

“State of the Sanctuary Report” during Winter 2001/2002 (a change in Sanctuary administration delayed the management plan review process for approximately one year).

The State of the Sanctuary Report, which also contains current background information on the Sanctuary’s administrative capacities, its environmental features and human uses, and its going activities, has been released to familiarize the public with the current status of Sanctuary management and the range of issues identified during the initial scoping period of 1998/1999. The report can be obtained by contacting the SBNMS Management Plan Review Coordinator at the address below or by downloading it from the SBNMS website at <http://stellwagen.nos.noaa.gov>.
