

DEPARTMENT OF ENERGY**[Docket No. EA-264]****Application to Export Electric Energy; ENMAX Energy Marketing Inc.****AGENCY:** Office of Fossil Energy, DOE.**ACTION:** Notice of application.

SUMMARY: ENMAX Energy Marketing Inc. (ENMAX) has applied for authority to transmit electric energy from the United States to Canada pursuant to section 202(e) of the Federal Power Act.

DATES: Comments, protests or requests to intervene must be submitted on or before May 29, 2002.

ADDRESS: Comments, protests or requests to intervene should be addressed as follows: Office of Coal & Power Import/Export (FE-27), Office of Fossil Energy, U.S. Department of Energy, 1000 Independence Avenue, SW, Washington, DC 20585-0350 (FAX 202-287-5736).

FOR FURTHER INFORMATION CONTACT: Steven Mintz (Program Office) 202-586-9506 or Michael Skinker (Program Attorney) 202-586-2793.

SUPPLEMENTARY INFORMATION: Exports of electricity from the United States to a foreign country are regulated and require authorization under section 202(e) of the Federal Power Act (FPA) (16 U.S.C. 824a(e)).

On April 19, 2002, the Office of Fossil Energy (FE) of the Department of Energy (DOE) received an application from ENMAX to transmit electric energy from the United States to Canada. ENMAX is an Alberta corporation having its principal place of business at Calgary, Alberta, Canada. ENMAX is a power marketer and is a wholly-owned subsidiary of ENMAX Energy Corporation, which in turn is a wholly-owned subsidiary of ENMAX Corporation. ENMAX currently participates in the wholesale trading of energy within Canada. ENMAX does not own or control any electric power generation or transmission facilities and does not have a franchised service area. Further, ENMAX requests that consideration of the application be expedited so that it may participate in the Alberta market that has recently experienced some supply uncertainty and price volatility.

ENMAX proposes to arrange for the delivery of electric energy to Canada over the existing international transmission facilities owned by Basin Electric Power Cooperative, Bonneville Power Administration, Citizen Utilities, Eastern Maine Electric Cooperative, International Transmission Company, Joint Owners of the Highgate Project,

Long Sault, Inc., Maine Electric Power Company, Maine Public Service Company, Minnesota Power Inc., Minnkota Power Cooperative, New York Power Authority, Niagara Mohawk Power Corporation, Northern States Power, and Vermont Electric Transmission Company. The construction, operation, maintenance, and connection of each of the international transmission facilities to be utilized by ENMAX, as more fully described in the application, has previously been authorized by a Presidential permit issued pursuant to Executive Order 10485, as amended.

ENMAX has requested expedited processing of its application so that electric power exports requested herein may help mitigate some supply uncertainties and price volatilities occurring in the Alberta market. Accordingly, DOE has set a 15-day comment period for this proceeding.

Procedural Matters: Any person desiring to become a party to this proceeding or to be heard by filing comments or protests to this application should file a petition to intervene, comment or protest at the address provided above in accordance with §§ 385.211 or 385.214 of the FERC's Rules of Practice and Procedures (18 CFR 385.211, 385.214). Fifteen copies of each petition and protest should be filed with DOE on or before the date listed above.

Comments on the ENMAX application to export electric energy to Canada should be clearly marked with Docket EA-264. Additional copies are to be filed directly with Darin L. Lowther, Manager, Regulatory Affairs, ENMAX Energy Marketing Inc., 2808 Spiller Road, SE., Calgary, Alberta, Canada, T2G 4H3, AND Jerry L. Pfeffer, Energy Industry Advisor, Skadden, Arps, Slate, Meagher & Flom, LLP, 1440 New York Avenue, NW., Washington, DC 20005-2111.

A final decision will be made on this application after the environmental impacts have been evaluated pursuant to the National Environmental Policy Act of 1969, and a determination is made by the DOE that the proposed action will not adversely impact on the reliability of the U.S. electric power supply system.

Copies of this application will be made available, upon request, for public inspection and copying at the address provided above or by accessing the Fossil Energy Home Page at <http://www.fe.de.gov>. Upon reaching the Fossil Energy Home Page, select "Electricity Regulation," and then "Pending Procedures" from the options menus.

Issued in Washington, DC, on May 8, 2002.

Anthony J. Como,

Deputy Director, Electric Power Regulation, Office of Coal & Power Import/Export, Office of Coal & Power Systems, Office of Fossil Energy.

BILLING CODE 6450-01-P

DEPARTMENT OF ENERGY**[Docket No. EA-265]****Application to Export Electric Energy; Ontario Energy Trading International Corp.****AGENCY:** Office of Fossil Energy, DOE.**ACTION:** Notice of application.

SUMMARY: Ontario Energy Trading International Corp. (Ontario Energy) has applied for authority to transmit electric energy from the United States to Canada pursuant to section 202(e) of the Federal Power Act.

DATES: Comments, protests or requests to intervene must be submitted on or before May 29, 2002.

ADDRESSES: Comments, protests or requests to intervene should be addressed as follows: Office of Coal & Power Import/Export (FE-27), Office of Fossil Energy, U.S. Department of Energy, 1000 Independence Avenue, SW, Washington, DC 20585-0350 (FAX 202-287-5736).

FOR FURTHER INFORMATION CONTACT: Xavier Puslowski (Program Office) 202-586-4708 or Michael Skinker (Program Attorney) 202-586-2793.

