respondents, will be available for public review at the Palm Springs-South Coast Field Office located at 690 W. Garnet Avenue, North Palm Springs, California, during regular business hours 8 a.m. to 4:30 p.m., Monday through Friday, except holidays.

SUPPLEMENTARY INFORMATION: The Santa Rosa and San Jacinto Mountains National Monument was established by act of Congress and signed into law on October 24, 2000. The National Monument was established in order to preserve the nationally significant biological, cultural, recreational, geological, educational and scientific values found in the Santa Rosa and San Jacinto Mountains. This legislation established the first monument to be jointly managed by the Bureau of Land Management (BLM) and the U.S. Forest Service (USFS). The Santa Rosa and San Jacinto Mountains National Monument Act of 2000 affects only Federal lands and Federal interests located within the established boundaries.

The 272,000 acre Monument encompasses 86,400 acres of Bureau of Land Management lands, 64,400 acres of Forest Service lands, 23,000 acres of Agua Caliente Band of Cahuilla Indians lands, 8,500 acres of California Department of Parks and Recreation lands, 35,800 acres of other State of California agencies lands, and 53,900 acres of private land. The BLM and the Forest Service will jointly manage Federal lands in the National Monument in coordination with the Agua Caliente Band of Cahuilla Indians, other federal agencies, state agencies and local governments.

Dated: June 11, 2002.

Danella George,

Designated Federal Official, National Monument Manager.

Laurie Rosenthal,

District Ranger, San Jacinto Ranger District, San Bernardino National Forest.

Colorado: Filing of Plats of Survey

June 27, 2002.

The plats of survey of the following described land will be officially filed in the Colorado State Office, Bureau of Land Management, Lakewood, Colorado, effective 10 a.m., June 27, 2002. All inquiries should be sent to the Colorado State Office, Bureau of Land Management, 2850 Youngfield Street, Lakewood, Colorado 80215–7093.

The plat representing the dependent resurvey and survey of certain mineral claims in Protracted T. 42 N., R. 7 W., New Mexico Principal Meridian, Group 1339, Colorado, was accepted April 22, 2002.

The plat (in 11 sheets) representing Amended Protraction Diagram No. 18, which covers the protracted areas in Townships 49, 50, and 51 North, Ranges 17, 18, 19, and 20 West, New Mexico Principal Meridian, Colorado, was accepted April 30, 2002.

The plat representing the dependent resurveys and surveys in T. 6 S., R. 91 W., Sixth Principal Meridian, Group 1290, Colorado, was accepted May 1, 2002.

The plat representing the corrective dependent resurveys in T. 35 N., R. 1 W., New Mexico Principal Meridian, Group 1266, Colorado, was accepted June 6, 2002.

The plat representing the entire record of the dependent resurvey and survey of section 7, T. 1 N., R. 72 W., Sixth Principal Meridian, Group 875, Colorado, was accepted June 10, 2002.

These surveys were requested by the Bureau of Land Management for administrative and management purposes.

The plat representing the retracement and dependent resurvey in T. 32 N., R. 13 W., New Mexico Principal Meridian, Group 1286, Colorado, was accepted April 8, 2002.

This survey was requested by the Bureau of Indian Affairs for administrative and management purposes.

The plat representing the dependent resurveys and surveys in T. 41 N., R. 9 W., New Mexico Principal, Group 1330, Colorado, was accepted May 23, 2002.

The plat representing the entire record of the survey between Protracted Blocks 44 and 45, in Protracted T. 42 N., R. 7 W., New Mexico, Group 1297, Colorado, was accepted June 27, 2002.

These surveys were requested by the U.S. Forest Service for administrative and management purposes.

Idaho: Filing of Plats of Survey

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice.

