For technical questions about the ICR contact Dan Chadwick at (202) 564-7054.

SUPPLEMENTARY INFORMATION:

Title: NSPS for Equipment Leaks of VOC in Petroleum Refineries—Subpart GGG, OMB Control No. 2060-0067; EPA ICR No. 0983.07, expiration date October 31, 2002. This is a request for extension of a currently approved collection.

Abstract: The New Source Performance Standards (NSPS) for Equipment Leaks of Volatile Organic Compounds (VOC) in Petroleum Refineries were proposed on January 4, 1983 and promulgated on May 30, 1984. These standards apply to the following facilities in petroleum refineries: compressors and the group of all equipment (e.g. valves, pumps, flanges, etc.) within a process unit in VOC service, commencing construction or reconstruction after the date of proposal. This information is being collected to assure compliance with 40 CFR part 60, subpart GGG.

Owners or operators of the affected facilities described must make one-time-only notifications. Owners or operators are also required to maintain records of the occurrence and duration of any startup, shutdown, or malfunction in the operation of an affected facility, or any period during which the monitoring system is inoperative. Monitoring requirements specific to Equipment Leaks of VOC in Petroleum Refineries provide information on which components are leaking VOCs. NSPS subpart GGG references the compliance requirements of NSPS subpart VV. Owners or operators are required to periodically (time period varies depending on equipment type and leak history) record information identifying leaking equipment, repair methods used to stop the leaks and dates of repair. Semiannual reports are required to measure compliance with the standards of NSPS subpart VV as referenced by

NSPS subpart GGG. These notifications, reports, and records are essential in determining compliance; and are required, in general, of all sources subject to NSPS. Any owner or operator subject to the provisions of this part shall maintain a file of these measurements, and retain the file for at least two years following the date of such measurements, maintenance reports, and records.

All reports are sent to the delegated State or Local authority. In the event that there is no such delegated authority, the reports are sent directly to the EPA Regional Office. Responses to this information collection are mandatory. Section 111 of the Clean Air Act as Amended provide EPA with the authority for NSPS standards; 40 CFR part 60, NSPS subpart GGG, requires the collection of the emissions data.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations are listed in 40 CFR part 9 and 48 CFR Chapter 15. The **Federal Register** document required under 5 CFR 1320.8(d), soliciting comments on this collection of information was published on January 30, 2002, (67 FR 4421); no comments were received.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 57 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: Owners and operators of petroleum refineries.

Estimated Number of Respondents: 48.

Frequency of Response: Initial, weekly, monthly, quarterly, semiannual.

Estimated Total Annual Hour Burden: 6,137 hours.

Estimated Total Annualized Capital, and O&M Cost Burden: \$0.

Send comments on the Agency's need for this information, the accuracy of the provided burden estimates, and any suggested methods for minimizing respondent burden, including through the use of automated collection techniques to the addresses listed above. Please refer to EPA ICR No. 0983.07 and OMB Control No. 2060-0067 in any correspondence.

Dated: August 23, 2002.

Oscar Morales,

Director, Collection Strategies Division.

EPA Science Advisory Board Executive Committee; Notification of Public Advisory Committee Meeting

Pursuant to the Federal Advisory Committee Act, Public Law 92-463, notice is hereby given that the Executive Committee (EC) of the U.S. EPA Science Advisory Board (SAB) will meet on Tuesday, October 1, 2002 and Wednesday, October 2, 2002 at the Hotel Washington, (Federal Room) 515 15th Street, NW., Washington, DC. The meeting will begin by 9 a.m. on October 1 and adjourn no later than 3 p.m. on October 2, 2002 Eastern Time. The meeting is open to the public, however, seating is limited and available on a first come basis.

Purpose of the Meeting: This meeting of the SAB Executive Committee is one in a series of periodic meetings in which the EC takes action on reports generated by SAB Committees, meets with Agency leadership, and addresses a variety of issues germane to the operation of the Board. The agenda for the meeting will be posted on the SAB Web site (<http://www.epa.gov/sab>) approximately two weeks before the meeting and may include, but not be limited to the following:

1. Action on Committee reports, including:

(a) Radiation Advisory Committee (RAC): "Underground Storage Tanks (UST) Cleanup and Resource Conservation and Recovery Act (RCRA) Subtitle C Program Benefits, Costs, and Impacts Assessments: An EPA Science Advisory Board Advisory"

(b) Executive Committee's Trichloroethylene (TCE) Review Panel: "Review of Draft Trichloroethylene

Health Risk Assessment: Synthesis and Characterization—An SAB Report”

2. Meeting with Agency leaders, including

(a) Ms. Linda Fisher, Deputy Administrator, USEPA

(b) Dr. Paul Gilman, Science Advisor to Governor Whitman, and Assistant Administrator, Office of Research and Development, USEPA

3. Matters of Board business, including

(a) Finalizing the SAB project agenda for FY2003.

(b) A Consultation on Data Quality and Reproducibility—The background and charge questions for this consultation are located on the SAB Web site under “Recent Additions” then click “Executive Committee.” For further information about the Consultation, please contact Mr. Lawrence Martin, Designated Federal Officer on 202–564–6497, or via e-mail at martin.lawrence@epa.gov.

