**ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND THE PURPOSES OF SUCH USES:**

In addition to those disclosures generally permitted under 5 U.S.C. 552a(b) of the Privacy Act, these records or information contained therein may specifically be disclosed outside the DoD as a routine use pursuant to 5 U.S.C. 552a(b)(3) as follows:

1. To the Department of Veteran Affairs (DVA):

a. To provide military personnel and pay data for present and former military personnel for the purpose of evaluating use of veterans benefits, validating benefit eligibility and maintaining the health and well being of veterans and their family members.

b. To provide identifying military personnel data to the DVA and its insurance program contractor for the purpose of notifying separating eligible Reservists of their right to apply for Veteran's Group Life Insurance coverage under the Veterans Benefits Improvement Act of 1996 (38 U.S.C. 1968).

c. To register eligible veterans and their dependents for DVA programs.

d. To conduct computer matching programs regulated by the Privacy Act of 1974, as amended (5 U.S.C. 552a), for the purpose of:

(1) Providing full identification of active duty military personnel, including full-time National Guard/Reserve support personnel, for use in the administration of DVA's Compensation and Pension benefit program. The information is used to determine continued eligibility for DVA disability compensation to recipients who have returned to active duty so that benefits can be adjusted or terminated as required and steps taken by DVA to collect any resulting over payment (38 U.S.C. 5304(c)).

(2) Providing military personnel and financial data to the Veterans Benefits Administration, DVA for the purpose of determining initial eligibility and any changes in eligibility status to insure proper payment of benefits for GI Bill education and training benefits by the DVA under the Montgomery GI Bill (Title 10 U.S.C., Chapter 1606—Selected Reserve and Title 38 U.S.C., Chapter 30—Active Duty). The administrative responsibilities designated to both agencies by the law require that data be exchanged in administering the programs.

(3) Providing identification of reserve duty, including full-time support National Guard/Reserve military personnel, to the DVA, for the purpose of deducting reserve time served from any DVA disability compensation paid or waiver of VA benefit. The law (10 U.S.C. 12316) prohibits receipt of reserve pay and DVA compensation for the same time period, however, it does permit waiver of DVA compensation to draw reserve pay.

(4) Providing identification of former active duty military personnel who received separation payments to the DVA for the purpose of deducting such repayment from any DVA disability compensation paid. The law requires recoupment of severance payments before DVA disability compensation can be paid (10 U.S.C. 1174).

(5) Providing identification of former military personnel and survivor's financial benefit data to DVA for the purpose of identifying military retired pay and survivor benefit payments for use in the administration of the DVA's Compensation and Pension program (38 U.S.C. 5106). The information is to be used to process all DVA award actions more efficiently, reduce subsequent overpayment collection actions, and minimize erroneous payments.

e. To provide identifying military personnel data to the DVA for the purpose of notifying such personnel of information relating to educational assistance as required by the Veterans Programs Enhancement Act of 1998 (38 U.S.C. 3011 and 3034).

2. To the Office of Personnel Management (OPM):

a. Consisting of personnel/employment/financial data for the purpose of carrying out OPM's management functions. Records disclosed concern pay, benefits, retirement deductions and any other information necessary for those management functions required by law (Pub. L. 83-598, 84-356, 86-724, 94-455 and 5 U.S.C. 1302, 2951, 3301, 3372, 4118, 8347).

b. To conduct computer matching programs regulated by the Privacy Act of 1974, as amended (5 U.S.C. 552a) for the purpose of:

(1) Exchanging personnel and financial information on certain military retirees, who are also civilian employees of the Federal government, for the purpose of identifying those individuals subject to a limitation on the amount of military retired pay they can receive under the Dual Compensation Act (5 U.S.C. 5532), and to permit adjustments of military retired pay by the Defense Finance and Accounting Service and to take steps to recoup excess of that permitted under the dual compensation and pay cap restrictions.

(2) Exchanging personnel and financial data on civil service annuitants (including disability annuitants under age 60) who are reemployed by DoD to insure that annuities of DoD reemployed annuitants are terminated where applicable, and salaries are correctly offset where applicable as required by law (5 U.S.C. 8331, 8344, 8401 and 8468).

(3) Exchanging personnel and financial data to identify individuals who are improperly receiving military retired pay and credit for military service in their civil service annuities, or annuities based on the 'guaranteed minimum' disability formula. The match will identify and/or prevent erroneous payments under the Civil Service Retirement Act (CSRA) 5 U.S.C. 8331 and the Federal Employees' Retirement System Act (FERSA) 5 U.S.C. 8411. DoD's legal authority for monitoring retired pay is 10 U.S.C. 1401.

(4) Exchanging civil service and Reserve military personnel data to identify those individuals of the Reserve forces who are employed by the Federal government in a civilian position. The purpose of the match is to identify those particular individuals occupying critical positions as civilians and cannot be released for extended active duty in the event of mobilization. Employing Federal agencies are informed of the reserve status of those affected personnel so that a choice of terminating the position or the reserve assignment can be made by the individual concerned. The authority for conducting the computer match is contained in E.O. 11190, Providing for the Screening of the Ready Reserve of the Armed Services.

