

review exist. Section 782(h)(2) of the Act and 19 CFR 351.222(g)(1)(i) provide that the Department may revoke an order (in whole or in part) if it determines that producers accounting for substantially all of the production of the domestic like product have no further interest in the order. In addition, in the event that the Department concludes that expedited action is warranted, 19 CFR 351.221(c)(3) permits the Department to combine the notices of initiation and preliminary results.

The petitioner is a domestic interested party as defined by section 771(9)(C) of the Act and 19 CFR 351.102(b). Columbian is the only U.S. producer of porcelain-on-steel cookware and therefore represents at least 85 percent of the domestic production of the domestic like product to which this order pertains, and thus accounts for "substantially all" of the production of the domestic like product. Therefore, based on the lack of interest by the domestic industry in the continued application of the antidumping duty order on porcelain-on-steel cookware from Mexico, we are initiating this changed-circumstances review. Because of the on-going and pending administrative reviews, we have determined that expedited action is warranted, and we are combining the notices of initiation and preliminary results. We have preliminarily determined that the petitioner's statement of no interest in the continuation of the order constitutes changed circumstances sufficient to warrant revocation of the order in whole. We are hereby notifying the public of our intent to revoke the antidumping duty order on porcelain-on-steel cookware from Mexico as of December 1, 1995.

If these preliminary results become final, we intend to rescind the current antidumping duty administrative reviews, covering the periods December 1, 1999 through November 30, 2000, and December 1, 2000 through November 30, 2001.

If final revocation of the order occurs, we intend to instruct the Customs Service to discontinue the suspension of liquidation and to refund any estimated antidumping duties collected for all unliquidated entries of porcelain-on-steel cookware from Mexico entered, or withdrawn from warehouse, for consumption on or after December 1, 1995. We will also instruct the Customs Service to pay interest on any refunds with respect to the subject merchandise entered, or withdrawn from warehouse,

for consumption on or after December 1, 1995, in accordance with section 778 of the Act. The current requirement for a cash deposit of estimated antidumping duties will continue until publication of the final results of this changed-circumstances review.

Public Comment

Interested parties are invited to comment on these preliminary results. Parties who submit argument in this proceeding are requested to submit with the argument (1) a statement of the issue, and (2) a brief summary of the argument. Any interested party may request a hearing within 10 days of the date of publication of this notice. Any hearing, if requested, will be held no later than 21 days after the date of publication of this notice, or the first workday thereafter. Case briefs may be submitted by interested parties not later than 7 days after the date of publication of this notice. Rebuttal briefs, limited to the issues raised in the case briefs, may be filed not later than 12 days after the date of publication of this notice. All written comments shall be submitted in accordance with 19 CFR 351.303 and shall be served on all interested parties on the Department's service list in accordance with 19 CFR 351.303. Persons interested in attending the hearing should contact the Department for the date and time of the hearing. The Department will publish the final results of this changed-circumstances review, including the results of its analysis of issues raised in any written comments.

We are issuing and publishing this determination and notice in accordance with sections 751(b)(1) and 777(i)(1) of the Act and 19 CFR 351.222.

Stainless Steel Sheet and Strip in Coils from Germany; Antidumping Duty Administrative Review; Time Limits

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of Extension of Time Limits.

SUMMARY: The Department of Commerce (the Department) is extending the time limits for the preliminary results of the 2000-2001 administrative review of the antidumping duty order on stainless steel sheet and strip in coils from Germany. This review covers one manufacturer/exporter of the subject merchandise to the United States and the period July 1, 2000 through June 30, 2001.

EFFECTIVE DATE: February 25, 2002.

FOR FURTHER INFORMATION CONTACT:

Patricia Tran at (202) 482-1121 or Robert James at (202) 482-0649, Antidumping and Countervailing Duty Enforcement Group III, Office Eight, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW, Washington, DC 20230.

SUPPLEMENTARY INFORMATION: On August 20, 2001, in response to requests from the respondent and petitioners, we published a notice of initiation of this administrative review in the Federal Register. See Initiation of Antidumping and Countervailing Duty Administrative Reviews and Requests for Revocation in Part, 66 FR 43570. Pursuant to the time limits for administrative reviews set forth in section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), the current deadlines are April 2, 2002 for the preliminary results and July 31, 2002 for the final results. It is not practicable to complete this review within the normal statutory time limit due to a number of significant case issues, such as major inputs purchased from affiliated and unaffiliated suppliers and the use of downstream sales. Therefore, the Department is extending the time limits for completion of the preliminary results until July 31, 2002 in accordance with section 751(a)(3)(A) of the Act. The deadline for the final results of this review will continue to be 120 days after publication of the preliminary results.

This extension is in accordance with section 751(a)(3)(A) of the Act.

APPLICABLE STATUTE AND REGULATIONS:

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended (the Act), are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act (URAA). In addition, unless otherwise indicated, all citations to the Department of Commerce's (the Department's) regulations are to 19 CFR part 351 (April 2001).

POSTPONEMENT OF PRELIMINARY DETERMINATIONS:

On October 26, 2001, the Department published the initiation of the antidumping duty investigations of imports of sulfanilic acid from Hungary and Portugal. See Notice of Initiation of Antidumping Duty Investigations: Sulfanilic Acid from Hungary and Portugal, 66 FR 54214, 54218 (October 26, 2001). The notice of initiation stated that we would make our preliminary determinations for these antidumping duty investigations no later than 140 days after the date of issuance of the initiation (i.e., March 7, 2002).

On February 14, 2002, the Nation Ford Chemical Company ("the petitioner") made a timely request pursuant to 19 CFR 351.205(e) for a 30-day postponement of the preliminary determinations, or until April 8, 2002. The petitioner requested postponement of the preliminary determinations because it believes that the Department will need additional time than allotted under the current schedule to collect from the respondents the information necessary to make accurate preliminary determinations. Additionally, the petitioner made this request for both Hungary and Portugal in order to keep

both investigations on identical schedules.

For the reasons identified by the petitioner, and because there are no compelling reasons to deny the request, we are postponing the preliminary determinations under section 733(c)(1) of the Act. We will make our preliminary determinations no later than April 8, 2002.

This notice is published pursuant to sections 733(f) and 777(i) of the Act.