Availability of Review Materials: Draft SAB reports or other relevant materials will be posted on the SAB Web site (<http://www.epa.gov/sab>) approximately two weeks before the date of the meeting.

For Further Information: Any member of the public wishing further information concerning this meeting or wishing to submit brief oral comments (5 minutes or less) must contact Mr. A. Robert Flaak, Designated Federal Officer, EPA Science Advisory Board (1400A), U.S. Environmental Protection Agency, 1200 Pennsylvania Avenue, NW., Washington, DC 20460; telephone (202) 564–4546; FAX (202) 501–0582; or via e-mail at flaak.robert@epa.gov. Requests for oral comments must be *in writing* (e-mail, fax or mail) and received by Mr. Flaak no later than noon Eastern Time on September 24, 2002. Logistical information concerning this meeting is available from Ms. Diana Pozun, Program Specialist, EPA Science Advisory Board (1400A), U.S. Environmental Protection Agency, 1200 Pennsylvania Avenue, NW., Washington, DC 20460; telephone (202) 564–4544; FAX (202) 501–0323; or via e-mail at pozun.diana@epa.gov.

Providing Oral or Written Comments at SAB Meetings

It is the policy of the EPA Science Advisory Board to accept written public comments of any length, and to accommodate oral public comments whenever possible. The EPA Science Advisory Board expects that public statements presented at its meetings will not be repetitive of previously submitted oral or written statements. *Oral Comments:* In general, each

individual or group requesting an oral presentation at a face-to-face meeting will be limited to a total time of ten minutes (unless otherwise indicated). For teleconference meetings, opportunities for oral comment will usually be limited to no more than three minutes per speaker and no more than fifteen minutes total. Deadlines for getting on the public speaker list for a meeting are given above. Speakers should bring at least 35 copies of their comments and presentation slides for distribution to the reviewers and public at the meeting. *Written Comments:* Although the SAB accepts written comments until the date of the meeting (unless otherwise stated), written comments should be received in the SAB Staff Office at least one week prior to the meeting date so that the comments may be made available to the committee for their consideration. Comments should be supplied to Dr. Barnes at the address/contact information noted above in the following formats: one hard copy with original signature, and one electronic copy via e-mail (acceptable file format: WordPerfect, Word, or Rich Text files (in IBM-PC/Windows 95/98 format)). Those providing written comments and who attend the meeting are also asked to bring 25 copies of their comments for public distribution.

General Information: Additional information concerning the EPA Science Advisory Board, its structure, function, and composition, may be found on the SAB Web site (<http://www.epa.gov/sab>) and in *The FY2001 Annual Report of the Staff Director* which is available from the SAB Publications Staff at (202) 564–4533 or via fax at (202) 501–0323.

Meeting Access: Individuals requiring special accommodation at this meeting, including wheelchair access to the conference room, should contact Mr. Flaak at least five business days prior to the meeting so that appropriate arrangements can be made.

Dated: September 9, 2002.

Vanessa Vu,

Director, EPA Science Advisory Board Staff Office.

EPA Science Advisory Board, Executive Committee; Addendum to Notification of Public Advisory Committee Meeting

Pursuant to the Federal Advisory Committee Act, Public Law 92–463, as amended (5 U.S.C. App.), notice is hereby given that the agenda for the meeting of the Executive Committee (EC) of the U.S. EPA Science Advisory Board (SAB) to be held on Tuesday, October 1, 2002 and Wednesday, October 2, 2002 at the Hotel Washington (Federal Room), 515 15th Street, NW., Washington, DC has been expanded to include a review of the report from the SAB Metals Assessment Panel which met September 10–12, 2002. The EC meeting will begin by 9 a.m. on October 1 and adjourn no later than 3 p.m. on October 2, 2002 Eastern Time. The meeting is open to the public, however, seating is limited and available on a first come basis.

Purpose of the Meeting: This meeting of the SAB Executive Committee is one in a series of periodic meetings in which the EC takes action on reports generated by SAB Committees, meets with Agency leadership, and addresses a variety of issues germane to the operation of the Board. The agenda for the meeting will be posted on the SAB Web site (www.epa.gov/sab) approximately two weeks before the meeting.

Due to critical mission and schedule requirements, there is insufficient time to provide the full 15 calendar days notice for this addendum in the **Federal Register** prior to this meeting of the SAB Executive Committee, pursuant to the final rule on Federal Advisory Committee Management codified at 41 CFR 102–3.150.

Availability of Review Materials: Draft SAB reports or other relevant materials will be posted on the SAB Web site (www.epa.gov/sab) approximately two weeks before the date of the meeting.

Background on Metals Assessment Panel: The EPA SAB announced in 67 FR 38957–38959, June 6, 2002, that it had been asked to undertake a review of EPA’s draft Action Plan for the “Framework for Metals Assessment and Cross-Agency Guidance for Assessing Metals-Related Hazard and Risk.” The background, charge, and description of the review documents appear in the above referenced **Federal Register** notice and are also available at the SAB Web site (www.epa.gov/sab). The charge for this review was published in 67 FR 38957–38959, June 6, 2002. The review
