

\* Enhance the quality, utility, and clarity of the information to be collected; and

\* Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

*Agency:* Mine Safety and Health Administration (MSHA).

*Type of Review:* Extension of a currently approved collection.

*Title:* Approval, Exhaust Gas Monitoring, and Safety Requirements for the Use of Diesel-Powered Equipment in Underground Coal Mines.

*OMB Number:* 1219-0119.

*Frequency:* On Occasion.

*Affected Public:* Business or other for-profit.

*Type of Public:* Recordkeeping and Reporting.

*Number of Respondents:* 114.

*Annual Responses:* 101,944.

*Estimated Time Per Respondent:* 0.57 hours (34 minutes).

*Total Burden Hours:* 58,265.

*Total Annualized Capital/Startup Costs:* \$60,492.

*Total Annual Costs (operating/maintaining systems or purchasing services):* \$316,140.

*Description:* 30 CFR parts 7, 36, 70, and 75 mandate safety requirements in three major areas of concern: diesel engine design and testing requirements; safety standards for the maintenance and use of equipment; and exhaust gas. The information collection requirements in these provisions are necessary to protect the health and safety of miners.

## DEPARTMENT OF LABOR

### Office of the Secretary

#### Submission for OMB Review; Comment Request

February 24, 2003.

The Department of Labor (DOL) has submitted the following public information collection request (ICR) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995 (Pub. L. 104-13, 44 U.S.C. chapter 35). A copy of this ICR, with applicable supporting documentation, may be obtained by

calling the Department of Labor. To obtain documentation contact Darrin King at (202) 693-4129 or e-mail [King-Darrin@dol.gov](mailto:King-Darrin@dol.gov).

Comments should be sent to Office of Information and Regulatory Affairs, Attn: OMB Desk Officer for PWBA, Office of Management and Budget, Room 10235, Washington, DC 20503 ((202) 395-7316), within 30 days from the date of this publication in the **Federal Register**.

The OMB is particularly interested in comments which:

\* Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

\* Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

\* Enhance the quality, utility, and clarity of the information to be collected; and minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

*Type of Review:* Extension of a currently approved collection.

*Agency:* Employee Benefits Security Administration (EBSA).

*Title:* National Medical Support Notice—Part B.

*OMB Number:* 1210-0113.

*Affected Public:* Business or other for-profit; Not-for-profit institutions; and Individuals or households.

*Frequency:* On occasion.

*Type of Response:* Third party disclosure.

*Number of Respondents:* 156,000.

*Number of Annual Responses:* 800,000.

*Estimated Time Per Response:* 1 hour and 47 minutes for small plans (fewer than 10 participants) and 37 minutes for plans with more than 10 participants.

*Total Burden Hours:* 530,614.

*Total Annualized Capital/Startup Costs:* \$0.

*Total Annual Costs (operating/maintaining systems or purchasing services):* \$1,216,000.

*Description:* Section 609 of ERISA and 29 CFR 2590.609-2 establish a National Medical Support Notice, Part B of which is used to implement coverage of children under ERISA covered group

health plans pursuant to "Qualified Medical Child Support Orders."

**Darrin A. King,**

*Acting Departmental Clearance Officer.*

## DEPARTMENT OF LABOR

### Occupational Safety and Health Administration

[Docket No. NRTL3-92]

#### TUV Rheinland of North America, Inc.; Application for Expansion of Recognition

**AGENCY:** Occupational Safety and Health Administration (OSHA), Labor.

**ACTION:** Notice.

**SUMMARY:** This notice announces the application of TUV Rheinland of North America, Inc., for expansion of its recognition as a Nationally Recognized Testing Laboratory under 29 CFR 1910.7, and presents the Agency's preliminary finding. This preliminary finding does not constitute an interim or temporary approval of the application.

**DATES:** You may submit comments in response to this notice, or any request for extension of the time to comment, by (1) regular mail, (2) express or overnight delivery service, (3) hand delivery, (4) messenger service, or (5) FAX transmission (facsimile). Because of security-related problems there may be a significant delay in the receipt of comments by regular mail. Comments (or any request for extension of the time to comment) must be submitted by the following dates:

*Regular mail and express delivery service:* Your comments must be postmarked by March 19, 2003.

