USDOL is seeking applications from qualified applicants for the development of a strategy to improve mine safety, and for the implementation of such a program through collaboration with central and local government agencies, enterprises, and NGOs. Each applicant will submit one proposal for the entire program. USDOL, however, reserves the right to award more than one cooperative agreement for the implementation of distinct projects as part of the program.

As described in Section III.B and C, applications must be received by 4:45 p.m. (Eastern Daylight Savings Time) at the address below. No exceptions to the mailing, delivery, and hand-delivery conditions set forth in this notice will be granted. Applications that do not meet the conditions set forth in this notice will not be honored.

**ADDRESSES:** Application forms will not be mailed. They are published in this **Federal Register** Notice, and in the **Federal Register** which may be obtained from your nearest U.S. Government office, public library or on-line at [http://www.archives.gov/federal\\_register/index](http://www.archives.gov/federal_register/index). Applications must be delivered to: U.S. Department of Labor, Procurement Services Center, 200 Constitution Avenue, NW., Room N-5416, Attention: Lisa Harvey, Reference: SGA 02-17, Washington, DC 20210. Applications sent by e-mail, telegram, or facsimile (FAX) will not be accepted. Applications sent by other delivery services, such as Federal Express, UPS, etc., will be accepted; however, the applicant bears the responsibility for timely submission.

**FOR FURTHER INFORMATION CONTACT:** Lisa Harvey; e-mail address: [harvey-lisa@dol.gov](mailto:harvey-lisa@dol.gov). All applicants are advised that U.S. mail delivery in the Washington, DC area has been slow and erratic due to the recent enhanced security measures. All applicants must take this into consideration when preparing to meet the application deadline. It is recommended that you confirm receipt of your application by contacting Lisa Harvey, U.S. Department of Labor, Procurement Services Center, telephone (202) 693-4570, prior to the closing deadline. All inquiries should reference SGA 02-17. See Section III.B for further information.

**SUPPLEMENTARY INFORMATION:** ILAB announces the availability of funds to be granted by cooperative agreement to one or more qualifying organization to achieve the following program objective: Improve work safety by reducing accidents and injuries in Chinese mines. The cooperative agreement(s) will be carried out through project(s) with China's national government in Beijing and through pilot projects in one or more mining areas provided that the selected mines are located within a reasonable distance from a U.S. Consulate General. (U.S. Consulate Generals are located in Shanghai, Guangzhou, Chengdu, and Shenyang.) In each location, the pilot project should focus on the above-mentioned objective. In choosing the location for pilot project(s), applicants are encouraged to engage financial and human resources in areas where the pilot project(s) is most likely to produce demonstrable results and success. It is neither necessary nor desirable to propose pilot projects in all mining areas in China, unless the applicant can demonstrate that there are adequate financial and human resources to ensure project success. In addition, any successful pilot project should address the specific challenges in each locality but should also be mindful of the needs of national policymakers in China. Each pilot project should be relevant to the local labor conditions and problems and should supplement the overall program objective. Finally, the designs of these pilot projects should reflect the understanding of and appropriate strategy to deal with China's current central-local relations, *i.e.*, proposals should be sensitive to the needs and conditions of municipal and provincial governments while also respecting national laws, procedures and policies.

Applicants are advised that ILAB is also currently soliciting grant applications under a separate SGA, SGA 02-18, to implement a program to

enhance China's labor rule of law. The cooperative agreement(s) is to be actively managed by ILAB to assure the achievement of the stated objectives. Applicants are encouraged to be creative in proposing an innovative and cost-effective program that will have a demonstrable impact on achieving the overall objectives. Applicants are strongly encouraged to form partnerships with other national, international, or Chinese organizations to submit a joint proposal.

**Limitation:** Technical assistance under the proposed program may not be provided to the All-China Federation of Trade Unions. See 22 U.S.C. 6981(b)(3).

**I. Background and Program Scope****A. Background: Mine Safety in China**

In China, labor issues, including mine safety, are dealt with by several government agencies at the national, provincial, and municipal levels. At the national level, the State Administration for Work Safety (SAWS) is responsible for the development of policy and legislation on work safety and inspections.

The enforcement of mine safety law is carried out at the provincial and municipal level by the local bureaus of coal mine safety supervision, which report to the provincial government but take policy guidance from the SAWS. The local bureaus of work safety are under the jurisdictions of the provincial/municipal commissions on economics and trade but must uphold national laws and policies set by SAWS. Provincial and municipal governments also establish local regulations and policies for the implementation of national laws and policies.

