Based on this evidence, I determine that with respect to workers of Connolly North America, El Paso, Texas, such workers do not qualify as secondarily affected pursuant to the Statement of Administrative Action accompanying the North American Free Trade Agreement Implementation Act.

In accordance with Section 250(A), Subchapter D, Chapter 2, Title II of the Trade Act of 1974 (19 U.S.C. 2273), the Department of Labor issued a Certification Regarding Eligibility to Apply for NAFTA Transitional Adjustment Assistance on September 24, 2001, applicable to workers of PlasticSource, Inc., including workers of Kelly Staff Leasing, El Paso, Texas. The notice was published in the **Federal Register** on October 11, 2001 (66 FR 51974).

At the request of the State agency, the Department reviewed the certification for workers of the subject firm. Information provided by the State shows that leased employees of Kelly Services, Inc. were also employed at PlasticSource, Inc. to produce headlamp parts and vacuum cleaner parts at the El Paso, Texas location of the subject firm.

Worker separations occurred at Kelly Services, Inc. as a result of worker separations at PlasticSource, Inc. El Paso, Texas.

Based on these findings, the Department is amending the certification to include workers of Kelly Service, Inc. employed at PlasticSource, Inc., El Paso, Texas.

The intent of the Department's certification is to include all workers of PlasticSource, Inc., El Paso, Texas adversely affected by declines in sales, production and employment and increased customer imports of headlamp parts and vacuum cleaner parts from Mexico.

The amended notice applicable to NAFTA-5148 is hereby issued as follows:

All workers of PlasticSource, Inc., El Paso, Texas, including workers of Kelly Staff

Leasing and Kelly Services, Inc. producing headlamp parts and vacuum cleaner parts at PlasticSource, Inc., El Paso, Texas who became totally or partially separated from employment on or after July 26, 2000, through September 24, 2003, are eligible to apply for NAFTA-TAA under Section 250 of the Trade Act of 1974.

Wage and Hour Division; Minimum Wages for Federal and Federally Assisted Construction; General Wage Determination Decisions

General wage determination decisions of the Secretary of Labor are issued in accordance with applicable law and are based on the information obtained by the Department of Labor from its study

of local wage conditions and data made available from other sources. They specify the basic hourly wage rates and fringe benefits which are determined to be prevailing for the described classes of laborers and mechanics employed on construction projects of a similar character and in the localities specified therein.

The determinations in these decisions of prevailing rates and fringe benefits have been made in accordance with 29 CFR part 1, by authority of the Secretary of Labor pursuant to the provisions of the Davis-Bacon Act of March 3, 1931, as amended (46 Stat. 1494, as amended, 40 U.S.C. 276a) and of other Federal statutes referred to in 29 CFR part 1, Appendix, as well as such additional statutes as may from time to time be enacted containing provisions for the payment of wages determined to be prevailing by the Secretary of Labor in accordance with the Davis-Bacon Act. The Prevailing rates and fringe benefits determined in these decisions shall, in accordance with the provisions of the foregoing statutes, constitute the minimum wages payable on Federal and federally assisted construction projects to laborers and mechanics of the specified classes engaged on contract work of the character and in the localities described therein.

Good cause is hereby found for not utilizing notice and public comment procedure thereon prior to the issuance of these determinations as prescribed in 5 U.S.C. 553 and not providing for delay in the effective date as prescribed in that section, because the necessity to issue current construction industry wage determinations frequently and in large volume causes procedures to be impractical and contrary to the public interest.

General wage determination decisions, and modifications and supersedes decisions thereto, contain no expiration dates and are effective from their date of notice in the **Federal Register**, or on the date written notice is received by the agency, whichever is earlier. These decisions are to be used in accordance with the provisions of 29 CFR parts 1 and 5. Accordingly, the applicable decision, together with any modifications issued, must be made a part of every contract for performance of the described work within the geographic area indicated as required by an applicable Federal prevailing wage law and 29 CFR part 5. The wage rates and fringe benefits, notice of which is published herein, and which are contained in the Government Printing Office (GPO) document entitled "General Wage Determinations Issued Under the Davis-Bacon And Related

Acts," shall be the minimum paid by contractors and subcontractors to laborers and mechanics.

Any person, organization, or governmental agency having an interest in the rates determined as prevailing is encouraged to submit wage rate and fringe benefit information for consideration by the Department.

Further information and self-explanatory forms for the purpose of submitting this data may be obtained by writing to the U.S. Department of Labor, Employment Standards Administration, Wage and Hour Division, Division of Wage Determinations, 200 Constitution Avenue, NW., Room S-3014, Washington, DC 20210.
