The MOU delineates the responsibilities and procedures for ATSDR's public health activities at DOE sites required under sections 104, 105, 107, and 120 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA or "Superfund"). These activities include health consultations and public health assessments at DOE sites listed on, or proposed for, the Superfund National Priorities List and at sites that are the subject of petitions from the public; and other health-related activities such as epidemiologic studies, health surveillance, exposure and disease registries, health education, substance-specific applied research, emergency response, and preparation of toxicological profiles. In addition, under an MOU signed in December 1990 with DOE and replaced by an MOU signed in 2000, the Department of Health and Human Services (HHS) has been given the responsibility and resources for conducting analytic epidemiologic investigations of residents of communities in the vicinity of DOE facilities, workers at DOE facilities, and other persons potentially exposed to radiation or to potential hazards from non-nuclear energy production and use. HHS has delegated program responsibility to CDC.

*Purpose:* This subcommittee is charged with providing advice and recommendations to the Director, CDC, and the Administrator, ATSDR, pertaining to CDC's and ATSDR's public health activities and research at this DOE site. *Title:* State Plan for Foster Care, Independent Living Services and Adoption Assistance under Title IV-E of the Social Security Act.

*OMB No.:* 0980-0141.

*Description:* A State plan is required by sections 471 and 477(b)(2), part IV-E of the Social Security Act (the Act) for each public child welfare agency requesting Federal funding for foster care, independent living services and adoption assistance under the Act. The State plan is a comprehensive narrative description of the nature and scope of a State's programs and provides assurances the programs will be administered in conformity with the specific requirement stipulated in title IV-E. The plan must include all applicable State statutory, regulatory, or policy references and citation for each requirement as well as supporting documentation. A State may use the pre-print format prepared by the Children's Bureau of the Administration for Children and Families or a different format, on the condition that the format used includes all of the title IV-E State plan requirements of the law.

*Respondents:* State and Territorial Agencies (State Agencies) administering or supervising the administration of the title IV-E program.

**ANNUAL BURDEN ESTIMATES**

Instrument	Number of respondents	Number of responses per respondent	Average burden hours per response	Total burden hours

Cooperative Agreement for Evaluation Technical Assistance Center.	Oct. 22, 2002 .....	\$800,000	1	3

The actual amount available for the award may vary depending on unanticipated program requirements and actual SAMHSA appropriations. This program is being announced prior to the annual appropriation for FY 2003 for SAMHSA's programs. Applications are invited based on the assumption that sufficient funds will be appropriated for FY 2003 to permit funding of an Evaluation Technical Assistance Center cooperative agreement. This program is being announced in order to allow applicants sufficient time to plan and prepare applications. Solicitation of applications in advance of a final appropriation will also enable the award of appropriated grant funds in an expeditious manner and thus allow prompt implementation and evaluation of promising practices. All applicants are reminded, however, that we cannot guarantee sufficient funds will be appropriated to permit SAMHSA to fund the cooperative agreement. This program is authorized under Section 1948(a) of the Public Health Service Act. SAMHSA's policies and procedures for peer review and Advisory Council review of grant and cooperative agreement applications were published in the **Federal Register** (Vol. 58, No. 126) on July 2, 1993.

**General Instructions:** Applicants must use application form PHS 5161-1 (Rev. 7/00). The application kit contains the two-part application materials (complete programmatic guidance and

instructions for preparing and submitting applications), the PHS 5161-1 which includes Standard Form 424 (Face Page), and other documentation and forms. Application kits may be obtained from: National Mental Health Services Knowledge Exchange Network (KEN), P.O. Box 42490, Washington, DC 20015, Telephone: 1-800-789-2647.

The PHS 5161-1 application form and the full text of the grant announcement are also available electronically via SAMHSA's World Wide Web Home Page: <http://www.samhsa.gov> (Click on "Grant Opportunities"). When requesting an application kit, the applicant must specify the particular announcement number for which detailed information is desired. All information necessary to apply, including where to submit applications and application deadline instructions, are included in the application kit.

**Purpose:** The Substance Abuse and Mental Health Services Administration (SAMHSA), Center for Mental Health Services (CMHS) is accepting applications for a fiscal year (FY) 2003 cooperative agreement to provide technical assistance to States and the mental health community regarding how to conduct high quality evaluations of programs and service systems, and how to interpret and use the results of evaluation and mental health services research to improve the planning, development, and operation of adult services provided under the Community

Mental Health Services (CMHS) Block Grant program.

**Eligibility:** All public or private domestic nonprofit entities, including faith-based organizations, can apply.

**Availability of Funds:** It is estimated that up to \$800,000 will be available for the award (direct plus indirect costs) each year. Actual funding levels will depend on the availability of funds and the applicant's budget justification. Annual continuation awards will depend on the availability of funds and progress achieved.

**Period of Support:** The award should be requested for a project period of 3 years.

**Criteria for Review and Funding**

**General Review Criteria:** Competing applications requesting funding under this activity will be reviewed for technical merit in accordance with established PHS/SAMHSA peer review procedures. Review criteria that will be used by the peer review groups are specified in the application guidance material.

**Award Criteria for Scored Applications:** Applications will be considered for funding on the basis of their overall technical merit as determined through the peer review group and the appropriate National Advisory Council review process. Availability of funds will also be an award criterion. Additional award criteria specific to the programmatic