China has one of the world's largest mining industries both in terms of number of workers and production. Chinese mines also have one of the highest fatality rates in the world. Coal mining is the most dangerous sector for workers in China and resulted in approximately 6,000 deaths in 2001.<sup>1</sup> Some sources claim an even higher fatality rate in the mining industry: Disaster Relief, an organization affiliated with the American Red Cross, reports that "many disasters take place in illegally run mines \* \* \* leaving some to believe that annual mining deaths in China exceed the 10,000 mark."<sup>2</sup> The high rate and severity of coal mining accidents has highlighted serious labor law enforcement problems. Despite the

recent government efforts to close tens of thousands of small coal mines with the worst safety problems, the enforcement of mine safety laws at the local level remains weak. The central government announced in 2001 tougher mine inspection and closure standards.<sup>3</sup>

China faces many challenges in improving mine safety. Recent discussions with officials of SAWS provide some insights into the actions required to improve conditions in the mines. First, China needs to improve its capacity to train mine rescue personnel. Chinese officials emphasized the need to establish a national safety training center for coal mines for this purpose. Second, the government needs to enhance its capacity to enforce mine safety laws and regulations at the local level. Finally, the government needs to educate workers and mine operators about workplace safety and safety management.

#### B. Program Scope

To be considered responsive to this solicitation, an applicant should propose projects that (1) work with the relevant government bodies to develop mine rescue techniques and institutionalize, with the appropriate government agencies, the systematic training of government and mine personnel in such techniques; (2) strengthen the capacity of government personnel to promote workplace safety and health in Chinese mines; (3) train miners and mine operators in mine safety methods and practices; (4) improve the enforcement of work safety laws and regulations, including the sharing of education and training material; and, (5) develop pilot projects with selected coal mines or other related enterprises in technical aspects of safety supervision.

### II. Authority

ILAB is authorized to award and administer this program by the Departments of Labor, Health and Human Services, and Education and Related Agencies Appropriations Act, 2002, Pub.L. No. 107-116, 115 Stat. 2177 (2002).

### III. Application Process

#### A. Eligible Applicants

Any commercial, international, or non-profit organization capable of successfully implementing a mine safety program in China, and successfully working with SAWS, local mine safety bureaus, Chinese mines, NGOs, and

other appropriate agencies or organizations in China to meet the stated program objective is eligible to apply for this cooperative agreement(s). Joint applications, consisting of more than one organization are also eligible, and indeed are encouraged, although in such a case a lead organization must be identified. The capability of an applicant and collaborating organizations to perform necessary aspects of this solicitation will be determined under Section V.B Rating Criteria and Selection.

*Please note that eligible cooperative agreement applicants must not be classified under the Internal Revenue Code as a Section 501(c)(4) entity. See 26 U.S.C. 501(c)(4). According to the Lobbying Disclosure Act of 1995 as amended, 2 U.S.C. 1611, an organization, as described in section 501(c)(4) of the Internal Revenue Code of 1986, that engages in lobbying activities will not be eligible for the receipt of federal funds constituting an award, grant, or loan.*

#### B. Submission of Applications

One (1) ink-signed original, complete application plus two (2) copies must be submitted to the U.S. Department of Labor, Procurement Services Center, 200 Constitution Avenue, NW., Room N-5416, Washington, DC 20210, not later than 4:45 p.m. EDT, September 4, 2002.

The application must consist of two (2) separate parts. Part I of the application must contain the Standard Form (SF) 424, "Application for Federal Assistance" (Appendix A) (The entry on SF 424 for the Catalog of Federal Domestic Assistance Number (CFDA) is 17.700) and sections A-F of the Budget Information Form SF 424A (Appendix B). Part II must contain a technical proposal that demonstrates capabilities in accordance with the Statement of Work (Section IV.A) and the selection criteria (Section V.B).

To be considered *responsive* to this solicitation, the application must consist of the above-mentioned separate sections not to exceed 30 single-sided (8½" x 11"), double-spaced, 10 to 12 pitch typed pages. *Any applications that do not conform to these standards may be deemed non-responsive to this solicitation and may not be evaluated.* Standard forms and attachments are not included in the page limit. The application must include a table of contents and an abstract summarizing the application in not more than two (2) pages. These pages are also *not* included in the page limits.

