

Sand Mountain Wilderness Study Area. The temporary restrictions have been in place since 1992 for motor vehicle use, and since 1999 for uses at Egin Lakes Access and Red Road Recreation sites.

DATES: Comments on the direct final rule must be received or postmarked by June 7, 2002 to be assured consideration. If the BLM does not receive any substantive comments in opposition (i.e., comments showing that the regulatory revisions will adversely impact an individual or entity, the environment, or the public interest), the proposed revisions will become a final rule at the end of the designated comment period on June 7, 2002 without further notice. If we receive any adverse comments, BLM will review the comments, make any appropriate changes and republish the revisions as a proposed rule.

ADDRESSES: Bureau of Land Management, Idaho Falls Field Office, 1405 Hollipark Drive, Idaho Falls, Idaho 83401. Telephone (208) 524-7500.

SUPPLEMENTARY INFORMATION: A direct final rule means the rule will be a final rule at the end of the published comment period, unless we receive substantive comment during the comment period indicating that the direct final rule will adversely affect an individual or entity, the environment, or the public interest (5 U.S.C. 553). If we receive any substantive adverse comments, this rule will not become final. BLM will respond to all such comments in a further rulemaking and make a decision regarding the contentious parts of the rule at a later time. Otherwise, this rule will become effective without further notice on June 7, 2002. These rules have been in place for several years, with ample opportunity for the public to raise concerns to BLM about them.

The Sand Mountain Wilderness Study Area (WSA) includes 21,000 acres of public land that is part of the larger St. Anthony Sand Dunes Special Recreation Management Area (SRMA) in Fremont and Jefferson Counties, ID. BLM established various restrictions within the WSA and SRMA by publishing several **Federal Register** notices, as listed below. The temporary restrictions were extended in July 2001 (66 FR 35661). They include the following notices:

- Notice of restricted motor vehicle use (57 FR 36405)
- Notice of Recreation Use Restrictions and Regulations for Egin Lakes Access and Red Road Recreation Sites Adjacent and Within the Sand Mountain Wilderness Study Area, Idaho (64 FR 27804)
