

The amended notice applicable to TA-W-40,983 is hereby issued as follows:

"All workers of Symbol Technologies, Telxon Corporation, Houston, Texas, engaged in the production of bar code scanners and handheld computers, who became totally or partially separated from employment on or after January 3, 2001, through May 7, 2004, are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974."

Signed at Washington, DC, this 6th day of August, 2002.

**Linda G. Poole,**

*Certifying Officer, Division of Trade Adjustment Assistance.*

#### Temporary Extended Unemployment Compensation Program Reports; Proposed Collection; Comment Request

**ACTION:** Notice.

**SUMMARY:** The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) [44 U.S.C. 3506(c)(2)(A)]. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the Employment and Training Administration (ETA) is soliciting comments concerning the proposed extension of approval for the collection of reports concerning the Temporary Extended Unemployment Compensation (TEUC) program. A copy of the proposed information collection request (ICR) can be obtained by contacting the office listed below in the addressee section of this notice.

**DATES:** Written comments must be submitted to the office listed in the addresses section below on or before October 15, 2002.

**ADDRESSES:** Thomas Stengle, U.S. Department of Labor, Employment and Training Administration, Room S-4231,

200 Constitution Ave. NW., Washington, DC 20210. Phone number: 202-693-2991. Fax: 202-693-3229. (These are not toll free numbers.) e-mail: [tstengle@doleta.gov](mailto:tstengle@doleta.gov).

#### SUPPLEMENTARY INFORMATION:

##### I. Background

The TEUC program was created under Public Law 107-147. This program allows for the application for and receipt of additional weeks of unemployment compensation under certain circumstances. This program is scheduled to expire December 31, 2002. In order to track participation in the program, plan for workloads, and plan for and distribute budget allocations, it is essential that certain basic data be collected and maintained. The collection of this information has previously been approved through an emergency clearance process through November 30, 2002. The TEUC program is currently due to expire December 28, 2002, and ETA is requesting that reporting for all reports continue for twelve full months or four full quarters after the last payable week of the TEUC program. However, to provide for potential congressional extensions of this program, ETA is seeking approval of a 2 year extension for this collection package.

##### II. Review Focus

The Department of Labor is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

##### III. Current Actions

This is a request for OMB approval under the Paperwork Reduction Act of 1995 (44 U.S.C. 3506(c)(2)(A)) for continuing an existing collection of

information previously approved and assigned OMB Control No. 1205-0009.

*Type of Review:* Extension.

*Agency:* Employment and Training Administration.

*Title:* Temporary Extended Unemployment Compensation Reports

*OMB Number:* 1205-0433.

*Agency Numbers:* ETA 207, ETA 218, ETA 227, ETA 539, ETA 2112, ETA 5130, ETA 5159.

*Affected Public:* State Government.

*Cite/Reference/Form/etc:* ETA 207, ETA 218, ETA 227, ETA 539, ETA 2112, ETA 5130, ETA 5159.

*Total Respondents:* 53.

*Frequency:* Monthly.

*Total Responses:* 5300.

*Average Time per Response:* .33 hours.

*Estimated Total Burden Hours:* 1,787 hours per year.

*Total Burden Cost (capital/startup):* \$0.

*Total Burden Cost (operating/maintaining):* \$0.

Comments submitted in response to this comment request will be summarized and/or included in the request for Office of Management and Budget approval of the information collection request; they will also become a matter of public record.

Dated: August 8, 2002.

**Grace A. Kilbane,**

*Administrator, Office of Workforce Security.*

## DEPARTMENT OF LABOR

### Employment and Training Administration

#### Investigations Regarding Certifications of Eligibility To Apply for NAFTA Transitional Adjustment Assistance

Petitions for transitional adjustment assistance under the North American Free Trade Agreement-Transitional Adjustment Assistance Implementation Act (Pub. L. 103-182), hereinafter called (NAFTA-TAA), have been filed with State Governors under section 250(b)(1) of Subchapter D, Chapter 2, Title II, of the Trade Act of 1974, as amended, are identified in the Appendix to this Notice. Upon notice from a Governor that a NAFTA-TAA petition has been received, the Director of the Division of Trade Adjustment Assistance (DTAA), Employment and Training Administration (ETA), Department of Labor (DOL), announces the filing of the petition and takes action pursuant to paragraphs (c) and (e) of section 250 of the Trade Act.