SUMMARY: The plats of the following described lands were officially filed in the Idaho State Office, Bureau of Land Management, Boise, Idaho, effective 9 a.m., on the dates specified: The plat constituting the entire survey record of the dependent resurvey of a portion of the subdivisional lines, and the subdivision of section 21, in T. 14 S., R. 27 E., Boise Meridian, Idaho, was accepted May 23, 2002. The plat was prepared to meet certain administrative needs of the Bureau of Land Management.

The plat representing the dependent resurvey of a portion of the subdivisional lines, the subdivision of sections 10, 14, and 15, and the survey of the 1999–2000 meanders of the Blackfoot River in sections 10, 11, and 14, the North Boundary of the Fort Hall Indian Reservation in sections 10, 11, and 14, and portions of the 1999–2000 median line of the Blackfoot River in sections 10 and 11, in T. 3 S., R. 35 E., Boise Meridian, Idaho, was accepted May 24, 2002. The plat was prepared to meet certain administrative needs of the Bureau of Indian Affairs.

The plat representing the dependent resurvey of portions of the north boundary, portions of the subdivisional lines, and portions of the subdivision of section 2, in T. 12 S., R. 19 E., Boise Meridian, Idaho, was accepted May 31, 2002. The plat was prepared to meet certain administrative needs of the Bureau of Land Management.

The plat representing the dependent resurvey of portions of the north and west boundaries, and of the subdivisional lines, and the subdivision of section 3, in T. 7 N., R. 39 E., and the dependent resurvey of portions of the east and south boundaries, in T. 8 N., R. 38 E., Boise Meridian, Idaho, were accepted June 7, 2002. The plats were prepared to meet certain administrative needs of the Bureau of Land Management.

The plat representing the corrective dependent resurvey of portions of the north and west boundaries, of the subdivisional lines, and of the subdivision of section 6, and the dependent resurvey of a portion of the subdivisional lines, in T. 12 S., R. 22 E., Boise Meridian, Idaho, was accepted June 12, 2002. The plat was prepared to meet certain administrative needs of the Bureau of Land Management.

The plat representing the dependent resurvey of a portion of the west boundary and subdivisional lines, and the subdivision of section 7, in T. 3 S., R. 5 E., Boise Meridian, Idaho, was accepted June 12, 2002. The plat was prepared to meet certain administrative needs of the Bureau of Land Management.

The supplemental plat was prepared to correct certain lotting on the plat accepted December 21, 2001, in T. 4 S., R. 35 E., Boise Meridian, Idaho, was accepted June 20, 2002. The plat was prepared to meet certain administrative needs of the Bureau of Indian Affairs.

The plats of the following described lands, accepted for the Director on the dates specified, are pending official filing in the Idaho State Office, Bureau of Land Management, Boise, Idaho:

The plat representing the dependent resurvey of portions of the west boundary and subdivisional lines, the subdivision of section 30, the metesand-bounds survey of the center line strip of land in section 30, and the metes-and-bounds survey of parcels A, C, and D in section 30, in T. 3 N., R. 4 E., Boise Meridian, Idaho, was accepted November 30, 2001. The plat was prepared to meet certain administrative needs of the Bureau of Land Management.

The plat representing the dependent resurvey of a portion of the subdivision of section 20, and the survey of the 2001 meanders of Crow Island and two unnamed islands in the Snake River, in T. 7 N., R. 5 W., Boise Meridian, Idaho, was accepted December 7, 2001. The plat was prepared to meet certain administrative needs of the Bureau of Land Management.

The plat representing the dependent resurvey of portions of the 51/2 Standard Parallel North, on the south boundary of Township 26 North, Range 1 East, the subdivisional lines, the boundaries of certain mineral and segregation surveys in sections 11, 12, and 14, the record meanders of the Salmon River in sections 2 and 11, and the subdivision of section 11, and the further subdivision of section 11, and subdivision of section 2, and the survey of a portion of the 2000 meanders of the Salmon River in sections 2 and 11, and the Salmon River Scenic Easement boundary line through the S1/2 of the SE1/4 of the NW1/4 of section 2, in T. 25 N., R. 1 E., Boise Meridian, Idaho, was accepted May 15, 2002.

