SUPPLEMENTARY INFORMATION: In
accordance with the National
Manufactured Housing Construction
and Safety Standards Act of 1974 (42
U.S.C. 5401 *et seq.*) (the Act), the
Department initiated a program that, in
part, provides for establishment of
standards by which all manufactured
homes are constructed. The Act
provides that these construction and
safety standards preempt all standards
of a State or political subdivision
applicable to the same aspect of
performance of a manufactured home
that are not identical to the Federal
manufactured home construction and
safety standards.

The Manufactured Housing
Improvement Act of 2000 (Title VI of
Public Law 106-569, approved
December 27, 2000) (the 2000 Act)

amended the Act in several areas. The
2000 Act specifically provides for the
establishment of a Consensus
Committee for manufactured housing. In
accordance with the 2000 Act, the
Department acquired the services of an
Administering Organization (AO), in
part to undertake the process of seeking
qualified candidates and recommending
to HUD the initial members for the
Consensus Committee. The AO selected
candidates to recommend as the initial
members based on procedures for
consensus committees promulgated by
the American National Standards
Institute (ANSI). As required by the
2000 Act, the selections were designed
to ensure equal representation among
the prescribed interest categories:
producers, users, and general interest
and public officials.

Twenty-one individuals have been
selected by HUD to serve as voting
members on the committee. Those
persons selected are listed below, with
the localities and States from which
they come, in the major interest category
they represent. In order to remain
eligible for service, each member must
continue to qualify as a representative of
the category for which he or she has

Description: Section 201(c) of the Migrant and Seasonal Agricultural Worker Protection Act (MSPA), 29 USC 1801 *et seq.*, requires that any farm labor contractor, agricultural employer or agricultural association that provides housing to any migrant agricultural worker post in a conspicuous place or present to such worker a statement of the terms and conditions, if any, of occupancy of such housing. In addition, Section 201(g) of MSPA requires that such information be provided in English, or as necessary and reasonable, in a language common to the workers and that the Department of Labor make forms available to provide such information. Section 500.75(f) and (g) of Regulations, 29 CFR part 500, of MSPA, sets forth the terms of occupancy of housing which are to be posted or given in a written statement to the worker. Section 500.1(i)(2) provides for optional Form WH-521, which may be used to satisfy sections 201(c) and 201(g) of MSPA. While use of the form is optional, disclosure of the information is required by MSPA. Less frequent disclosure would prevent the Department of Labor from determining compliance with this requirement of MSPA.
