

5. An atmospheric scientist.

Task force nominations must be in writing and provide the appropriate background documents required by the Department of Agriculture (USDA) policy, including Form AD-755. Previous nominees and current task force members who wish to be reappointed should update their nominations and provide a new background disclosure form (AD-755) to reaffirm their candidacy. Service as a task force member shall not constitute employment by, or the holding of an office of, the United States for the purpose of any Federal law.

A task force member shall serve for a term of 2 years. Task force members shall receive no compensation from the NRCS for their service as task force members except as described below.

While away from home or regular place of business as a member of the task force, the member will be eligible for travel expenses paid by NRCS, including per diem in lieu of subsistence, at the same rate as a person employed intermittently in the government service under section 5703 of Title 5, United States Code.

Additional information about the Task Force on Agricultural Air Quality may be found on the World Wide Web at <http://fargo.nserl.purdue.edu/faca/>.

Submitting Nominations

Nominations should be typed and should include the following:

1. A brief summary of no more than two pages explaining the nominee's qualifications to serve on the Task Force on Agricultural Air Quality.
2. Resume; and
3. A completed copy of Form AD-755.

Nominations should be sent to the Chief of NRCS at the address listed above and postmarked no later than November 12, 2002.

Equal Opportunity Statement

To ensure that recommendations of the task force take into account the needs of under served and diverse communities served by USDA, membership shall include, to the extent practicable, individuals representing minorities, women, and persons with disabilities.

Signed in Washington, DC, on September 13, 2002.

Bruce I. Knight,

Chief, Natural Resources Conservation Service.

DEPARTMENT OF COMMERCE

Submission For OMB Review; Comment Request

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: U.S. Census Bureau.

Title: Service Annual Survey.

Form Number(s): SA-484, SA-492, SA-493, SA-511, SA-512, SA-513, SA-514, SA-523, SA-532, SA-541, SA-560, SA-621, SA-622, SA-623, SA-624, SA-711, SA-712, SA-713, SA-811, SA-812, SA-813.

Agency Approval Number: 0607-0422.

Type of Request: Revision of a currently approved collection.

Burden: 39,822 hours.

Number of Respondents: 48,686.

Avg. Hours Per Response: 49 minutes.

Needs and Uses: The Service Annual Survey (SAS) provides, for selected service industries, total revenue estimates for taxable firms and total revenue and expense estimates for tax-exempt firms. Selected service industries include professional, scientific and technical services; administrative and support services; health care and social assistance; telecommunications, publishing, broadcasting and other information service industries; trucking, courier and messenger, and warehousing; selected financial services; and arts, entertainment and recreation. Data are collected on number of locations, total receipts (revenue) and receipts by source, total expenses and expenses by type, and percentage of receipts by class of client. The SAS provides continuing and timely national statistical data for the period between economic censuses.

The data produced in SAS are critical to the accurate measurement of total economic activity. The Bureau of Economic Analysis (BEA), the primary Federal user, uses the information to develop the national income and product accounts, compile benchmark and annual input-output tables, and compute gross domestic product (GDP) by industry. Agencies of the U.S. Department of Transportation (DOT) use the data for policy development and program management and evaluation. The Bureau of Labor Statistics (BLS) uses these data as inputs to its Producer Price Indexes and in developing productivity measurements. The Centers for Medicare and Medicaid Services (CMS) use the data for program planning and development of the

National Health Expenditure Accounts. The Federal Communications Commission (FCC) uses these data to assess the impact of regulatory policies. The Census Bureau uses these data to provide new insight into changing structural and cost conditions that will impact the planning and design of future economic census questionnaires. International agencies use the data to compare total domestic output to changing international activity. Private industry also uses these data as a tool for marketing analysis.

Every five years we add items requested by the Bureau of Economic Analysis for use in their input-output tables. This is done in conjunction with the mailout of the Business Expenses Survey. For the 2002 survey year, we are revising forms in the following sectors: Radio and Television Broadcasting (NAICS 5131), Cable Networks and Program Distribution (NAICS 5132), and Telecommunications (NAICS 5133). BEA has requested the following detailed expense items: contract labor, purchased communications, purchased utilities (electricity, other utilities), taxes and license fees, legal and accounting services, computer services, management services, and purchased materials and supplies (expensed computer related supplies, other purchased materials). BEA also requested additional detail on lease and rental, and purchased repair and maintenance services items. They include: (1) Land, buildings, structures, store space, and offices, and (2) Machinery, equipment, and other items, excluding computer software. Since the detailed expense items are part of items currently reported, we don't expect an increase in respondent burden. Additionally, the sales tax question will be removed for the 2002 survey year.

Affected Public: Business or other for-profit, not-for-profit institutions.

Frequency: Annually.

Respondent's Obligation: Mandatory.

Legal Authority: Title 13 U.S.C., Sections 182, 224 & 225.

OMB Desk Officer: Susan Schechter, (202) 395-5103.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202)482-3129, Department of Commerce, room 6625, 14th and Constitution Avenue, NW, Washington, DC 20230 (or via the Internet at dhynek@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to Susan Schechter, OMB Desk

Officer, room 10201, New Executive Office Building, Washington, DC 20503.

Dated: September 20, 2002.

DEPARTMENT OF COMMERCE

Submission For OMB Review; Comment Request

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: U.S. Census Bureau.

Title: 2002 Business Expenses Survey.

Form Number(s): SA-5678(B) and

several others with minor variations.

Agency Approval Number: None.

Type of Request: New collection.

Burden: 158,710 hours.

Number of Respondents: 95,375.

Avg. Hours Per Response: 1.66 hours.

Needs and Uses: The 2002 Business Expenses Survey will supplement basic economic statistics produced by the 2002 Economic Census of Wholesale Trade, Retail Trade, and Service Industries with estimates of operating expenses. Further, it will provide measures of value produced for wholesale trade and retail trade. Essential measurement of the Nation's economy requires compilation of comprehensive and reliable data on both economic outputs (e.g., sales) and inputs (e.g., utilities and advertising expenses). This survey is the sole source of comprehensive expenses input data for covered industries. The Census Bureau will collect the information by means of a mail canvass directed to a sample of business units that represent one or more domestic establishments in covered industries. Results will be presented primarily in electronic reports containing statistical summaries by industry for the United States.

This information collection is part of the 2002 Economic Census, which is required by law under Title 13, United States Code (U.S.C.). Section 131 of this statute directs the taking of a census of businesses, including the distributive trades, service establishments, and transportation, at 5-year intervals. Section 224 makes reporting mandatory. Section 193 authorizes surveys that collect supplementary statistics related to the main topic of the censuses. Finally, Section 195 permits the use of statistical sampling methods.

There will be several variations of the prototype report form and associated instruction sheets used in this information collection. They are all very similar, varying primarily by a few industry-specific expense-type inquiries such as motor fuels expense for transportation.

Affected Public: Business or other for-profit, not-for-profit institutions.

Frequency: One-time.

Respondent's Obligation: Mandatory.

Legal Authority: Title 13 U.S.C., Sections 131, 193, 195, and 224.

OMB Desk Officer: Susan Schechter, (202) 395-5103.