SUPPLEMENTARY INFORMATION: Exports of electricity from the United States to a foreign country are regulated and require authorization under section 202(e) of the Federal Power Act (FPA) (16 U.S.C. 824a(e)).

On April 26, 2002, the Office of Fossil Energy (FE) of the Department of Energy (DOE) received an application from Ontario Energy to transmit electric energy from the United States to Canada. Ontario Energy is a Delaware corporation having its principal place of business at Toronto, Ontario, Canada. Ontario Energy is in the business of marketing electricity in the United States and Canada and periodically exports electricity to which it has title into Canada for sales to Canadian utilities, power marketers and end-use customers. Ontario Energy has no franchised service territory in the United States.

Ontario Energy is an indirect, wholly-owned subsidiary of Ontario Power Generation Inc., (OPG) a Canadian corporation headquartered in Toronto,

Ontario, Canada. Ontario Energy's direct parent is Ontario Energy Trading, Inc., a Delaware corporation, which in turn is owned by Ontario Power Generation Energy Trading, Inc., an Ontario corporation. OPG, through various subsidiary corporations, owns and operates power plants and related generation assets. OPG does not own transmission or distribution assets. OPG's generation assets previously were owned by Ontario Hydro, the former government-owned utility providing generation, transmission and certain distribution services in Ontario.

Ontario Energy proposes to arrange for the delivery of electric energy to Canada over the existing international transmission facilities owned by Basin Electric Power Cooperative, Bonneville Power Administration, Citizen Utilities, Eastern Maine Electric Cooperative, International Transmission Company, Joint Owners of the Highgate Project, Long Sault, Inc., Maine Electric Power Company, Maine Public Service Company, Minnesota Power Inc., Minnkota Power Cooperative, New York Power Authority, Niagara Mohawk Power Corporation, Northern States Power, and Vermont Electric Transmission Company. The construction, operation, maintenance, and connection of each of the international transmission facilities to be utilized by Engage America, as more fully described in the application, has previously been authorized by a Presidential permit issued pursuant to Executive Order 10485, as amended.

The applicant anticipates that the electric power market in the Province of Ontario will be opened to competition on May 1, 2002. Ontario Energy has requested expedited processing of its application so that it may participate in this competitive market during the summer peak period. Accordingly, DOE has set a 15-day comment period for this proceeding.

Procedural Matters: Any person desiring to become a party to this proceeding or to be heard by filing comments or protests to this application should file a petition to intervene, comment or protest at the address provided above in accordance with §§ 385.211 or 385.214 of the FERC's Rules of Practice and Procedures (18 CFR 385.211, 385.214). Fifteen copies of each petition and protest should be filed with DOE on or before the date listed above.

Comments on the Ontario Energy application to export electric energy to Canada should be clearly marked with Docket EA-265. Additional copies are to be filed directly with Joel Singer, Vice President, Regulatory Affairs, Ontario

Power Generation Inc., 700 University Avenue, Toronto, Ontario M5G 1X6 Canada AND Jerry Pfeiffer, Energy Industries Advisor, Victor A. Contract, Skadden, Arps, Slate, Meagher & Flom LLP, 1440 New York Avenue, N.W., Washington, DC 20005-2111.

A final decision will be made on this application after the environmental impacts have been evaluated pursuant to the National Environmental Policy Act of 1969, and a determination is made by the DOE that the proposed action will not adversely impact on the reliability of the U.S. electric power supply system.

Copies of this application will be made available, upon request, for public inspection and copying at the address provided above or by accessing the Fossil Energy Home Page at <http://www.fe.de.gov>. Upon reaching the Fossil Energy Home page, select "Electricity Regulation," and then "Pending Procedures" from the options menus.

Issued in Washington, DC, on May 8, 2002.

Anthony J. Como,

Deputy Director, Electric Power Regulation, Office of Coal & Power Import/Export, Office of Coal & Power Systems, Office of Fossil Energy.

Standards for Business Practices of Interstate Natural Gas Pipelines; et al.; Notice of Compliance Filing

May 8, 2002.

Chandeleur Pipe Line Company
Clear Creek Storage Company, L.L.C.
Discovery Gas Transmission LLC
Overthrust Pipeline Company
Paiute Pipeline Company
Questa Pipeline Company
TransColorado Gas Transmission Company

Take notice that the above-referenced pipelines made filings in compliance with Docket No. RM96-1-019, Order No. 587-N.¹ These revised tariff sheets to be effective July 1, 2002, implements Commission regulation 284.12(c)(1)(ii)(B) that requires that pipelines permit releasing shippers, as a

¹ Standards For Business Practices Of Interstate Natural Gas Pipelines, Order No. 587-N, 67 FR 11906 (March 18, 2002), FERC Stats. & Regs. Regulations Preambles ¶ 31,125 (March 11, 2002).

condition of a capacity release, to recall released capacity and renominate such recalled capacity at each nomination opportunity. The filings implement the first phase of compliance with Order No. 587-N by implementing recalls of scheduled capacity for the Timely and Evening Nomination Cycles and for recalls of unscheduled capacity at any of the four nomination cycles.

Any person desiring to become a party in a proceeding must file a separate motion to intervene or protest in each docket.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection. This filing may also be viewed on the Web at <http://www.ferc.gov> using the "RIMS" link, select "Docket#" and follow the instructions (call 202-208-2222 for assistance). Comments, protests and interventions may be filed electronically via the Internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link.

Magalie R. Salas,
Secretary.