3. To the Internal Revenue Service (IRS) for the purpose of obtaining home addresses to contact Reserve component members for mobilization purposes and for tax administration. For the purpose of conducting aggregate statistical

analyses on the impact of DoD personnel of actual changes in the tax laws and to conduct aggregate statistical analyses to lifetime earnings of current and former military personnel to be used in studying the comparability of civilian and military pay benefits. To aid in administration of Federal Income Tax laws and regulations, to identify non-compliance and delinquent filers.

4. To the Department of Health and Human Services (DHHS):

a. To the Office of the Inspector General, DHHS, for the purpose of identification and investigation of DoD employees and military members who may be improperly receiving funds under the Aid to Families of Dependent Children Program.

b. To the Office of Child Support Enforcement, Federal Parent Locator Service, DHHS, pursuant to 42 U.S.C. 653 and 653a; to assist in locating individuals for the purpose of establishing parentage; establishing, setting the amount of, modifying, or enforcing child support obligations; or enforcing child custody or visitation orders; and for conducting computer matching as authorized by E.O. 12953 to facilitate the enforcement of child support owed by delinquent obligors within the entire civilian Federal government and the Uniformed Services work force (active and retired). Identifying delinquent obligors will allow State Child Support Enforcement agencies to commence wage withholding or other enforcement actions against the obligors.

**Note 1:** Information requested by DHHS is not disclosed when it would contravene U.S. national policy or security interests (42 U.S.C. 653(e)).

**Note 2:** Quarterly wage information is not disclosed for those individuals performing intelligence or counter-intelligence functions and a determination is made that disclosure could endanger the safety of the individual or compromise an ongoing investigation or intelligence mission (42 U.S.C. 653(n)).

c. To the Health Care Financing Administration (HCFA), DHHS for the purpose of monitoring HCFA reimbursement to civilian hospitals for Medicare patient treatment. The data will ensure no Department of Defense physicians, interns or residents are counted for HCFA reimbursement to hospitals.

d. To the Center for Disease Control and the National Institutes of Mental Health, DHHS, for the purpose of conducting studies concerned with the health and well being of active duty, reserve, and retired personnel or veterans, to include family members.

5. To the Social Security Administration (SSA):

a. To the Office of Research and Statistics for the purpose of (1) conducting statistical analyses of impact of military service and use of GI Bill benefits on long term earnings, and (2) obtaining current earnings data on individuals who have voluntarily left military service or DoD civil employment so that analytical personnel studies regarding pay, retention and benefits may be conducted.

**Note 3:** Earnings data obtained from the SSA and used by DoD does not contain any information that identifies the individual about whom the earnings data pertains.

b. To the Bureau of Supplemental Security Income for the purpose of verifying information provided to the SSA by applicants and recipients/beneficiaries, who are retired members of the Uniformed Services or their survivors, for Supplemental Security Income (SSI) or Special Veterans' Benefits (SVB). By law (42 U.S.C. 1006 and 1383), the SSA is required to verify eligibility factors and other relevant information provided by the SSI or SVB applicant from independent or collateral sources and obtain additional information as necessary before making SSI or SVB determinations of eligibility, payment amounts, or adjustments thereto.

c. To the Client Identification Branch for the purpose of validating the assigned Social Security Number for individuals in DoD personnel and pay files, using the SSA Enumeration Verification System (EVS).

6. To the Selective Service System (SSS) for the purpose of facilitating compliance of members and former members of the Armed Forces, both active and reserve, with the provisions of the Selective Service registration regulations (50 U.S.C. App. 451 and E.O. 11623).

7. To DoD Civilian Contractors and grantees for the purpose of performing research on manpower problems for statistical analyses.

8. To the Department of Labor (DOL) to reconcile the accuracy of unemployment compensation payments made to former DoD civilian employees and military members by the states. To the Department of Labor to survey military separations to determine the effectiveness of programs assisting veterans to obtain employment.

9. To the U.S. Coast Guard (USCG) of the Department of Transportation (DOT) to conduct computer matching programs regulated by the Privacy Act of 1974, as amended (5 U.S.C. 552a), for the

purpose of exchanging personnel and financial information on certain retired USCG military members, who are also civilian employees of the Federal government, for the purpose of identifying those individuals subject to a limitation on the amount of military pay they can receive under the Dual Compensation Act (5 U.S.C. 5532), and to permit adjustments of military retired pay by the U.S. Coast Guard and to take steps to recoup excess of that permitted under the dual compensation and pay cap restrictions.