*Hand delivery and messenger service:* Your comments must be received in the OSHA Docket Office by March 19, 2003. OSHA Docket Office and Department of Labor hours of operation are 8:15 a.m. to 4:45 p.m.

*Facsimile and electronic transmission:* Your comments must be sent by March 19, 2003.

**ADDRESSES:** *Regular mail, express delivery, hand-delivery, and messenger service:* You must submit three copies of your comments and attachments to the OSHA Docket Office, Docket NRTL3-92, Room N-2625, U.S. Department of Labor, Occupational Safety and Health Administration, 200 Constitution Avenue, NW., Washington, DC 20210. Please contact the OSHA Docket Office at (202) 693-2350 for information about security procedures concerning the

delivery of materials by express delivery, hand delivery and messenger service.

**Facsimile:** If your comments, including any attachments, are 10 pages or fewer, you may fax them to the OSHA Docket Office at (202) 693-1648. You must include the docket number of this notice, Docket NRTL3-92, in your comments.

**Internet access to comments and submissions:** OSHA will place comments and submissions in response to this notice on the OSHA Webpage <http://www.osha.gov>. Accordingly, OSHA cautions you about submitting information of a personal nature (e.g., social security number, date of birth). There may be a lag time between when comments and submissions are received and when they are placed on the Webpage. Please contact the OSHA Docket Office at (202) 693-2350 for information about materials not available through the OSHA Webpage and for assistance in using the Webpage to locate docket submissions. Comments and submissions will also be available for inspection and copying at the OSHA Docket Office at the address above.

**Extension of Comment Period:** Submit requests for extensions concerning this notice to: Office of Technical Programs and Coordination Activities, NRTL Program, Occupational Safety and Health Administration, U.S. Department of Labor, Room N3653, 200 Constitution Avenue, NW., Washington, DC 20210, or fax to (202) 693-1644.

**FOR FURTHER INFORMATION CONTACT:** Sherry Nicolas, Office of Technical Programs and Coordination Activities, NRTL Program, Room N3653 at the address shown immediately above for the program, or phone (202) 693-2110.

#### **SUPPLEMENTARY INFORMATION:**

##### **Notice of Application**

The Occupational Safety and Health Administration (OSHA) hereby gives notice that TUV Rheinland of North America, Inc. (TUV), has applied for expansion of its current recognition as a Nationally Recognized Testing Laboratory (NRTL). TUV's expansion request covers the use of additional test standards. OSHA's current scope of recognition for TUV may be found in the following informational web page: <http://www.osha-slc.gov/dts/otpca/nrtl/tuv.html>.

OSHA recognition of an NRTL signifies that the organization has met the legal requirements in § 1910.7 of Title 29, Code of Federal Regulations (29 CFR 1910.7). Recognition is an acknowledgment that the organization can perform *independent* safety testing

and certification of the specific products covered within its scope of recognition and is not a delegation or grant of government authority. As a result of recognition, OSHA can accept products "properly certified" by the NRTL.

The Agency processes applications for initial recognition or for expansion or renewal of this recognition following requirements in appendix A to 29 CFR 1910.7. This appendix requires that the Agency publish two notices in the **Federal Register** in processing an application. In the first notice, OSHA announces the application and provides its preliminary finding and, in the second notice, the Agency provides its final decision on an application. These notices set forth the NRTL's scope of recognition or modifications of this scope. We maintain an informational web page for each NRTL, which details its scope of recognition. These pages can be accessed from our Web site at <http://www.osha-slc.gov/dts/otpca/nrtl/index.html>.

The most recent notice published by OSHA for TUV's recognition covered a renewal of recognition, which became effective on March 18, 2002 (67 FR 12051).

The current address of the testing facility (site) that OSHA recognizes for TUV is: TUV Rheinland of North America, Inc., 12 Commerce Road, Newtown, Connecticut 06470.