Upon completion of negotiations, the individual signing the SF 424 on behalf

of the applicant must be authorized to bind the applicant.

#### C. Acceptable Methods of Submission

The grant application package must be received at the designated place by the date and time specified or it will not be considered. Any application received at the Procurement Services Center after 4:45 p.m. EDT September 4, 2002, will not be considered unless it is received before the award is made and:

1. It was sent by registered or certified mail not later than the fifth calendar day before September 4, 2002;

2. It is determined by the Government that the late receipt was due solely to mishandling by the Government after receipt at the U.S. Department of Labor at the address indicated; or

3. It was sent by U.S. Postal Service Express Mail Next Day Service-Post Office to Addressee, not later than 5 p.m. at the place of mailing two (2) working days, excluding weekends and Federal holidays, prior to September 4, 2002.

The only acceptable evidence to establish the date of mailing of a late application sent by registered or certified mail is the U.S. Postal Service postmark on the envelope or wrapper and on the original receipt from the U.S. Postal Service. If the postmark is not legible, an application received after the above closing time and date shall be processed as if mailed late. "Postmark" means a printed, stamped or otherwise placed impression (not a postage meter machine impression) that is readily identifiable without further action as having been applied and affixed by an employee of the U.S. Postal Service on the date of mailing. Therefore applicants should request that the postal clerk place a legible hand cancellation "bull's eye" postmark on both the receipt and the envelope or wrapper.

The only acceptable evidence to establish the date of mailing of a late application sent by U.S. Postal Service Express Mail Next Day Service-Post Office to Addressee is the date entered by the Post Office receiving clerk on the "Express Mail Next Day Service-Post Office to Addressee" label and the postmark on the envelope or wrapper and on the original receipt from the U.S. Postal Service. "Postmark" has the same meaning as defined above. Therefore, applicants should request that the postal clerk place a legible hand cancellation "bull's-eye" postmark on both the receipt and the envelope or wrapper.

The only acceptable evidence to establish the time of receipt at the U.S. Department of Labor is the date/time stamp of the Procurement Services Center on the application wrapper or

<sup>3</sup> U.S. Department of State, China: Country Reports on Human Rights Practices, 2001, March 4, 2002.

other documentary evidence or receipt maintained by that office.

Applications sent by e-mail, telegram, or facsimile (FAX) will not be accepted. Applications sent by other delivery services, such as Federal Express, UPS, etc., will be accepted, however, the applicant bears the responsibility for timely submission. Because of delay in the receipt of mail in the Washington, DC area, it is recommended that you confirm receipt of your application by contacting Lisa Harvey, U.S. Department of Labor, Procurement Services Center, telephone (202) 693-4570 (this is not a toll-free number), prior to the closing deadline. All inquiries should reference SGA 02-xx.

#### D. Funding Levels

Approximately US \$2.5 million is budgeted to fund this program.

Although USDOL reserves the right to award more than one cooperative agreement, joint applicants consisting of more than one organization may apply to implement the program. Applicants will submit one application for the implementation of all projects (including pilot projects in localities) and are encouraged to utilize local organizations to implement portions of the program in order to institutionalize and sustain project improvements and reduce costs. The award of any sub-contract will be subject to USDOL approval. *See* Section IV.D Administrative Requirements.

#### E. Program Duration

The duration of the program is four (4) years. The start date of project activities will be negotiated upon the awarding of the cooperative agreement(s).

### IV. Requirements

#### A. Statement of Work

In developing their proposals, applicants should develop a strategy for implementation of the project objective as stated in the section **SUPPLEMENTARY INFORMATION**. The strategy should take into account the implementing environment in China as well as that of the specific cities selected for pilot projects. The strategy should identify key mines and personnel for the program to successfully reduce mine accidents and improve the government's inspection and rescue functions (*see* Section I.B.).

The strategy should demonstrate how the applicant proposes to build upon the success of existing or past projects supported by other international donors, and coordinate activities among them at the local and national level. Further, the

applicant should draft a strategy demonstrating how it will meet the project objectives by the end of the grant period, and how sustainability will be an integral element of the overall program.

The applicant must present a strategy to demonstrate that at least

- 50% of targeted mines improve work safety conditions for workers; and
- 80% of government inspectors of mine safety law demonstrate greater skill in carrying out their functions.

