

Reconciliation are reminded that they must still submit the ABI header document in hard copy to the processing port to which the ABI transmission is made. This header document should state: "Spreadsheet is not provided because there are no adjustments to reportable data elements in this Reconciliation." Participants are required to transmit this same statement in the R15/R16 record of their ABI transmission. Failure to provide both the R15/R16 statement and the hardcopy document will constitute a failure to file violation.

Where a test participant who must file a Reconciliation entry to meet the filing deadline has yet to obtain the undeterminable information needed to resolve the flagged issue, that test participant should timely file a no-change Aggregate Reconciliation entry (*not a reduced data, no-change Aggregate Reconciliation entry*) providing the original duties, taxes, and fees data and, if possible, the best available information of changes expected, along with a letter requesting that Customs delay liquidation until the needed information is obtained.

"Port" Column on the Reconciliation Line Item Spreadsheet

The data elements and specific columns of the Reconciliation line item spreadsheet were explained in the February 6, 1998, **Federal Register** notice and ABI Administrative Message number 99-0506, dated July 9, 1999. Because certain information was omitted from the sample spreadsheet, Customs is clarifying its instructions on properly completing the spreadsheet.

The sample spreadsheet included in the **Federal Register** notice (Durant Motor Corp.) has several blank fields in the port column among the fourteen rows listed. Customs notes that per U.S. Bureau of the Census requirements, all fields in the port column must be filled in with either: (1) The specific four digit port code applicable to the port where the merchandise represented by that line item was entered or (2) the word "all" to denote that the merchandise represented by that line item entered through multiple ports. This should eliminate any confusion regarding proper execution of the port column element of the spreadsheet.

Reconciliation Bond Riders

One of the requirements for participation in the Reconciliation test program is the submission of a Reconciliation bond rider. The bond rider is an addendum to the continuous entry bond required under the Customs Regulations (19 CFR part 113) and is

designed to cover Reconciliation entries. Specific Reconciliation bond rider language can be found in the August 18, 1998, **Federal Register** notice.

During monitoring of the test, Customs discovered that bond riders have not always been filed properly. Thus, Customs reminds participants in the Reconciliation test program that updated Reconciliation bond riders should be submitted to the Customs port where the bond was filed, with a copy of the bond rider submitted to the Headquarters Reconciliation Team.

Updated Address and ABI Filing Information for NY/Newark Port 1001

Due to the terrorist attacks that destroyed the U.S. Customhouse at 6 World Trade Center in New York, the address for Reconciliation submissions for importers assigned to NY/Newark (port 1001) has changed. The new address is: U.S. Customs Service, 1210 Corbin Street, Elizabeth, NJ 07201. Filers may still transmit the ABI portion of their Reconciliations to port 1001.
