

information is to ensure that schools and libraries that are eligible to receive discounted Internet access, Internet services, and internal connections have in place certain Internet safety policies. The schools and libraries will certify using FCC Form 486. Respondents who received a Funding Commitment Decision Letter indicating services eligible for universal service discounts must file FCC Form 486 in order to start the payment process. FCC Form 486 informs the Administrator when the Billed Entity and/or the eligible entities that it represents is receiving, is scheduled to receive, or has received service in the relevant Funding Year from the named service providers. The FCC Form 486 is filed: to authorize the payment of invoices from the service provider; to indicate approval of technology plans; and to indicate the state of compliance with CIPA. The information is to ensure that services are actually being provided and that a billing relationship exists between the service provider and the applicant. Failure to file a Form 486 means that no payments may be made to a service provider (or for an applicant reimbursement, which is passed through the service provider) on the particular Funding Request Number. In addition, all members of a consortium must submit signed certifications to the Billed Entity (using a FCC Form 479, Certification by Administrative Authority to Billed Entity of Compliance with Children's Internet Protection Act) of each consortium, in language consistent with that on the FCC Form 486. Only some applicants will avail themselves of the FCC Form 500. It is available for applicants who wish to keep their information current or who wish to return funds to the Universal Service Fund. The forms and instructions may be obtained at the SLD web site, <http://www.sl.universalservice.org/>, or by contacting the SLD Client Service Bureau at 888-203-8100. Obligation to respond: Mandatory.