The applicant should include a basis on which the target groups will be established (*i.e.*, target mines or regions), outline the information, education, and communication (IEC) materials that will be used as well as a strategy for translating education and capacity building efforts into concrete and demonstrable results. In addition, the applicant should develop sustainable innovative strategies for involving government and employers organizations, and nongovernmental organizations, as appropriate, in the development, implementation and enforcement of appropriate workplace policies at the national and enterprise levels aimed at ensuring workers' and employers' rights under the law. The applicant awarded the cooperative agreement ("grantee") will be required to work cooperatively with stakeholders in China, including but not limited to, MOLSS, SAWS, local bureaus of work safety, provincial and city governments, local mine bureaus, mines, NGOs, and other national or international organizations that work in similar areas. In addition, the grantee is expected to identify one or more key national or regional organizations that are capable of ensuring the sustainability of the program beyond the grant period.

#### B. Deliverables

Following the award of the cooperative agreement(s), unless otherwise indicated, the grantee must submit copies of all required reports to USDOL by the specified due dates. Other documents, such as project designs, are to be submitted by mutually agreed-upon deadlines.

##### 1. Project Designs

The grantee(s) will travel to cities in China with USDOL officials on a project design mission trip, draft the design, and submit a project document in the format established by USDOL, to include a background/justification section, project strategy (objectives, outputs, activities, indicators), project implementation timetable, project management organizational chart, project budget, logical framework and

performance monitoring plan to systematically monitor project results. The document will also include sections, which cover coordination strategies, project management, and sustainability of project improvements involving government, employers' and workers' organizations as well as other nongovernmental organizations as appropriate. The project design will be drawn, in part, from the proposal written in response to this solicitation.

##### 2. Technical Progress Reports

The grantee(s) must furnish a typed technical report to USDOL on a quarterly basis, no later than 15 days from the last date of each quarter, *i.e.*, 31 March, 30 June, 30 September and 31 December of each year. The 30 June (2nd quarter) and 31 December (4th quarter) reports are abbreviated and need only indicate whether the work plan was fully implemented and if not, explain why not and attach the amended work plan. The grantee(s) must also furnish a separate financial report (SF 272) to USDOL on the same quarterly basis. The format for the technical progress report will be the standard format developed by USDOL and must contain the following information:

- a. For each project objective, an accurate account of activities carried out under that objective during the reporting period as it relates to the work plan;
- b. Major trends in the project that note particular success with a particular activity or trends that indicate a need to readjust or expand the work plan;
- c. An account of problems, proposed solutions, actions taken or required regarding implementation of the project;
- d. New proposals for activities, staffing, funding, etc.;
- e. Lessons learned in project implementation;
- f. Future actions planned in support of each project objective;
- g. An accounting of staff and any sub-contractor hours expended;
- h. Aggregate amount of costs incurred during the reporting period, including estimated expenditures vs. budget; and
- i. An accounting of travel performed under the cooperative agreement during the reporting period, including purpose of trip, persons or organizations contacted, and benefits derived.

##### 3. Annual Work Plan

An annual work plan for each project will be submitted within 45 days after the approval of the project design by USDOL. Subsequent annual work plans, when revised, will be delivered to reflect modifications in implementation,

no later than one year following submission of the previous work plan; or to reflect revisions based on recommendations made during mid-term evaluations, no later than 30 days following the mid-term evaluation.

#### 4. Monitoring and Evaluation

A performance monitoring plan will be developed in collaboration with USDOL, including beginning and ending dates for projects, planned and actual dates for mid-term and final project evaluations, and will be included as part of the submission of the project document for USDOL approval. The plan will include performance indicators and instruments to collect and report on performance data on a semi-annual basis.

#### 5. Evaluation Reports

The Grant Officer's Technical Representative (GOTR) will determine whether a mid-term evaluation will be conducted by an internal or external evaluation team. The final evaluation will be external in nature. In all cases, evaluations will be objective and carried out by independent evaluators. The grantee(s) must respond to any comments and recommendations resulting from the review of the mid-term report and will submit a work plan for implementing the recommendations of the mid-term report within 15 days following formal submission of the report to the grantee(s) by USDOL. Applicants need to allocate funds for these activities in the proposed budget.