10. To the Department of Housing and Urban Development (HUD) to provide data contained in this record system that includes the name, Social Security Number, salary and retirement pay for the purpose of verifying continuing eligibility in HUD's assisted housing programs maintained by the Public Housing Authorities (PHAs) and subsidized multi-family project owners or management agents. Data furnished will be reviewed by HUD or the PHAs with the technical assistance from the HUD Office of the Inspector General (OIG) to determine whether the income reported by tenants to the PHA or subsidized multi-family project owner or management agent is correct and complies with HUD and PHA requirements.

11. To Federal and Quasi-Federal agencies, territorial, state, and local governments to support personnel functions requiring data on prior military service credit for their employees or for job applications. To determine continued eligibility and help eliminate fraud and abuse in benefit programs and to collect debts and over payments owed to these programs. To assist in the return of unclaimed property or assets escheated to states of civilian employees and military member and to provide members and former members with information and assistance regarding various benefit entitlements, such as state bonuses for veterans, etc. Information released includes name, Social Security Number, and military or civilian address of individuals. a. Exchanging civil service and Reserve military personnel data to identify those individuals of the Reserve forces who are employed by the Federal government in a civilian position. The purpose of the match is to identify those particular individuals occupying critical positions as civilians and who cannot be released for extended active duty in the event of mobilization. The Postal Service is informed of the reserve status of those affected personnel so that a choice of terminating the position on the reserve assignment can be made by the individual concerned. The authority for conducting the computer match is contained in E.O. 11190, Providing for the Screening of the Ready Reserve of the Armed Forces.

b. Exchanging personnel and financial information on certain military retirees who are also civilian employees of the Federal government, for the purpose of identifying those individuals subject to a limitation on the amount of retired military pay they can receive under the Dual Compensation Act (5 U.S.C. 5532), and permit adjustments to military retired pay to be made by the Defense Finance and Accounting Service and to take steps to recoup excess of that permitted under the dual compensation and pay cap restrictions.

#### Record of Decision for Surveillance Towed Array Sensor System Low Frequency Active (SURTASS LFA) Sonar

**AGENCY:** Department of the Navy, Department of Defense.

**ACTION:** Notice of record of decision.

**SUMMARY:** The Department of the Navy, after carefully weighing the operational, scientific, technical, and environmental implications of the alternatives considered, announces its decision to employ two SURTASS LFA sonar systems with certain geographical restrictions and monitoring mitigation designed to reduce potential adverse effects on the marine environment. This decision, which pertains only to the employment of two SURTASS LFA sonar systems (rather than the up to four analyzed in the Final Overseas Environmental Impact Statement and Environmental Impact Statement [OEIS/EIS] for SURTASS LFA Sonar), implements the preferred alternative, Alternative 1, identified in the Final OEIS/EIS for SURTASS LFA Sonar.

Pursuant to 10 U.S.C. 5062, the Navy is required to be trained and equipped for prompt and sustained combat incident to operations at sea. To fulfill this mandate, the Navy provides credible, combat-ready naval forces capable of sailing anywhere, anytime, as powerful representatives of American

sovereignty. Fleet readiness is the foundation of the Navy's war fighting capability, and there is a direct link between fleet readiness and training. For the Navy, fleet readiness means essential, realistic training opportunities, in both open-ocean and littoral environments.

The Navy is facing existing and emerging threats from foreign naval forces. For example, several non-allied nations are fielding new, quiet submarines. New anti-ship, submarine-launched cruise missiles are also being introduced. When quiet submarines and anti-ship cruise missiles are combined, they pose a formidable threat to our sailors and Marines, who are called upon to project power from the sea and maintain open sea lanes.

In order to successfully locate and defend against these threats, our sailors must train realistically with both active and passive sonar. In executing anti-submarine (ASW) missions, sonar is the key to survival for our ships and sailors. The employment of SURTASS LFA will enable the Navy to meet the clearly defined, real-world national security need for improved ASW capability by allowing Navy Fleet units to reliably detect quieter and harder-to-find foreign submarines underwater at long range, thus providing adequate time to react to and defend against the threat, while remaining a safe distance beyond a submarine's effective weapons range.

**SUPPLEMENTARY INFORMATION:** The text of the Record of Decision is provided as follows:

The Department of the Navy (Navy), pursuant to section 102(2)(c) of the National Environmental Policy Act (NEPA) of 1969, 42 U.S.C. Section 4332(2)(c); the regulations of the Council on Environmental Quality (CEQ) that implement NEPA procedures, 40 CFR parts 1500-1508; 32 CFR part 775; and Presidential Executive Order (EO) 12114 (Environmental Effects Abroad of Major Federal Actions), announces its decision to employ two SURTASS LFA sonar systems with certain geographical restrictions and monitoring mitigation designed to reduce potential adverse effects on the marine environment. This decision, which pertains only to the employment of two SURTASS LFA sonar systems (rather than the up to four analyzed in the Final Overseas Environmental Impact Statement and Environmental Impact Statement [OEIS/EIS] for SURTASS LFA Sonar), implements the preferred alternative, Alternative 1, identified in the Final (OEIS/EIS) for SURTASS LFA Sonar.
