

for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the burden estimates; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

DATES: Submit comments on or before July 8, 2002.

FOR FURTHER INFORMATION CONTACT:

Beverly Johnson, Bureau for Management, Office of Administrative Services, Information and Records Division, U.S. Agency for International Development, Room 2.07-106, RRB, Washington, DC 20523, (202) 712-1365 or via e-mail bjohnson@usaid.gov.

SUPPLEMENTARY INFORMATION:

OMB No.: OMB 0412-.

Form No.: N/A.

Title: Certification Agreement.

Type of Review: New.

Purpose: The United States Agency for International Development (USAID) needs to require applicants for assistance to certify that it does not and will not engage in financial transactions with, and does not and will not provide material support and resources to individuals or organizations that engage in terrorism. The purpose of this requirement is to assure that USAID does not directly provide support to such organizations or individuals, and to assure that recipients are aware of these requirements when it considers individuals or organizations are subrecipients.

Annual Reporting Burden:

Respondents: 1,100.

Total Annual Responses: 5,500.

Total Annual Hours Requested: 3,700 hours.

Dated: April 28, 2002.

Joanne Paskar,

Chief, Information and Records Division, Office of Administrative Services, Bureau for Management.

AGENCY FOR INTERNATIONAL DEVELOPMENT

Notice of Public Information Collection Requirements Submitted to OMB for Review

SUMMARY: U.S. Agency for International Development (USAID) has submitted the following information collections to OMB for review and clearance under the

Paperwork Reduction Act of 1995, Public Law 104-13. Comments regarding this information collection are best assured of having their full effect if received within 30 days of this notification. Comments should be addressed to: Desk Officer for USAID, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), Washington, DC 20503. Copies of submission may be obtained by calling (202) 712-1365.

SUPPLEMENTARY INFORMATION:

OMB Number: OMB 0412-0506.

Form Number: AID 1420-50

Title: Vendor Data Base (formerly known as USAID Consultant Registry Information System (ACRIS)) Instruction Books for the Organization Profile.

Type of Submission: Renew

Purpose: USAID procuring activities are required to establish bidders mailing lists to assure access to sources and to obtain meaningful competition (41 CFR section 1-2.205). In compliance with this requirement, USAID's Office of Small and Disadvantaged Business Utilization/Minority Resource Center has responsibility for developing and maintaining a Contractor's Index of bidders/offers capable of furnishing services for use by the USAID procuring activities. (AIDAR 719.271-2(b)(4)).

Annual Reporting Burden:

Respondents: 1,000.

Total Annual Responses: 1,000.

Total Annual Hours Requested: 1,000 hours.

Dated: April 22, 2002.

Joanne Paskar,

Chief, Information and Records Division, Office of Administrative Services, Bureau for Management.

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

[Docket No. TB-02-06]

Burley Tobacco Advisory Committee; Open Meeting

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Notice of advisory committee meeting.

SUMMARY: In accordance with the Federal Advisory Committee Act (5 U.S.C. App.) announcement is made of a forthcoming meeting of the Burley Tobacco Advisory Committee.

DATES: May 23, 2002, 9 a.m.

ADDRESSES: The meeting will be held at the Campbell House Inn, South Colonial

Hall, 1375 Harrodsburg Road, Lexington, Kentucky 40504.

FOR FURTHER INFORMATION CONTACT: John P. Duncan III, Deputy Administrator, Tobacco Programs, AMS, USDA, STOP 0280, 1400 Independence Avenue, SW, Washington, DC 20250-0280, telephone number (202) 205-0567 or fax (202) 205-0235.

SUPPLEMENTARY INFORMATION: The purpose of the meeting is to discuss the implementation of mandatory grading, establish alternate grading schedules, and discuss other related issues for the 2002-2003 burley tobacco marketing season.

The meeting is open to the public. Persons, other than members, who wish to address the Committee at the meeting should contact John P. Duncan III, Deputy Administrator, Tobacco Programs, AMS, USDA, STOP 0280, 1400 Independence Avenue, SW., Washington, DC 20250-0280, prior to the meeting. Written statements may be submitted to the Committee before, at or after the meeting. If you need any accommodations to participate in the meeting, please contact the Tobacco Programs at (202) 205-0567 by May 17, 2002, and inform us of your needs.

Dated: May 2, 2002.

Barry L. Carpenter,

Acting Administrator, Agricultural Marketing Service.

BILLING CODE 3410-02-P

DEPARTMENT OF AGRICULTURE

Forest Service

Leon, Liberty, Wakulla, Franklin, Columbia, Baker, Lake, Putnam and Marion Counties, FL

AGENCY: Forest Service, USDA.

ACTION: Notice of Intent to prepare a draft environmental impact statement.

SUMMARY: The USDA Forest Service intends to prepare a draft environmental impact statement for designating a system of roads and trails within portions of the Apalachicola, Osceola, and Ocala National Forests in Florida.

DATES: A draft environmental impact statement is expected to be completed in August 2002. The final environmental impact statement is scheduled to be completed in November 2002.

ADDRESSES: You may request to be placed on the project mailing list and submit comments by contacting: Marsha Kearney, Forest Supervisor, USDA Forest Service, 325 John Knox Rd., Tallahassee, Florida, 32303.

FOR FURTHER INFORMATION CONTACT:

Andy Colaninno, District Ranger, Apalachicola Ranger District, PO Box 579, Bristol, Florida 32321; Jerri Marr, District Ranger, Lake George Ranger District, 17147 Highway 40, Silver Springs, Florida 34488; Jim Thorsen, District Ranger, Seminole Ranger District, 40929 State Road 19, Umatilla, Florida 32784; Will Metz, District Ranger, Osceola Ranger District, PO Box 70, Olustee, Florida 32072.

