

State program regulations. Individuals must successfully pass the third party exam applicable to the certification discipline in order to be certified. The State program sets forth work practice standards for persons performing lead-based paint activities. The State program requires the filing of a project notification, in writing, prior to the commencement of any lead-based paint abatement activity.

All initial and refresher lead-based paint activities training programs must be accredited. The State program requires training programs to notify the State prior to conducting a training course. Full approval of a training program's lead-based paint activities course is contingent on a satisfactory on-site course audit. The State program provides for the suspension, revocation, or modification of training program accreditation and certifications of individuals and firms.

The State lead program also conducts outreach and compliance assistance activities. The objective of the activities is to educate the public and regulated community of the hazards of lead-based paint. The activities also inform the public and regulated community of the regulatory requirements applicable to lead-based paint activities.

#### IV. Federal Overfiling

Section 404(b) of TSCA makes it unlawful for any person to violate, or fail or refuse to comply with, any requirement of an approved State or Tribal program. Therefore, EPA reserves the right to exercise its enforcement authority under TSCA against a violation of, or a failure or refusal to comply with, any requirement of an authorized State or Tribal program.

#### V. Submission to Congress and the Comptroller General

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before certain actions may take effect, the Agency promulgating the action must submit a report, which includes a copy of the action, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this action and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of this document in the **Federal Register**. This action is not a "major rule" as defined by 5 U.S.C. 804(2).