The purpose of the Governor's actions and the Labor Department's investigations are to determine whether the workers separated from employment on or after December 8, 1993 (date of enactment of Pub. L. 103-182) are eligible to apply for NAFTA-TAA under Subchapter D of the Trade Act because of increased imports from or the shift in production to Mexico or Canada.

The petitioners or any other persons showing a substantial interest in the

subject matter of the investigations may request a public hearing with the Director of DTAA at the U.S. Department of Labor (DOL) in Washington, DC, provided such request is filed in writing with the Director of DTAA not later than August 26, 2002.

Also, interested persons are invited to submit written comments regarding the subject matter of the petitions to the Director of DTAA at the address shown below not later than August 26, 2002.

Petitions filed with Governors are available for inspection at the Office of the Director, DTAA, ETA, DOL, Room C-5311, 200 Constitution Avenue, NW., Washington, DC 20210.

Signed at Washington, DC, this 7th day of August, 2002.

**Edward A. Tomchick,**

*Director, Division of Trade Adjustment Assistance.*

## DEPARTMENT OF LABOR

Employment and Training  
Administration

[NAFTA-6124]

**Holophane, a Division of Acuity  
Lighting Group, Inc., Springfield, OH;  
Notice of Negative Determination  
Regarding Application for  
Reconsideration**

By application dated July 9, 2002, the International Union, UAW, Region 2B and Local Union No. 1876 requested administrative reconsideration of the Department's negative determination regarding eligibility to apply for North American Free Trade Agreement-Transitional Adjustment Assistance (NAFTA-TAA), applicable to workers and former workers of the subject firm. The denial notice was signed on May 22, 2002, and was published in the **Federal Register** on June 11, 2002 (67 FR 40005).

Pursuant to 29 CFR 90.18(c) reconsideration may be granted under the following circumstances:

(1) If it appears on the basis of facts not previously considered that the

determination complained of was erroneous;

(2) if it appears that the determination complained of was based on a mistake in the determination of facts not previously considered; or

(3) if in the opinion of the Certifying Officer, a mis-interpretation of facts or of the law justified reconsideration of the decision.

The denial of NAFTA-TAA for workers engaged in activities related to the production of castings which are sold within the corporation at Holophane, a Division of Acuity Lighting Group, Inc., Springfield, Ohio was based on the finding that criteria (3) and (4) of the group eligibility requirements of paragraph (a)(1) of Section 250 of the Trade Act, as amended, were not met. There were no company imports of castings from Mexico or Canada, nor did the subject firm shift production from Springfield, Ohio to Mexico or Canada. The subject firm has decided to outsource castings domestically and transfer some other secondary functions to another company facility in the United States.

The petitioner alleges that the subject firm shifted subject plant machinery and equipment to a warehouse located in Brownsville, Texas and then shipped the machinery to an affiliated plant located in Matamoros, Mexico that produces outdoor architectural lighting

fixtures and poles. The petitioner also supplied pictures and various shipping information (printed and handwritten) pertaining to the shifts in plant machinery to Mexico.

A review of the company data supplied in the initial decision shows the subject plant was an internal component supplier of Aluminum Die-Castings, Low Pressure Castings and Sand Casting to an affiliated Holophane manufacturing plant located in Newark, New Jersey. As part of a business diagnostics project, an evaluation was made by the company to determine if Holophane should continue to produce its own castings since manufacturing Aluminum castings is not a core competency of Holophane. Consequently, the building and Die Cast equipment was sold to a domestic company located in Arkansas with a production plant located in Tennessee. The plant located in Tennessee will supply the Die cast component parts to Holophane. With regard to the Low-pressure Castings and Sand Casting, other firms located in Ohio are now supplying Holophane products produced by the subject plant. All secondary operations previously performed at the Springfield facility have been transferred to affiliated plants located in Utica, Ohio. Therefore, all of the work performed at the subject plant prior to the closure is still being
