BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission and the California State Lands Commission

[FERC Docket No. CP01-422-000, CA State Clearinghouse No. 2001071035, and BLM Reference No. CACA-43346]

Kern River Gas Transmission Company; Notice of Availability/Completion of the Draft Environmental Impact Statement/Report for the Proposed Kern River 2003 Expansion Project

February 21, 2002.

The staffs of the Federal Energy Regulatory Commission (FERC or Commission) and the California State Lands Commission (CSLC) have prepared a draft environmental impact statement/report (EIS/EIR) to address natural gas pipeline facilities proposed by Kern River Gas Transmission Company (KRG T).

The draft EIS/EIR was prepared as required by the National Environmental Policy Act and the California Environmental Quality Act. Its purpose is to inform the public and the permitting agencies about the potential adverse and beneficial environmental impacts of the proposed project and its alternatives, and recommend mitigation measures that would reduce any significant adverse impacts to the maximum extent possible and, where feasible, to a less than significant level. The FERC and the CSLC staffs conclude that approval of the proposed project, with appropriate mitigation measures as recommended, would have limited adverse environmental impact.

The Bureau of Land Management (BLM) is participating as a cooperating agency in the preparation of the EIS/EIR because the project would cross Federal land under the jurisdiction of seven field offices in Wyoming, Utah, and Nevada, and one district office and three field offices in California. The U.S. Department of Agriculture, Forest Service (FS) is also a cooperating agency in the preparation of the document because the Dixie National Forest and the Humboldt-Toiyabe National Forest/Spring Mountains National Recreation Area would be crossed by the project. The EIS/EIR will be used by the BLM to consider issuance of a right-of-way grant for the portion of the project on Federal lands.

The draft EIS/EIR addresses the potential environmental effects of the construction and operation of the following facilities in Wyoming, Utah, Nevada, and California:

- 634.5 miles of 36-inch-diameter pipeline adjacent to KRG T's existing pipeline in Wyoming (Lincoln and Uinta Counties), Utah (Summit, Morgan, Salt Lake, Utah, Juab, Millard, Beaver, Iron, and Washington Counties), Nevada (Lincoln and Clark Counties), and California (San Bernardino County);
- 82.2 miles of 42-inch-diameter pipeline adjacent to the portion of KRG T's existing pipeline that it jointly owns with Mojave Pipeline Company in California (San Bernardino and Kern Counties);
- 0.8 mile of 12-inch-diameter pipeline in Uinta County, Wyoming;
- three new compressor stations, one each in Wyoming (Uinta County), Utah (Salt Lake County), and Nevada (Clark County) for a total of 60,000 horsepower (hp) of compression;
- modifications to six existing compressor stations, one in Wyoming (Lincoln County), three in Utah (Utah, Millard, and Washington Counties), one in Nevada (Clark County), and one in California (San Bernardino County) for a total of 103,700 hp of compression;
- modifications to one existing meter station in Wyoming (Lincoln County) and four existing meter stations in California (two each in San Bernardino and Kern Counties); and
- various mainline block valves, internal inspection tool launcher/receiver facilities, and other appurtenances.

Comment Procedures and Public Meetings

Any person wishing to comment on the draft EIS/EIR may do so. However, to ensure inclusion in the environmental analysis it is imperative that your comments are received by the date specified below. Please carefully follow these instructions so that your comments are properly recorded:

- Send an original and two copies of your comments to: Magalie R. Salas, Secretary, Federal Energy Regulatory Commission 888 First Street, N.E., Room 1A, Washington, DC 20426;
- Reference Docket No. CP01-422-000;
- Label one copy of your comments for the attention of the Gas Branch 1;
- Send an additional copy of your letter to the following individual: Cy Oggins, California State Lands Commission, 100 Howe Avenue, Suite 100 South, Sacramento, CA 95825; and
- Mail your comments so that they will be received in Washington, DC and Sacramento, CA on or before April 15, 2002.

Please note that we are continuing to experience delays in mail deliveries from the U.S. Postal Service. Because