#### C. Production of Deliverables

##### 1. Materials Prepared and Purchased Under the Cooperative Agreement

- a. The percentage of the total costs of the program or project that will be financed with Federal money;
- b. The dollar amount of Federal funds for the project or program; and
- c. The percentage and dollar amount of the total costs of the project or program that will be financed by non-governmental sources.

In consultation with USDOL, USDOL's role will be acknowledged in one of the following ways:

- a. The USDOL logo may be applied to USDOL-funded material prepared for world-wide distribution, including posters, videos, pamphlets, research documents, national survey results, impact evaluations, best practice reports, and other publications of global interest. The grantee(s) will consult with USDOL on whether the logo should be used on any such items prior to final draft or final preparation for distribution. In no event shall the USDOL logo be placed on any item until USDOL has given the grantee written permission to use the logo, after obtaining appropriate internal USDOL approval for use of the logo on the item.

The grantee(s) agrees to inform the GOTR whenever it appears impossible for one or more of these individual(s) to continue work on the project as planned. The grantee(s) may nominate substitute personnel for approval of the GOTR; however, the grantee(s) must obtain prior approval from the Grant Officer for all key personnel. If the Grant Officer determines not to approve the personnel change, he/she reserves the right to terminate the cooperative agreement.

#### 4. Encumbrance of Cooperative Agreement Funds

All site visits and evaluations must be performed in such a manner as will not unduly delay the work.

### V. Review and Selection of Applications for Cooperative Agreement Award

#### A. The Review Process

USDOL will screen all applications to determine whether all required elements are present and clearly identifiable. A technical panel will objectively rate each complete application against the criteria described in this announcement. The panel recommendations to the Grant Officer are advisory in nature. The Grant Officer may elect to select one or more grantee on the basis of the initial proposal submission; or, the Grant Officer may establish a competitive or technically acceptable range for the purpose of selecting qualified

applicants. If deemed appropriate, following the Grant Officer's call for the preparation and receipt of final revisions of proposals, the evaluation process described above will be repeated to consider such revisions. The Grant Officer will make a final selection determination based on what is most advantageous to the Government, considering factors such as panel findings, geographic presence of the applicants, the best value to the Government, cost and other factors. The Grant Officer's determination for award under this SGA is final.

*Notice:* Selection of an organization as a cooperative agreement recipient does not constitute approval of the cooperative agreement application as submitted. Before the actual cooperative agreement is awarded, the Grant Officer may enter into negotiations concerning such items as program components, funding levels, and administrative systems. If the negotiations do not result in an acceptable submission, the Grant Officer reserves the right to terminate the negotiation and decline to fund the application.

#### B. Rating Criteria and Selection

## 3. Experience and Qualifications of Key Personnel (25 points)

This section of the application must include sufficient information for judging the quality and the competence of key staff proposed to be assigned to the project(s) proposed to assure that they meet the required qualifications. Successful performance of the proposed work depends heavily on the qualifications of the individuals committed to the project. Accordingly, in its evaluation of each application, USDOL will place emphasis on the applicant's commitment of key personnel qualified for the work involved in accomplishing the assigned tasks. Information provided on the experience and educational background of personnel must indicate the following:

(a) The identity of key personnel assigned to the project. "Key personnel" are staff who are essential to the successful operation of the project and completion of the proposed work and, therefore, may not be replaced or have their hours reduced without the approval of the Grant Officer.

(b) The educational background, Chinese language skills, and experience of key personnel.

(c) The special capabilities of key personnel that demonstrate prior experience in organizing, managing and performing similar efforts.

(d) The current employment status of key personnel and availability for this project. The applicant must also indicate whether the proposed work will be performed by persons currently employed or is dependent upon planned recruitment or sub-contracting.

Note that management and professional technical staff members comprising the applicant's proposed team should be individuals who have prior experience with organizations working in similar efforts, and are fully qualified to perform work specified in the Statement of Work. Where sub-contractors or outside assistance is proposed, organizational control should be clearly delineated to ensure responsiveness to the needs of USDOL. Key personnel must sign letters of

agreement to serve on the project, and indicate availability to commence work within three weeks of grant award.

The following information must be furnished:

(a) The applicant must designate a Program Director and other key personnel to oversee the program. The Program Director must have a minimum of three years of professional experience in a leadership role in implementation of complex labor programs in developing countries. He or she must demonstrate sufficient knowledge of and understanding of China's political and economic development, its government, and the complexity of China's current state-local relations. Chinese language (Mandarin) proficiency is highly desirable.

