DEPARTMENT OF DEFENSE

Office of the Secretary

Notice of Final Programmatic Environmental Assessment and Finding of No Significant Impact for the Millennium Challenge 2002 Joint Integrating Experiment

AGENCY: U.S. Joint Forces Command, DoD.

ACTION: Finding of no significant impact.

SUMMARY: Pursuant to section 101(2)(C) of the National Environmental Policy

Act (NEPA) of 1969 and the Council on Environmental Quality regulations (40 CFR parts 1500-1508) implementing the procedural provisions of NEPA, U.S. Joint Forces Command (JFCOM) gives notice that a Programmatic Environmental Assessment (EA) has been prepared and an Environmental Impact Statement (EIS) is not required for the Millennium Challenge 2002 Joint Integrating Experiment scheduled to be conducted during July and August 2002 in the southwest region of the U.S. and offshore waters of southern California. JFCOM is issuing a Finding of No Significant Impact (FONSI).

FOR FURTHER INFORMATION CONTACT: Mr. Steven Chambliss, Joint Experimentation, U.S. Joint Forces Command, 1562 Mitscher Ave., Suite 200, Norfolk, VA 23551-2488; phone (757) 836-0966.

SUPPLEMENTARY INFORMATION: Millennium Challenge 2002 (MC02) is a Department of Defense (DoD) "major joint integrating experiment" scheduled to be conducted from July 24 to August

15, 2002 in the southwest region of the U.S. and offshore waters of Southern California. Congressional language in the FY01 Defense Authorization Act mandated conduct of the joint integrating experiment and specifically directed the demonstration of a rapid, decisive military operational concept. MC02 responds to Congressional direction and is sponsored by U.S. Joint Forces Command (USJFCOM) based in Norfolk, Virginia. Each of the services proposes to conduct their own experimentation under the umbrella of MC02. The Services have separately assessed the environmental impacts of their actions and determined that the impacts will not be significant. JFCOM conducted an overall, or programmatic assessment of the MC02 Proposed Actions. This assessment considered the potential cumulative effects of the Proposed Actions of the four individual Services during MC02.
