DEPARTMENT OF HEALTH AND HUMAN SERVICES

National Institutes of Health

Submission for OMB Review; Comment Request; Evaluation of the NCI State of the Science Web Site

SUMMARY: Under the provisions of section 3507(a)(1)(D) of the Paperwork

Reduction Act of 1995, the National Cancer Institute (NCI), the National Institutes of Health (NIH) has submitted to the Office of Management and Budget (OMB) a request to review and approve the information collection listed below. This proposed information collection was previously published in the **Federal Register** on June 12, 2001 pages 31678 and 31679, Volume 66, No. 113 and allowed 60 days for public comment. No public comments were received. The purpose of this notice is to allow an additional 30 days for public comment. The National Institutes of Health may not conduct or sponsor, and the respondent is not required to respond to, an information collection that has been extended, revised, or implemented on or after October 1, 1995, unless it displays a currently valid OMB control number.

Proposed Collection

Title: Web-Survey of the State of the Science Web Site.

Type of Information Collection Request: New.

Need and Use of Information Collection: The NCI seeks to evaluate its State-of-the-Science (SOTS) meetings project that offers audio-visual presentations of SOTS meetings via the Internet. The SOTS disseminates, with expediency and immediacy, the most recent oncology research results to a potentially vast audience of researchers. The proposed data collection will provide feedback to NCI on the value of the Web site to those who NCI deem as the Web site's target population (*i.e.*, clinical oncology researchers unable to attend SOTS meetings in person because of cost or time limitations). The first tier

of respondents will consist of researchers who have attended any one of the three most recent State of the Science meetings. The tier-one survey participants will be asked to provide the names, emails, and any other contact information for five colleagues who are clinical research oncologists. The oncologists will be asked only once to provide the names and contact information for colleagues. The second tier of respondents will consist of the clinical oncology researchers nominated by the first tier respondents. It is the second tier respondents who will be asked to go to the Web site and complete the Web survey. They are asked to do this only once. Other tier two respondents will be oncology fellows whose current and full contact information is available in a national register of oncology fellows. Reports generated by the study will allow NCI to determine the success of the SOTS Web site (in terms of clarity of content, ease of navigation, and usefulness and information), and indirectly, the potential wider use and applications of Internet-based programs to improve the overall cancer clinical trials systems at NCI.

Frequency of Response: One time.

Affected Public: Individuals, researchers.

Type of respondents	Estimated number of respondents	Estimated number of responses per respondent	Average burden hours per response	Estimated total annual burden hours requested
Tier One Clinical Oncology Researchers	220	1	0.0835	18.37
Tier Two Clinical Oncology Researchers	400	1	0.75	300
Total				318.37

There are no Capital Costs, Operating Costs and/or Maintenance Costs to report.

Request for Comments

Written comments and/or suggestions from the public and affected agencies should address one or more of the following points: (1) Whether the proposed collection of information is necessary for the proper performance of the function of the agency, including whether the information will have

practical utility; (2) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological

collection techniques or other forms of information technology.

Direct Comments to OMB

Written comments and/or suggestions regarding the item(s) contained in this notice, especially regarding the estimated public burden and associated response time, should be directed to the Office of Management and Budget, Office of Regulatory Affairs, New Executive Office Building, Room 10235, Washington, DC 20503, Attention: Desk

Neal A. McCaleb,

Assistant Secretary—Indian Affairs.

The Augustine Band of Cahuilla Mission Indians Liquor Control Ordinance, Resolution No. 01.03-A, reads as follows:

Title VIII—The Licensing and Regulation of Liquor

Chapter I—Declaration of Public Policy and Purpose

Section 1. The introduction, possession, and sale of liquor on the lands of the Augustine Band of Cahuilla Mission Indians of the Augustine Indian Reservation is a matter of special concern to the tribal government of the Augustine Band.

Section 2. Federal law (18 U.S.C. §§ 1154, 1161) currently prohibits the introduction of liquor into Indian Country except as provided therein and in accordance with State law as interpreted by the Supreme Court in *Rice v. Rehner*, 463 U.S. 713 (1983), and expressly delegates to each tribe the decision regarding when and to what extent the introduction, possession and sale of liquor shall be permitted.

Section 3. It is in the best interest of the Band to enact a tribal code governing the introduction, possession and sale of liquor on the Augustine Indian Reservation, and which also provides for exclusive purchase, distribution, and sale of liquor on tribal lands within the exterior boundaries of the Reservation. Further, the Band has determined that said purchase,

distribution and sale shall take place only at tribally-owned enterprises and/or at tribally-licensed establishments operating on land leased from or otherwise owned by the Band as a whole.

Section 4. The Tribal Council further finds that violations of this Title would damage the Band in an amount of five hundred dollars (\$500) per violation because of the costs of enforcement, investigation, adjudication and disposition of such violations, and that to defray the costs of enforcing this Title the Band will impose a tax on the sale of liquor on the reservation. Based upon the foregoing findings and determinations, the Tribal Council hereby ordains as follows.

Chapter II—Definitions

As used in this title, the following words shall have the following meanings unless the context clearly requires otherwise.

Section 3. Bar. Any establishment with special space and accommodations for sale by the glass and for consumption on the premises, of liquor, as herein defined.

Section 4. Beer. Any beverage obtained by the alcoholic fermentation of an infusion or decoction of pure hops, or pure extract of hops and pure barley malt or other wholesome grain or cereal in pure water containing not more than 4 percent of alcohol by volume. For the purpose of this title, any such beverage, including ale, stout, and porter, containing more than 4 percent of alcohol by weight shall be referred to as "strong beer."

Section 5. Tribal Council. The governing body of the Augustine Band of Cahuilla Mission Indians.

Section 6. Liquor.
