[Docket No. 011218304-1304-01; I.D. 091902D]

Fisheries of the Exclusive Economic Zone Off Alaska; Trawl Gear in the Chum Salmon Savings Area of the Bering Sea and Aleutian Islands Management Area

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Closure.

SUMMARY: NMFS is prohibiting fishing with trawl gear in the Chum Salmon Savings Area of the Bering Sea and Aleutian Islands management area (BSAI). This action is necessary to prevent exceeding the 2002 limit of non-chinook salmon caught by vessels using trawl gear in the Catcher Vessel Operation Area (CVOA).

DATES: Effective 1200 hrs, Alaska local time (A.l.t.), September 21, 2002, until 1200 hrs, A.l.t., October 14, 2002.

FOR FURTHER INFORMATION CONTACT: Mary Furuness, 907-586-7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the BSAI exclusive economic zone according to the Fishery Management Plan for the Groundfish Fishery of the Bering Sea and Aleutian Islands Area (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The 2002 limit of non-chinook salmon caught by vessels using trawl gear for the CVOA, is 42,000 animals, § 679.21(e)(7)(vii). The CVOA is defined as that part of the BSAI that is south of 56°00' N. lat. and between 163°30' W. long. and 167°30' W. long. (Figure 2 to 50 CFR part 679).

In accordance with § 679.21(e)(7)(vii), the Administrator, Alaska Region, NMFS (Regional Administrator), has determined that the 2002 limit of non-chinook salmon caught by vessels using trawl gear in the CVOA has been reached. Consequently, the Regional Administrator is prohibiting fishing with trawl gear in the Chum Salmon Savings Area defined at Figure 9 to 50 CFR part 679.

Maximum retainable bycatch amounts may be found in the regulations at § 679.20(e) and (f).

Classification

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA, finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such requirement is contrary to the public interest. This requirement is contrary to the public interest as it would delay the closure of the fishery, lead to exceeding the 2002 limit of non-chinook salmon caught by vessels using trawl gear in the CVOA, and therefore reduce the public's ability to use the fishery resource.

The Assistant Administrator for Fisheries, NOAA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

This action is required by section 679.20 and is exempt from review under Executive Order 12866.

[Docket No. 011218304-1304-01; I.D. 091902E]

Fisheries of the Exclusive Economic Zone Off Alaska; Thornyhead Rockfish in the Western Regulatory Area of the Gulf of Alaska

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Closure.

SUMMARY: NMFS is prohibiting retention of thornyhead rockfish in the Western Regulatory Area of the Gulf of Alaska (GOA). NMFS is requiring that catch of thornyhead rockfish in this area be treated in the same manner as prohibited species and discarded at sea with a minimum of injury. This action is necessary because the 2002 total allowable catch (TAC) specified for thornyhead rockfish in this area has been achieved.

DATES: Effective 1200 hrs, Alaska local time (A.l.t.), September 21, 2002, until 2400 hrs, A.l.t., December 31, 2002.

FOR FURTHER INFORMATION CONTACT: Mary Furuness, 907-586-7228, or mary.furuness@noaa.gov.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the GOA exclusive economic zone according to the Fishery Management Plan for the Groundfish Fishery of the Gulf of Alaska (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The 2002 TAC allocation of thornyhead rockfish for the Western Regulatory Area was established as 360 metric tons by an emergency rule implementing 2002 harvest specifications and associated management measures for the groundfish fisheries off Alaska (67 FR 956, January 8, 2002 and 67 FR 34860, May 6, 2002).

In accordance with § 679.20(d)(2), the Administrator, Alaska Region, NMFS, has determined that the 2002 TAC specified for thornyhead rockfish in the Western Regulatory Area of the GOA has been achieved. Therefore, NMFS is

requiring that further catches of thornyhead rockfish in the Western Regulatory Area of the GOA be treated as prohibited species in accordance with § 679.21(b).

Classification

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA, finds good cause to waive the requirement to provide prior notice and opportunity for public comment

pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such requirement is contrary to the public interest. This requirement is contrary to the public interest as it would delay the closure of the fishery, lead to overharvesting the TAC, and therefore reduce the public's ability to use and enjoy the fishery resource.

The Assistant Administrator for fisheries, NOAA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based

upon the reasons provided above for waiver of prior notice and opportunity for public comment.

This action is required by section 679.20 and is exempt from review under Executive Order 12866.