(b) The applicant should specify other key personnel proposed to carry out the requirements of this solicitation.

(c) An organization chart showing the applicant's proposed organizational structure for performing task requirements for the project(s) proposed, along with a description of the roles and responsibilities of all key personnel proposed for this project(s). The chart should also differentiate between elements of the applicant's staff and sub-contractors or consultants who will be retained.

(d) Identify all key tasks and the person-days required to complete each task. Labor estimates for each task must be broken down by individuals assigned to the task, including sub-contractors and consultants. All key tasks must be charted to show time required to perform them by months or weeks.

(e) A resume for each of the key personnel to be assigned to the program. At a minimum, each resume must include: the individual's current employment status and previous work experience, including position title, duties performed, dates in position, employing organizations and educational background, including Chinese language skills (if any). Duties must be clearly defined in terms of role performed, i.e., manager, team leader, consultant, etc. (Resumes must be included as attachments, which do not count toward the page limitation.)

(f) The special capabilities of staff that demonstrate prior experience in organization, managing and performing similar efforts.

(g) The current employment status of key personnel proposed for work under the cooperative agreement, i.e., whether personnel are currently employed by the organization or whether their employment depends upon planned recruitment or sub-contracting.

## 4. Budget Plan (10 points)

The applicant must develop one proposed budget for the implementation of the entire program, including pilot projects in localities. This section of the application must explain the costs for performing all of the requirements presented in this solicitation and for producing all required reports and other deliverables presented in this solicitation; costs must include labor, training, material production and

dissemination, equipment, travel and other related costs. The budget plan will be evaluated solely for the purpose of determining the efficient and effective allocation of funding for proposed program implementation. Preference may be given to applicants with low administrative costs. Administrative costs shall be reflected separately on the budget plan from programmatic costs.

The budget must comply with Federal cost principles (which can be found in the applicable OMB Circulars) and with

ILAB budget requirements contained in the application instructions in Section III of this solicitation.

This stated commitment will be incorporated into the text of the cooperative agreement with the selected applicant(s).

Signed in Washington, DC, on this 31 day of July, 2002.

## INSTRUCTIONS FOR THE SF-424A

Public reporting burden for this collection of information is estimated to average 180 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0044), Washington, DC 20503.

**PLEASE DO NOT RETURN YOUR COMPLETED FORM TO THE OFFICE OF MANAGEMENT AND BUDGET. SEND IT TO THE ADDRESS PROVIDED BY THE SPONSORING AGENCY.**

**General Instructions**

This form is designed so that application can be made for funds from one or more grant programs. In preparing the budget, adhere to any existing Federal grantor agency guidelines which prescribe how and whether budgeted amounts should be separately shown for different functions or activities within the program. For some programs, grantor agencies may require budgets to be separately shown by function or activity. For other programs, grantor agencies may require a breakdown by function or activity. Sections A, B, C, and D should include budget estimates for the whole project except when applying for assistance which requires Federal authorization in annual or other funding period increments. In the latter case, Sections A, B, C, and D should provide the budget for the first budget period (usually a year) and Section E should present the need for Federal assistance in the subsequent budget periods. All applications should contain a breakdown by the object class categories shown in Lines a-k of Section B.

**Section A. Budget Summary Lines 1-4 Columns (a) and (b)**

For applications pertaining to a single Federal grant program (Federal Domestic Assistance Catalog number) and not requiring a functional or activity breakdown, enter on Line 1 under Column (a) the Catalog program title and the Catalog number in Column (b).

For applications pertaining to a single program requiring budget amounts by multiple functions or activities, enter the name of each activity or function on each line in Column (a), and enter the Catalog number in Column (b). For applications pertaining to multiple programs where none of the programs require a breakdown by function or activity, enter the Catalog program title on each line in Column (a) and the respective Catalog number on each line in Column (b).

For applications pertaining to multiple programs where one or more programs require a breakdown by function or activity, prepare a separate sheet for each program requiring the breakdown. Additional sheets should be used when one form does not provide adequate space for all breakdown of data required. However, when more than one sheet is used, the first page should provide the summary totals by programs.

**Lines 1-4, Columns (c) through (g)**

For new applications, leave Column (c) and (d) blank. For each line entry in Columns (a) and (b), enter in Columns (e), (f), and (g) the appropriate amounts of funds needed to support the project for the first funding period (usually a year).

