

discussion of taking implications under this Executive Order.

Executive Order 13132, Federalism

The road closures will not have a substantial direct effect on States, on the relationship between the national Government and the States, or on the distribution of power and responsibilities among various levels of Government. The closures affect land in only one State, New Mexico, and do not address jurisdictional issues involving the State government. Therefore, in accordance with Executive Order 13132, BLM has determined that these proposed road closures do not have sufficient Federalism implications to warrant preparation of a Federal Assessment.

Executive Order 12988, Civic Justice Reform

Under Executive Order 12988, BLM has determined that these closures would not unduly burden the judicial system and that they meet the requirements of sections 3(a) 3(b)(2) of the order.

National Environmental Policy Act (NEPA)

BLM has prepared an environmental assessment (EA) and has found that the proposed road and trail closures would not constitute a major Federal action significantly affecting the quality of the human environment under section 102(2)(c) of the Environmental Protection Act of 1969 (NEPA), 42 U.S.C. 4332(2)(C). The proposed road and trail closures are for the purpose of protecting natural resources, while still providing recreational uses. BLM has sent the EA and Finding of No Significant Impact (FONSI) out for public review and comment.

Small Business Regulatory Enforcement Fairness Act (SBREFA)

The road and trail closures do not constitute a "major rule" as defined at 5 U.S.C. 804(2). Again, the closures are only closing unnecessary roads and trails or those causing resource damage. Access to the area will still be available. The closing of certain roads and trails will not have a significant affect on business, commercial, or industrial use of the public lands.

Unfunded Mandates Reform Act

The road and trail closures do not impose an unfunded mandate on State, local, or tribal governments or the private sector; nor do these closures have a significant or unique effect on State, local, or tribal governments or the private sector. The closures do not

require anything of State, local, or tribal governments. Therefore, BLM is not required to prepare a statement containing the information required by the Unfunded Mandates Reform Act (2 U.S.C. 1531 *et seq.*).

Paperwork Reduction Act

These closures do not contain information collection requirements that the Office of Management and Budget must approve under the Paperwork Reduction Act, 44 U.S.C. 3501 *et seq.*

Author

The principal author of these closures is Rand French of the Roswell Field Office, Bureau of Land Management, and Department of the Interior.

The Department of Veterans Affairs has also requested that the administrative jurisdiction be permanently transferred to them. The lands have been and will remain withdrawn from settlement, sale, location, or entry under the general land laws, including the mining laws.

That portion of lot 37 more particularly described by a metes and bounds survey that was prepared by the Department of Veterans Affairs.

Once the survey has been approved by the Bureau of Land Management, copies of the survey will be available from the Bureau of Land Management at the address listed above.

2. The Department of Veterans Affairs has requested that administrative jurisdiction of those lands described above in paragraph 1 be permanently transferred to the Department of

Veterans Affairs, so that the lands can be managed as part of the Fort Rosecrans National Cemetery and shall thereafter be subject to all laws and regulations applicable thereto, subject to valid existing rights.
