Employee's Certification; OMB 3220-0140.

Section 2 of the Railroad Retirement Act (RRA), provides for the payment of an annuity to the spouse or divorced spouse of a retired railroad employee. For the spouse or divorced spouse to qualify for an annuity, the RRB must determine if any of the employee's previous marriages create an impediment either to the current marriage between the employee and his or her spouse or to the marriage which previously existed between the employee and his or her former spouse.

The requirements relating to obtaining evidence for determining valid marital relationships are prescribed in 20 CFR 219.30 through 219.35.

Section 2(e) of the RRA requires that an employee must relinquish all rights to any railroad employer service before a spouse annuity can be paid.

The RRB uses Form G-346 to obtain the information needed for determining if any of the employee's previous marriages create an impediment to the current marriage. Form G-346 is completed by the retired employee who is the husband or wife of the applicant for a spouse annuity. Completion is required to obtain a benefit. One response is requested of each respondent.

The RRB proposes no changes to Form G-346. The RRB estimates that 5,400 G-346's are completed annually at an estimated completion time of five

minutes per response. Total respondent burden is estimated at 450 hours.
