

DEPARTMENT OF ENERGY**Federal Energy Regulatory
Commission****[Docket No. RM98-1-000]****Regulations Governing Off-the-Record
Communications; Public Notice**

November 4, 2002.

This constitutes notice, in accordance with 18 CFR 385.2201(h), of the receipt of exempt and prohibited off-the-record communications.

Order No. 607 (64 FR 51222, September 22, 1999) requires Commission decisional employees, who make or receive an exempt or a prohibited off-the-record communication relevant to the merits of a contested on-the-record proceeding, to deliver a copy of the communication, if written, or a summary of the substance of any oral communication, to the Secretary.

Prohibited communications will be included in a public, non-decisional file associated with, but not part of, the decisional record of the proceeding. Unless the Commission determines that the prohibited communication and any responses thereto should become part of the decisional record, the prohibited off-the-record communication will not be considered by the Commission in reaching its decision. Parties to a proceeding may seek the opportunity to respond to any facts or contentions made in a prohibited off-the-record communication, and may request that the Commission place the prohibited communication and responses thereto in the decisional record. The Commission will grant such requests only when it determines that fairness so requires. Any person identified below as having made a prohibited off-the-record communication should serve the document on all parties listed on the official service list for the applicable

proceeding in accordance with Rule 2010, 18 CFR 385.2010.

Exempt off-the-record communications will be included in the decisional record of the proceeding, unless the communication was with a cooperating agency as described by 40 CFR 1501.6, made under 18 CFR 385.2201(e)(1)(v).

The following is a list of exempt and prohibited off-the-record communications recently received in the Office of the Secretary. These filings are available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "FERRIS" link. FEDERAL COMMUNICATIONS COMMISSION

Notice of Public Information Collection(s) Being Reviewed by the Federal Communications Commission

November 1, 2002.

SUMMARY: The Federal Communications Commission, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the following information collection(s), as required by the Paperwork Reduction Act of 1995, Public Law 104-13. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid control number. Comments are requested concerning (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

DATES: Written comments should be submitted on or before December 12, 2002. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all comments to Judith Boley Herman, Federal Communications Commission, Room 1-C804, 445 12th Street, SW., DC 20554 or via the Internet to jboley@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information or copies of the information collection(s), contact Judith Boley Herman at 202-418-0214 or via the Internet at jboley@fcc.gov.

SUPPLEMENTARY INFORMATION:

OMB Control No.: 3060-0207.

Title: Part 11—Emergency Alert System.

Form Nos.: N/A.

Type of Review: Revision of a currently approved collection.

Respondents: Business or other for-profit, not-for-profit institutions, state, local or tribal government.

Number of Respondents: 22,000 respondents; 1,144,000 responses.

Estimated Time Per Response: .017 hours—40 hours.

Frequency of Response: On occasion reporting requirement, and recordkeeping requirement.

Total Annual Burden: 38,585 hours.

Total Annual Cost: \$8,250,000.

Needs and Uses: Part 11 contains the rules and regulations providing for an Emergency Alert System (EAS). The EAS provides the President with the capability to provide immediate communications and information to the general public at the national, state and local area level during periods of national emergency. The EAS also provides state and local government and the National Weather Service with the capability to provide immediate communications and information to the general public concerning emergency situations posing a threat to life and property. On February 22, 2002, the Commission adopted a Report and Order in EB Docket No. 01-66 (67 FR 18502). This Report and Order amended Part 11 rules to revise the technical and operational requirements for the EAS. Many of these amendments were intended to enhance the capabilities and performance of the EAS during state and local emergencies, which will promote public safety. The Report and Order amended the EAS to make compliance with the EAS requirements less burdensome for broadcast stations, cable systems and wireless cable systems. The Report and Order also eliminated rules which were obsolete or no longer needed. The information is used by FCC staff as part of routine inspections of broadcast stations. Accurate recordkeeping of this data is vital in determining the location and nature of possible equipment failure on the part of the transmitting or receiving entity. Furthermore, since the national level EAS is solely for the President's use, its proper operation must be assured.

Federal Communications Commission.

Marlene H. Dortch,

Secretary.
