Curriculum vitae should be submitted in a form similar to that of NIH or NSF (two to three pages), *see* for example: <http://www.nsf.gov:80/bfa/cpo/gpg/fkit.htm#forms-9>.

The Office of Science as part of its grant regulations requires at 10 CFR 605.11(b) that a recipient receiving a grant and performing research involving recombinant DNA molecules and/or organisms and viruses containing recombinant DNA molecules shall comply with the NIH "Guidelines for Research Involving Recombinant DNA Molecules," which is available via the world wide web at: <http://www.niehs.nih.gov/odhsb/biosafe/nih/rdna-apr98.pdf>, (59 FR 34496, July 5, 1994), or such later revision of those guidelines as may be published in the **Federal Register**. Grantees must also comply with other federal and state laws and regulations as appropriate; for example, the Toxic Substances Control Act (TSCA) as it applies to genetically modified organisms. Although compliance with NEPA is the responsibility of DOE, grantees proposing to conduct field research are expected to provide information necessary for the DOE to complete the NEPA review and documentation.

Federal Energy Regulatory Commission

[Project No. P-2375-035]

International Paper Company; Notice of Availability of Environmental Assessment

September 30, 2002.

In accordance with the National Environmental Policy Act of 1969, as amended, and the Federal Energy Regulatory Commission's (Commission) regulations (18 CFR part 380), Commission staff have reviewed an application for a non-capacity related license amendment at the Riley-Jay-Livermore Project, FERC No. 2375, and have prepared an Environmental Assessment (EA) on the application. The project is located on Androscoggin River at the junction of Franklin, Androscoggin, and Oxford Counties, Maine.

Specifically, the project licensee (International Paper Company) has requested Commission approval to amend the present license to maintain the existing Livermore powerhouse as is, and construct a new powerhouse to contain a single new turbine and generator with an installed capacity of 1 MW. This unit will discharge into the upper portion of the lower bypass reach and will serve as a minimum flow unit with a hydraulic capacity of 450 cfs, which would bring the Livermore development's total hydraulic capacity to 3,906 cfs, instead of the authorized hydraulic capacity of 5,400 cfs. The authorized installed capacity of the project would be reduced from 23,185 kW to 19,725 kW. In the EA, Commission staff have analyzed the

probable environmental effects of the proposed amendment and have concluded that approval of the proposal, with appropriate environmental measures, would not constitute a major Federal action significantly affecting the quality of the human environment.

Copies of the EA are available for review in Public Reference Room 2-A of the Commission's offices at 888 First Street, NE., Washington, DC. The EA also may be viewed on the Commission's Internet Web site (<http://www.ferc.gov>) using the "FERRIS" link. Additional information about the project is available from the Commission's Office of External Affairs, at (202) 502-6088 or on the Commission's Web site using the FERRIS link. Click on the FERRIS link, enter the docket number excluding the last three digits in the Docket Number field. Be sure you have selected an appropriate date range. For assistance with FERRIS, the FERRIS helpline can be reached at 1-866-208-3676, TTY (202) 502-8659, or by e-mail to FERCONLINESUPPORT@FERC.GOV. The FERRIS link on the FERC's Internet website also provides access to the texts of formal documents issued by the Commission, such as orders, notices, and rulemakings.

[Project Nos. 1932-004, 1933-010, and 1934-010]

Southern California Edison Company; Notice Granting Late Intervention

September 30, 2002.

On May 15, 2001, the Commission issued a notice of application ready for

environmental analysis and soliciting comments, recommendations, terms and conditions, and prescriptions for Lytle Creek Hydroelectric Project No. 1932, located on the Lytle Creek near the town of Devore, San Bernardino County, California. The notice established August 31, 2001, as the deadline for filing motions to intervene in this proceeding.

On April 22, 2002, the State Water Resources Control Board, filed a motion to intervene in this proceeding. Granting the late motion to intervene will not unduly delay or disrupt the proceeding or prejudice other parties to it. Therefore, pursuant to Rule 214,¹ the motion to intervene filed in this proceeding by the State Water Resources Control Board is granted, subject to the Commission's rules and regulations.

[Docket No. RM98-1-000]

Regulations Governing Off-the-Record Communications; Public Notice

September 30, 2002.

This constitutes notice, in accordance with 18 CFR 385.2201(h), of the receipt of exempt and prohibited off-the-record communications.

Order No. 607 (64 FR 51222, September 22, 1999) requires Commission decisional employees, who make or receive an exempt or a prohibited off-the-record communication relevant to the merits of a contested on-the-record proceeding, to deliver a copy of the communication, if written, or a summary of the substance of any oral communication, to the Secretary.

Prohibited communications will be included in a public, non-decisional file associated with, but not part of, the decisional record of the proceeding. Unless the Commission determines that the prohibited communication and any responses thereto should become part of the decisional record, the prohibited off-the-record communication will not be considered by the Commission in reaching its decision. Parties to a proceeding may seek the opportunity to respond to any facts or contentions made in a prohibited off-the-record communication, and may request that the Commission place the prohibited communication and responses thereto in the decisional record. The Commission will grant such requests only when it determines that fairness so requires. Any person identified below as having made a prohibited off-the-record communication should serve the document on all parties listed on the official service list for the applicable proceeding in accordance with Rule 2010, 18 CFR 385.2010.

Exempt off-the-record communications will be included in the decisional record of the proceeding, unless the communication was with a cooperating agency as described by 40 CFR 1501.6, made under 18 CFR 385.2201(e)(1)(v).

The following is a list of exempt and prohibited off-the-record communications recently received in the Office of the Secretary. These filings are available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "FERRIS" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For Assistance, call (202) 502-8222 or for TTY, (202) 208-1659.
