Also, pursuant to Title V of the North American Free Trade Agreement Implementation Act (Pub. L. 103-182) concerning transitional adjustment assistance hereinafter called (NAFTA-TAA) and in accordance with section 250(a), Subchapter D, Chapter 2, Title II, of the Trade Act as amended, the Department of Labor presents summaries of determinations regarding eligibility to apply for NAFTA-TAA issued during the months of July, 2002.

In order for an affirmative determination to be made and a certification of eligibility to apply for NAFTA-TAA the following group eligibility requirements of section 250 of the Trade Act must be met:

(1) That a significant number or proportion of the workers in the workers' firm, or an appropriate subdivision thereof, (including workers in any agricultural firm or appropriate subdivision thereof) have become totally or partially separated from employment and either—

(2) That sales or production, or both, of such firm or subdivision have decreased absolutely,

(3) That imports from Mexico or Canada of articles like or directly competitive with articles produced by such firm or subdivision have increased, and that the increases imports contributed importantly to such workers' separations or threat of separation and to the decline in sales or production of such firm or subdivision; or

(4) That there has been a shift in production by such workers' firm or subdivision to Mexico or Canada of articles like or directly competitive with articles which are produced by the firm or subdivision.

Negative Determinations NAFTA-TAA

In each of the following cases the investigation revealed that criteria (3) and (4) were not met. Imports from Canada or Mexico did not contribute importantly to workers' separations. There was no shift in production from the subject firm to Canada or Mexico during the relevant period.

The Boeing Company, Commercial Airplane Group, Seattle, WA, and Corinth, TX; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with section 223 of the Trade Act of 1974 (19 USC 2273) the Department of Labor issued a Certification Regarding Eligibility to Apply for Worker Adjustment Assistance on March 18, 2002, applicable to workers of The Boeing Company, Commercial Airplane Group, Seattle, Washington. On April 26, 2002, the certification was amended to include workers of The Boeing Company plants in Corinth and Irving, Texas. The notice was published in the **Federal Register** on June 4, 2002 (67 FR 38523).

At the request of the State agency, the Department again reviewed the amended certification for workers of the

subject firm. The review of the TAA petition certification revealed that the impact date established for workers of The Boeing Company, Seattle, Washington, was February 25, 2002, the day immediately following the expiration of the previous certification for the Boeing workers in Seattle, Washington (TA-W-37,129).

The review further found that had The Boeing Company's Seattle workers not been previously certified, the impact date would have been set at December 18, 2000, one year prior to the date of the petition.

Other findings show that when the amendment was issued to include workers of The Boeing Company in Corinth and Irving, Texas, the Department failed to set the earliest impact date for those workers.

Therefore, the Department is again amending the certification to change the impact date for workers of The Boeing Company, Corinth and Irving, Texas, from February 25, 2002 to December 18, 2000.

The amended notice applicable to TA-W-40,525 is hereby issued as follows:

All workers of The Boeing Company, Commercial Airplane Group, Seattle, Washington (TA-W-40,525), who became totally or partially separated from employment on or after February 25, 2002 through March 18, 2004, and workers of The Boeing Company, Commercial Airplane

Group, Corinth, Texas (TA-W-40,525E), and Irving, Texas (TA-W-40,525F), who became totally or partially separated from employment on or December 18, 2000 through March 18, 2004, are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974.

Signed at Washington, DC, this 18th day of July, 2002.
