On May 13, 2002, the Department extended the time limit for the preliminary results of this administrative review. *See Notice of Extension of Time Limit of the Preliminary Results of Antidumping Duty Administrative Review: Stainless Steel Sheet and Strip in Coils from Italy*, 67 FR 32015 (May 13, 2002). #### Extension of Time Limit for Preliminary Results

Pursuant to section 751(a)(3)(A) of the Act, and section 351.213(h)(2) of the Department's regulations, the Department may extend the deadline for completion of the preliminary results of a review if it determines that it is not practicable to complete the preliminary results within the statutory time limit of 245 days from the date on which the review was initiated. Due to the complexity of issues present in this administrative review, such as home market affiliated downstream sales, constructed export price versus export price, selling expenses, and complicated cost accounting issues, the Department has determined that it is not practicable to complete this review within the original time period provided in section 751(a)(3)(A) of the Act and section 351.213(h)(2) of the Department's regulations. Therefore, we are extending the due date for the preliminary results, until no later than July 31, 2002. The final results continue to be due 120 days after the publication of the preliminary results.

Dated: July 26, 2002.

## COMMITTEE FOR THE IMPLEMENTATION OF TEXTILE AGREEMENTS

### Request for Public Comments on Short Supply Request under the United States-Caribbean Basin Trade Partnership Act (CBTPA)

July 30, 2002.

**AGENCY:** Committee for the Implementation of Textile Agreements (CITA).

**ACTION:** Request for public comments concerning a request for a determination that certain 100 percent stock-dyed worsted wool woven fabric, used in the production of certain men's suits and suit jackets, cannot be supplied by the domestic industry in commercial quantities in a timely manner under the CBTPA.

**SUMMARY:** On July 19, 2002 the Chairman of CITA received a request from Oxford Industries, Inc., alleging that certain 100 percent worsted (i.e.,

combed) wool woven fabric, stock-dyed (not piece-dyed) of wool yarns with an average fiber diameter of more than 18.5 microns, classified in subheading 5112.19.95 of the Harmonized Tariff Schedule of the United States (HTSUS), for use in the production of men's suit-type jackets for suits classified in subheading 6203.31.9010 of the HTSUS and men's suits classified in subheading 6203.11.9000 of the HTSUS but excluding "morning dress", "evening dress" and "dinner jacket suits" (as defined in Note 3 (a) to Chapter 62 of the HTSUS), cannot be supplied by the domestic industry in commercial quantities in a timely manner. It requests that these apparel articles of such fabrics be eligible for preferential treatment under the CBTPA. CITA hereby solicits public comments on this request, in particular with regard to whether such fabrics can be supplied by the domestic industry in commercial quantities in a timely manner. To be insured a full consideration, comments must be submitted by August 19, 2002, to the Chairman, Committee for the Implementation of Textile Agreements, Room 3001, United States Department of Commerce, 14th and Constitution Avenue, NW, Washington, DC 20230.

**FOR FURTHER INFORMATION CONTACT:** Richard Stetson, International Trade Specialist, Office of Textiles and Apparel, U.S. Department of Commerce, (202) 482-3400.

**SUPPLEMENTARY INFORMATION:**

**Authority:** Section 213(b)(2)(A)(v)(II) of the Caribbean Basin Economic Recovery Act, as added by Section 211(a) of the CBTPA; Section 6 of Executive Order No. 13191 of January 17, 2001.

**Background**

The CBTPA provides for quota- and duty-free treatment for qualifying textile and apparel products. Such treatment is generally limited to products manufactured from yarns and fabrics formed in the United States or a beneficiary country. The CBTPA also provides for quota- and duty-free treatment for apparel articles that are both cut (or knit-to-shape) and sewn or otherwise assembled in one or more CBTPA beneficiary countries from fabric or yarn that is not formed in the United States or a beneficiary country, if it has been determined that such fabric or yarn cannot be supplied by the domestic industry in commercial quantities in a timely manner. In Executive Order No. 13191, the President delegated to CITA the authority to determine whether yarns or fabrics cannot be supplied by the domestic industry in commercial quantities in a timely manner under the

CBTPA and directed CITA to establish procedures to ensure appropriate public participation in any such determination. On March 6, 2001, CITA published procedures that it will follow in considering requests. (66 FR 13502).

On July 19, 2002, the Chairman of CITA received a request from Oxford Industries, Inc., alleging that certain 100 percent worsted (i.e., combed) wool woven fabric stock-dyed (not piece-dyed) of wool yarns with an average fiber diameter of more than 18.5 microns, classified in subheading 5112.19.95 of the HTSUS, for use in the production of men's suit-type jackets for suits classified in subheading 6203.31.9010 of the HTSUS and men's suits classified in subheading 6203.11.9000 of the HTSUS but excluding "morning dress", "evening dress" and "dinner jacket suits" (as defined in Note 3 (a) to Chapter 62 of the HTSUS), cannot be supplied by the domestic industry in commercial quantities in a timely manner and requesting quota- and duty-free treatment under the CBTPA for these apparel articles that are both cut and sewn in one or more CBTPA beneficiary countries from such fabrics.

CITA is soliciting public comments regarding this request, particularly with respect to whether these fabrics can be supplied by the domestic industry in commercial quantities in a timely manner. Also relevant is whether other fabrics that are supplied by the domestic industry in commercial quantities in a timely manner are substitutable for these fabrics for purposes of the intended use. To be insured a full consideration, comments must be received no later than August 19, 2002. Interested persons are invited to submit six copies of such comments or information to the Chairman, Committee for the Implementation of Textile Agreements, room 3100, U.S. Department of Commerce, 14th and Constitution Avenue, N.W., Washington, DC 20230.

If a comment alleges that these fabrics can be supplied by the domestic industry in commercial quantities in a timely manner, CITA will closely review any supporting documentation, such as a signed statement by a manufacturer of the fabrics stating that it produces the fabrics that are the subject of the request, including the quantities that can be supplied and the time necessary to fill an order, as well as any relevant information regarding past production.

CITA will protect any business confidential information that is marked business confidential from disclosure to the full extent permitted by law. CITA

will make available to the public non-confidential versions of the request and non-confidential versions of any public comments received with respect to a request in room 3100 in the Herbert Hoover Building, 14th and Constitution Avenue, N.W., Washington, DC 20230. Persons submitting comments on a request are encouraged to include a non-confidential version and a non-confidential summary.