For continuing grant program applications, submit these forms before the end of each funding period as required by the grantor agency. Enter in Columns (c) and (d) the estimated amounts of funds which will remain unobligated at the end of the grant funding period only if the Federal grantor agency instructions provide for this. Otherwise, leave these columns blank. Enter in columns (e) and (f) the amounts of funds needed for the upcoming period. The amount(s) in Column (g) should be the sum of amounts in Columns (e) and (f).

For supplemental grants and changes to existing grants, do not use Columns (c) and (d). Enter in Column (e) the amount of the increase or decrease of Federal funds and enter in Column (f) the amount of the increase or decrease of non-Federal funds. In Column (g) enter the new total budgeted amount (Federal and non-Federal) which includes the total previous authorized budgeted amounts plus or minus, as appropriate, the amounts shown in Columns (e) and (f). The amount(s) in Column (g) should not equal the sum of amounts in Columns (e) and (f).

**Line 5** - Show the totals for all columns used.

**Section B Budget Categories**

In the column headings (1) through (4), enter the titles of the same programs, functions, and activities shown on Lines 1-4, Column (a), Section A. When additional sheets are prepared for Section A, provide similar column headings on each sheet. For each program, function or activity, fill in the total requirements for funds (both Federal and non-Federal) by object class categories.

**Line 6a-i** - Show the totals of Lines 6a to 6h in each column.

**Line 6j** - Show the amount of indirect cost.

**Line 6k** - Enter the total of amounts on Lines 6i and 6j. For all applications for new grants and continuation grants the total amount in column (5), Line 6k, should be the same as the total amount shown in Section A, Column (g), Line 5. For supplemental grants and changes to grants, the total amount of the increase or decrease as shown in Columns (1)-(4), Line 6k should be the same as the sum of the amounts in Section A, Columns (e) and (f) on Line 5.

**Line 7** - Enter the estimated amount of income, if any, expected to be generated from this project. Do not add or subtract this amount from the total project amount. Show under the program

narrative statement the nature and source of income. The estimated amount of program income may be considered by the Federal grantor agency in determining the total amount of the grant.

**Section C. Non-Federal Resources**

**Lines 8-11** Enter amounts of non-Federal resources that will be used on the grant. If in-kind contributions are included, provide a brief explanation on a separate sheet.

**Column (a)** - Enter the program titles identical to Column (a), Section A. A breakdown by function or activity is not necessary.

**Column (b)** - Enter the contribution to be made by the applicant.

**Column (c)** - Enter the amount of the State's cash and in-kind contribution if the applicant is not a State or State agency. Applicants which are a State or State agencies should leave this column blank.

**Column (e)** - Enter totals of Columns (b), (c), and (d).

**Line 12** - Enter the total for each of Columns (b)-(e). The amount in Column (e) should be equal to the amount on Line 5, Column (f), Section A.

**Section D. Forecasted Cash Needs**

**Line 13** - Enter the amount of cash needed by quarter from the grantor agency during the first year.

**Line 14** - Enter the amount of cash from all other sources needed by quarter during the first year.

**Line 15** - Enter the totals of amounts on Lines 13 and 14.

**Section E. Budget Estimates of Federal Funds Needed for Balance of the Project**

**Lines 16-19** - Enter in Column (a) the same grant program titles shown in Column (a), Section A. A breakdown by function or activity is not necessary. For new applications and continuation grant applications, enter in the proper columns amounts of Federal funds which will be needed to complete the program or project over the succeeding funding periods (usually in years). This section need not be completed for revisions (amendments, changes, or supplements) to funds for the current year of existing grants.

If more than four lines are needed to list the program titles, submit additional schedules as necessary.

**Line 20** - Enter the total for each of the Columns (b)-(e). When additional schedules are prepared for this Section, annotate accordingly and show the overall totals on this line.

**Section F. Other Budget Information**

**Line 21** - Use this space to explain amounts for individual direct object class cost categories that may appear to be out of the ordinary or to explain the details as required by the Federal grantor agency.

**Line 22** - Enter the type of indirect rate (provisional, predetermined, final or fixed) that will be in effect during the funding period, the estimated amount of the base to which the rate is applied, and the total indirect expense.

**Line 23** - Provide any other explanations or comments deemed necessary.
