

information with respect to, and facilitating transactions in securities; to remove impediments to and perfect the mechanism of a free and open market and a national market system; and, in general, to protect investors and the public interest; and is not designed to permit unfair discrimination between customers, issuers, brokers or dealers for the reasons set forth below.

Specifically, the Exchange believes that the proposed elimination of the security requirement for certain member organizations under Exchange Rule 23(i)(i) should enhance the attractiveness of ETPs to those organizations. The language proposed to be added to Exchange Rule 23(i) in proposed subsection (iv) would provide, with respect to such member organizations, that the proceeds of any transfer of a membership by a member organization may be applied by the Exchange to satisfy any claims of the Exchange, SCCP or other member firms of the Exchange as described in Exchange By-Law 15-3 against the member organization's ETP holders. In view of the availability of membership proceeds, the Exchange believes that it is fair and appropriate not to require such member organizations to provide the same security under Exchange Rule 23(i) as required by ETP organizations without a membership subject to Exchange By-Law 15-3.

In addition, the Exchange believes that the proposed amendment to Exchange Rule 50 to enable the Exchange to terminate an ETP 14 days following suspension, and thus allowing it to reissue the ETP to another applicant who may use it to trade would enhance liquidity on the Exchange. By permitting the Exchange to terminate ETPs 14 days following suspension, the Exchange believes that this amendment should enable it to offer more competitive markets than would be possible if ETPs were permitted to remain in a state of suspension, without trading activity, for a lengthier period of time.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any inappropriate burden on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing of Commission Action

The foregoing rule change, as amended, has become effective pursuant to Section 19(b)(3)(A) of the Act⁹ and subparagraph (f)(6) of Rule 19b-4¹⁰ thereunder because it does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate; and the Exchange has given the Commission written notice of its intention to file the proposed rule change at least five business days prior to filing. At any time within 60 days of the filing of such proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.¹¹ Lastly, the Commission notes that the Exchange has requested that the Commission waive the 30-day operative date.¹²

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change, as amended, is consistent with the Act. Persons making written submissions should file six copies thereof with the Secretary, Securities and Exchange Commission, 450 Fifth Street, NW, Washington, DC 20549-0609. Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying at the Commission's Public Reference Room. Copies of such filing will also be

available for inspection and copying at the principal office of the Exchange. All submissions should refer to File No. SR-Phlx-2002-13 and should be submitted by June 27, 2002.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹³
