarbons, derivatives of phenols or peroxides, acetals and hemiacetals, phosphoric esters and their salts, diazo-compounds, glands for therapeutic uses, wadding, gauze and bandages, pharmaceutical glaze, hair preparations, lubricating preparations, albumins, prepared glues and adhesives, catalytic preparations, diagnostic or laboratory reagents, prepared binders, acrylic polymers, self-adhesive plates and sheets, other articles of vulcanized rubber, plastic cases, cartons, boxes, printed books, brochures and similar printed matter, carboys, bottles, and flasks, stoppers, caps, and lids, aluminum foil, tin plates and sheets, taps, cocks and valves, and medical instruments and appliances.

Zone procedures would exempt Schering-Plough from Customs duty payments on foreign materials used in production for export. Some 30–35 percent of the plant's shipments are exported. On domestic sales, the company would be able to choose the duty rates that apply to the finished products and intermediates (primarily duty-free) rather than the duty rates that would otherwise apply to the foreign-sourced materials noted above (duty-free to 20.0 percent). At the outset, zone savings would primarily involve choosing the finished product duty rate on a cholesterol absorption inhibitor, (HTSUS 3004.90.9060–duty-free), rather than the rate for a foreign-sourced active ingredient (bulk ezetimibe, HTSUS 2933.79.0800–7.9%). The application indicates that the savings from zone procedures will help improve the plant's international competitiveness.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the

Board's Executive Secretary at one of the following addresses:

1. *Submissions Via Express/Package Delivery Services:* Foreign-Trade-Zones Board, U.S. Department of Commerce, Franklin Court Building—Suite 4100W, 1099 14th St. NW, Washington, DC 20005; or

2. *Submissions Via the U.S. Postal Service:* Foreign-Trade-Zones Board, U.S. Department of Commerce, FCB—Suite 4100W, 1401 Constitution Ave. NW., Washington, DC 20230.

The closing period for their receipt is March 18, 2002. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to April 2, 2002).

A copy of the application and accompanying exhibits will be available for public inspection at the Office of the Foreign-Trade Zones Board's Executive Secretary at address Number 1 listed above, and at the U.S. Department of Commerce Export Assistance Center, 525 F.D. Roosevelt Ave., Suite 905, San Juan, PR 00918.

Dated: January 10, 2002.

Dennis Puccinelli,

Executive Secretary.

Extension of Time Limits for Preliminary Results of Antidumping Duty Administrative Reviews

The Department has received requests to conduct administrative reviews of the antidumping duty orders on antifriction bearings (other than tapered roller bearings) and parts thereof from France, Germany, Italy, Japan, and the United Kingdom. On June 19, 2001, the Department initiated these administrative reviews covering the period May 1, 2000, through April 30, 2001. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews and Requests for Revocations in Part*, 66 FR 32934, June 19, 2001.

Because of the complexity of certain issues in each review and the large number of respondents in each review, it is not practicable to complete these reviews within the time limits mandated by section 751(a)(3)(A) of the Act. Therefore, in accordance with that section, the Department is extending the time limit for the preliminary results of these administrative reviews until April 1, 2002.
