BILLING CODE 6210-01-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Medicare & Medicaid Services

Privacy Act of 1974; Report of Modified or Altered System

AGENCY: Centers for Medicare & Medicaid Services (CMS) (formerly the Health Care Financing Administration), Department of Health and Human Services (HHS).

ACTION: Notice of modified or altered system of records (SOR).

SUMMARY: In accordance with the requirements of the Privacy Act of 1974, we are proposing to modify or alter a SOR, "CMS Utilization Review Investigatory Files, System No. 09-70-0527." We propose to change the name of this system to "CMS Fraud Investigation Database (FID)," to more accurately reflect the increase in scope proposed by this modification. We propose to broaden the scope of responsibility and activities covered by this system to include activities related to fraud and abuse in all health care programs administered by CMS. We are deleting routine uses number 1 pertaining to Department of Justice (DOJ) for consideration of criminal

prosecution or civil action, number 2 pertaining to state or local licensing authorities (including state medical review boards), professional review organizations, peer review groups, medical consultants, or other professional associations for possible administrative action, number 3 pertaining to * * * officers and employees of state governments * * * Civilian Health and Medical Program of the Uniformed Services (CHAMPUS) * * * as well as states attorneys * * *, number 4 pertaining to * * * third parties for the purpose of establishing or negating a violation, number 5 pertaining to * * * cases involving fraudulent tax returns or forger of Medicare checks to the Treasury Department, postal authorities, or to appropriate law enforcement authorities, and an unnumbered routine use authorizing disclosure to the Social Security Administration (SSA).

Disclosures of the data allowed in routine uses number 1, 2, 3, 4, 5, and to the SSA will be accomplished by a new routine use "to combat fraud and abuse in certain health benefits programs" and will be numbered as routine use number 5. We propose a new routine use number 1 specifically for the release of information in the system to a contractor or consultant who need to have access to the records in order to assist CMS. We propose a new routine use number 4 specifically for the release of information in the system to a contractor that assists in the administration of a CMS-administered health benefits program, or to a grantee of a CMS-administered grant program to combat fraud and abuse. We propose to modify the language of routine uses number 6 and number 7 to clarify the circumstances for disclosure under these routine uses and change the numbers of these routine uses to number 2 and number 3.

The security classification previously reported as "None" will be modified to reflect that the data in this system is considered to be "Level Three Privacy Act Sensitive." The routine uses will then be prioritized and reordered according to their proposed usage. We will also take the opportunity to update any sections of the system that were affected by the recent reorganization and to update language in the administrative sections to correspond with language used in other CMS SOR.

The primary purpose of this SOR is to identify if a violation(s) of a provision of the Social Security Act (the Act) or a related penal or civil provision of the United States Code (U.S.C.) related to Medicare (Title XVIII), Medicaid (Title XIX), HMO/Managed Care (Title XX),

and Children's Health Insurance Program (Title XXI) have been committed, determine if HHS has made a proper payment as prescribed under applicable sections of the Act and whether these programs have been abused, coordinate investigations related to Medicare, Medicaid, HMO/Managed Care, and Children's Health Insurance Program, and prevent duplications, and provide case file material to the HHS Office of Inspector General when a case is referred for fraud investigation. Information retrieved from this SOR will also be disclosed to: (1) Support regulatory and policy functions performed within the Agency or by a contractor or consultant; (2) support constituent requests made to congressional representatives; (3) support litigation involving the Agency related to this system; and (4) combat fraud and abuse in certain health care programs. We have provided background information about the modified system in the "Supplementary Information" section below. Although the Privacy Act requires only that CMS provide an opportunity for interested persons to comment on the proposed routine uses, CMS invites comments on all portions of this notice. See "Effective Dates" section for comment period.

EFFECTIVE DATES: CMS filed a modified or altered system report with the Chair of the House Committee on Government Reform and Oversight, the Chair of the Senate Committee on Governmental Affairs, and the Administrator, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB) on September 9, 2002. To ensure that all parties have adequate time in which to comment, the modified or altered SOR, including routine uses, will become effective 40 days from the publication of the notice, or from the date it was submitted to OMB and the congress, whichever is later, unless CMS receives comments that require alterations to this notice.

ADDRESSES: The public should address comments to: Director, Division of Data Liaison and Distribution, Office of Information Services, CMS, Room N2-04-27, 7500 Security Boulevard, Baltimore, Maryland 21244-1850. Comments received will be available for review at this location, by appointment, during regular business hours, Monday through Friday from 9 a.m.-3 p.m., eastern daylight time.
