

*B. What is the Agency's Authority for Taking this Action?*

The legal authority for tolerance reassessment falls under FFDCA, as amended in 1996. Section 408(q) of FFDCA directs that "the Administrator shall review tolerances and exemptions for pesticide chemical residues in effect on the day before the date of the enactment of the FQPA of 1996, as expeditiously as practicable, assuring that—66 percent of such tolerances and exemptions are reviewed within 6 years (i.e., by August 3, 2002), of the date of enactment of such Act (i.e., on August 3, 1996), and—shall determine whether the tolerance or exemption meets the requirements of sections 408(b)(2) or (c)(2) and shall, by the deadline for the review of the tolerance or exemption, issue a regulation under section 408 (d)(4) or (e)(1) to modify or revoke the tolerance or exemption if the tolerance or exemption does not meet such requirements." Under section 408 of the FFDCA, a tolerance may only be maintained if EPA determines that the tolerance is safe based on a number of factors, including an assessment of the aggregate exposure to the pesticide and an assessment of the cumulative effects of such pesticide and other substances that have a common mechanism of toxicity. In section 408(b)(2) of the FFDCA, "the term 'safe,' with respect to a tolerance for a pesticide chemical residue, means that the Administrator has determined that there is a reasonable certainty that no harm will result from aggregate exposure to the pesticide chemical residue, including all anticipated dietary exposures and all other exposures for which there is reliable information."

**OFFICE OF SCIENCE AND TECHNOLOGY POLICY**

**Meeting of the President's Council of Advisors on Science and Technology**

**ACTION:** Emergency notice of public advisory committee meeting.

**SUMMARY:** This notice sets forth the schedule and summary agenda for a meeting of the President's Council of Advisors on Science and Technology (PCAST), and describes the functions of the Council. Notice of this meeting is required under the Federal Advisory Committee Act (FACA).

**Dates and Place:** August 5, 2002, at 1 pm. This meeting will take place via a telephone conference call. In light of the short notice of this meeting, OSTP will undertake to make this meeting available to the public through the following call-in number: 1-800-260-0712, access code: 647402. Any interested member of the public may call this number and listen to the meeting. To ensure the agency secures an appropriate number of lines, however, such persons are asked to register with OSTP by calling Cynthia Chase at (202) 456-6010 by 4 pm on Friday, August 2, 2002.

**Type of Meeting:** Open.

**Proposed Schedule and Agenda:** The President's Council of Advisors on Science and Technology (PCAST) is tentatively scheduled to meet in open session on Monday, August 5, 2002, at approximately 1 pm, to discuss (and, pending the discussion, approve) a draft report to the President on maximizing the contribution of science and

technology within the new Department of Homeland Security (DHS). This session will end at approximately 1:30 pm.

**Public Comments:** Written public comments are welcome at any time prior to the meeting. Please fax your comments to (202) 456-6021. In light of the compressed notice period for this meeting, public comments are also welcome for an additional three days after the meeting (i.e., up to close of business Thursday, August 8, 2002). Please fax such comments to the same fax number noted above. The transcript of the meeting will be posted on the PCAST web site as soon as possible following the meeting. Moreover, any person may listen to a recording of the meeting on Tuesday, August 6, 2002, from 8 am to 5 pm, by calling 1-800-475-6701, access code: 647402.

**Reason for Emergency Notice:** Pursuant to 41 CFR Part 102-3.150(b), less than 15 days notice is being given for this meeting because of the exigencies involved in providing timely and relevant advice to the President on the matters to be discussed. Legislation to establish the DHS is moving extremely swiftly through Congress, and negotiations between Congress and the Administration on the structure of the new Department (including the DHS research and development enterprise) have already begun. In light of these exceptional circumstances, regular notice and meeting procedures would prevent PCAST from rendering advice pertinent to these current events in a timely fashion.

**FOR FURTHER INFORMATION:** Information on this meeting will be published on the PCAST Web site at: <http://www.ostp.gov/PCAST/pcast.html>. The draft report to be discussed during the call will be posted on this web site at the earliest possible opportunity. Any updates on the scheduling of the conference call will also be posted. For additional information, please call Cynthia Chase at (202) 456-6010.

**SUPPLEMENTARY INFORMATION:** The President's Council of Advisors on Science and Technology was established by Executive Order 13226, on September 30, 2001. The purpose of PCAST is to advise the President on matters of science and technology policy, and to assist the President's National Science and Technology Council in securing private sector participation in its activities. The Council members are distinguished individuals appointed by the President from non-Federal sectors. The PCAST is co-chaired by Dr. John H. Marburger, III, the Director of the Office of Science and

Technology Policy, and by E. Floyd Kvamme, a Partner at Kleiner Perkins Caufield & Byers.