SUPPLEMENTARY INFORMATION: Prior to 1999, vehicles could travel off roads (cross-country) on the National Forests in Florida except in areas specifically posted closed. The policy of allowing cross-country access contributed to a proliferation of travelways in portions of the Forests. As a result of this situation, vehicle access was addressed in the revision of Land and Resource Management Plan for the National Forests in Florida (Forest Plan).

Upon approval in 1999, the Forest Plan changed access for motorized vehicles in two ways: "cross-country" travel on land with no existing roads or trails is prohibited anywhere in the forests; and restricted areas were established where travel will be limited to designated roads and trails. The Forest Plan provided that a system of roads and trails would be designated in the restricted areas in cooperation with the public and user groups.

In January 2000 a series of public meetings was held near each National Forest in Florida. At these meetings, attendees selected a variety of stakeholder representatives to provide information on access preferences and needs. The group developed a proposed system for consideration by the Forest Service along with a set of guiding principles and designation criteria. The Forest Service began an environmental assessment of the proposed action in 2001. During the assessment, it became evident that an accurate inventory of roads, trails, and travelways was needed in the restricted areas. An inventory using the global positioning system (GPS) began in August 2001 and was completed in April 2002. It also became evident that the proposed action may have a significant effect on the human environment leading to preparation of an environmental impact statement.

The scoping process, as outlined by the Council on Environmental Quality (CEQ), will be utilized to involve Federal, State, and local agencies and other interested persons and organizations. Interested persons and organizations wishing to participate in the scoping process should contact the Forest Service at the above mentioned

address. Environmental considerations include potential presence of historical or archeological resources, aesthetics, recreation demand, wetlands, endangered and threatened species, and fish and wildlife habitats and values. The comment period on the draft environmental impact statement will be 45 days from the date the Environmental Protection Agency publishes the Notice of Availability in the **Federal Register**.

The Forest Service believes, at this early stage, it is important to give reviewers notice of several court rulings related to public participation in the environmental review process. First, reviewers of draft environmental impact statements must structure their participation in the environmental review of the proposal so that it is meaningful and alerts an agency to the reviewer's position and contentions. *Vermont Yankee Nuclear Power Corp. v. NRDC*, 435 U.S. 519, 553 (1978). Also, environmental objections that could be raised at the draft environmental impact statement stage but that are not raised until after completion of the final environmental impact statement may be waived or dismissed by the courts. *City of Angoon v. Hodel*, 803 F.2d 1016, 1022 (9th Cir. 1986) and *Wisconsin Heritages, Inc. v. Harris*, 490 F. Supp. 1334, 1338 (E.D. Wis. 1980). Because of these court rulings, it is very important that those interested in this proposed action participate by the close of the comment period so that substantive comments and objections are made available to the Forest Service at a time when it can meaningfully consider them and respond to them in the final environmental impact statement.

To assist the Forest Service in identifying and considering issues and concerns on the proposed action, comments on the draft environmental impact statement should be as specific as possible. It is also helpful if comments refer to specific pages or chapters of the draft statement. Comments may also address the adequacy of the draft environmental impact statement or the merits of the alternatives formulated and discussed in the statement. Reviewers may wish to refer to the CEQ for implementing the procedural provisions of the National Environmental Policy Act at 40 CFR 1503.3 in addressing these points.

Dated: May 2, 2002.

Marsha Kearney,

Forest Supervisor, National Forests in Florida.

BILLING CODE 3410-11-M

DEPARTMENT OF AGRICULTURE**Forest Service****Wildland Urban Interface Project; Caribou-Targhee National Forest, Fremont County, ID**

AGENCY: Forest Service, USDA.

ACTION: Notice of intent to prepare an environmental impact statement.

SUMMARY: The U.S. Department of Agriculture, Forest Service is beginning to prepare an environmental impact statement (EIS) to document the analysis and disclose the environmental impacts of the Wildland Urban Interface Project in Island Park, ID. Within the project area, different treatment methods would be used to reduce the fire hazard depending upon the forest and fuel conditions. In the young and regenerated noncommercial lodgepole pine stands, trees would be thinned. Fuel reductions in larger diameter stands would be in the form of shaded fuel breaks. The shaded fuel breaks would be located in tactically important areas to provide firefighters an anchor from which to safely fight fire. Proposed fuel breaks would be up to 500 feet wide. These fuel breaks would be created along the interface between National Forest Service land and private property.

DATES: Comments concerning the scope of the analysis should be received within 30 days of the date of publication of this notice in the **Federal Register**. The draft environmental impact statement is expected November of 2002 and the final environmental impact statement is expected February 2003.

ADDRESSES: Send written comments to the Ashton/Island Park Ranger District, Attn: Jim Cox/Becky Nedrow, Island Park Ranger Station, 3726 Highway 20, Island Park, ID.

FOR FURTHER INFORMATION CONTACT: Further information and questions concerning this proposed action and EIS contact Jim Cox at (208) 558-7301 or Becky Nedrow at (208) 652-7442. Jim can also be reached at jcox@fs.fed.us. Becky can be reached at bnedrow@fs.fed.us

SUPPLEMENTARY INFORMATION: The Douglas-fir and lodgepole pine forest types are included in the project area as are some sagebrush/grasslands. The Douglas-fir forest type occurs throughout the Centennial and Henrys Lake Mountains. Within the Douglas-fir type, mature forest makes up 79 percent of the forested areas. Because of the large component of mature Douglas-fir,