The plat was prepared to meet certain administrative needs the Bureau of Land Management. The plats representing the

dependent resurvey and corrective dependent resurvey of a portion of the subdivisional lines and subdivision of section lines in section 7, and the subdivision of sections 19 and 30, in T. 5 N., R. 1 E., Boise Meridian, Idaho, and the plat representing the corrective dependent resurvey of a portion of the Boise Meridian (east boundary), and the dependent resurvey of a portion of the subdivisional lines, and the subdivision of sections 24 and 25, in T. 5 N., R. 1 W., Boise Meridian, Idaho, were accepted May 31, 2002. The plats were prepared to meet certain administrative needs of the Bureau of Land Management.

The plat representing the entire survey record of the dependent resurvey of a portion of the 1910 meander lines of the right bank of the South Fork of the Payette River, and the metes-andbounds survey of lot 10, in section 20, in T. 9 N., R. 4 E., Boise Meridian, Idaho, was accepted June 14, 2002. The plat was prepared to meet certain administrative needs of the Bureau of Land Management.

DEPARTMENT OF THE INTERIOR

National Park Service

Draft Environmental Impact Statement for the Lake Management Plan, Lake Mead National Recreation Area, Mohave County, Arizona and Clark County, NV; Notice of Availability

SUMMARY: Pursuant to § 102(2)(C) of the National Environmental Policy Act of 1969 (Pub L. 91-190, as amended), and the Council on Environmental Quality Regulations (40 CFR part 1500–1508), the National Park Service (NPS), Department of the Interior, has prepared a draft environmental impact statement (DEIS) assessing the potential impacts of the proposed Lake Management Plan for Lake Mead National Recreation Area. The DEIS describes and analyzes four alternatives to improve the management of Lakes Mead and Mohave to provide for the long-term protection of park resources while allowing a range of recreational opportunities to support visitor needs.

Specifically, this environmental impact statement evaluates four alternatives for managing the waters and associated shoreline areas of Lake Mead National Recreation Area. Each alternative identifies proposed actions related to recreational opportunity zoning and shoreline zoning, developed areas, facilities and recreational services, recreational conflicts, sanitation and litter, resource protection, and park operations.

This document also is used to make reasoned decisions about whether to continue personal watercraft use at Lake Mead NRA. NPS will make the determination based on the unit's enabling statute, mission, management objectives, resources, values, and other uses, as well as impacts from personal watercraft on the unit (65 FR 15,078-2000). In addition, this DEIS evaluates personal watercraft use within Lake Mead National Recreation Area. Consistent with Bluewater Network v. Stanton, No. CV02093 (D.D.C. 2000) and the settlement agreement approved by the court on April 11, 2001, the DEIS includes an evaluation of various personal watercraft use alternatives to determine their effects on water quality, air quality, soundscapes, wildlife, wildlife habitat, shoreline vegetation, visitor conflicts, safety, and other appropriate topics.

Scoping: Public meetings were initiated in January, 1993 to solicit early input into the scope and range of issues to be analyzed. A notice of intent announcing the decision to prepare the Lake Management Plan and **Environmental Impact Statement was** published in the Federal Register on May 3, 1993. Between January 1993 and September 2000, a series of public scoping meetings were held throughout the area to solicit early input into the scope and range of issues to be analyzed. Scoping comments continued to be accepted and considered until December 2001.

During this comment period, the NPS facilitated over 100 discussions and briefings to park staff, congressional delegations, elected officials, tribal representatives, public service organizations, educational institutions, and other interested members of the public. Nearly 1,000 letters concerning the DEIS planning process were received. The major issues raised during this period are summarized in Chapter 1, Purpose and Need for the Action.

Proposed Plan and Alternatives: The DEIS includes three "action" alternative and one "no action" (existing conditions) alternative. Under all the action alternatives, a Special Regulation would be promulgated to address the