##### **General Background on the Application**

TUV has submitted a request, dated October 16, 2001 (see Exhibit 28), to expand its recognition to use 132 additional test standards. The NRTL Program staff has determined that 17 of the 132 standards cannot be included in the expansion because they are not "appropriate test standards," within the meaning of 29 CFR 1910.7(c). The staff makes such determinations in processing expansion requests from any NRTL. Therefore, OSHA would include 115 standards in the expansion, as listed below. OSHA performed an on-site review of the NRTL in June 2002 and recommended the expansion in a memo dated October 17, 2002 (see Exhibit 29).

The NRTL Program staff found that a few of the standards requested by TUV have been withdrawn or replaced by the standards developing organization. Under OSHA policy, we can no longer recognize the NRTL for such test standards but the NRTL may request or OSHA can provide recognition for comparable test standards, *i.e.*, other appropriate test standards covering similar types of product testing. The appropriate deletions and substitutions are reflected in the listing below.

ANSI A17.5 Elevators and Escalator Electrical Equipment  
ANSI A90.1 Safety Standard for Belt Manlifts  
ANSI C12.1 Code for Electricity Meters

 UL 61058-1 Switch for Appliances for Household and Similar Applications

The designations and titles of the above test standards were current at the time of the preparation of this notice.

OSHA's recognition of TUV, or any NRTL, for a particular test standard is limited to equipment or materials (*i.e.*, products) for which OSHA standards require third party testing and certification before use in the workplace. Consequently, an NRTL's scope of recognition excludes any product(s) that fall within the scope of a test standard, but for which OSHA standards do not require NRTL testing and certification.

Many of the UL test standards listed above also are approved as American National Standards by the American National Standards Institute (ANSI). However, for convenience, we use the designation of the standards developing organization (*e.g.*, UL 1008) for the standard, as opposed to the ANSI designation (*e.g.*, ANSI/UL 1008). Under our procedures, any NRTL recognized for an ANSI-approved test standard may use either the latest proprietary version of the test standard or the latest ANSI version of that standard. Contact

"NSSN" (<http://www.nssn.org>), an organization partially sponsored by ANSI, to find out whether or not a test standard is currently ANSI-approved.

### Existing Condition

Currently, OSHA imposes the following condition on its recognition of TUV. This condition would apply also to the recognition of the additional test standards and applies solely to TUV's NRTL operations. It is in addition to any other condition that OSHA normally imposes in its recognition of an organization as an NRTL.

TUV must have specific written testing procedures in place before testing products covered by any test standard for which it is recognized and must use these procedures in testing and certifying those products.

### Preliminary Finding on the Application

TUV has submitted an acceptable request for expansion of its recognition as an NRTL. As mentioned, in connection with this request, OSHA has performed an on-site review of TUV's NRTL testing facility. The NRTL has resolved any discrepancies noted by the assessor following the review, and the assessor factored such resolution into the memo on the recommendation (*see* Exhibit 29).

Following a review of the application file, the assessor's recommendation, and other pertinent documents, the NRTL Program staff has concluded that OSHA can grant to TUV the expansion of recognition as an NRTL to use the additional test standards listed above, subject to the conditions as noted. The staff, therefore, recommended to the Assistant Secretary that the application be preliminarily approved.

Based upon the recommendations of the staff, the Assistant Secretary has made a preliminary finding that the TUV Rheinland of North America, Inc., can meet the requirements, as prescribed by 29 CFR 1910.7, for the expansion of recognition, subject to the above conditions. This preliminary finding does not constitute an interim or temporary approval of the application.

OSHA welcomes public comments, in sufficient detail, as to whether TUV has met the requirements of 29 CFR 1910.7 for expansion of its recognition as a Nationally Recognized Testing Laboratory. Your comments should consist of pertinent written documents and exhibits. To consider a comment, OSHA must receive it at the address provided above (*see ADDRESSES*), no later than the last date for comments (*see DATES* above). Should you need more time to comment, OSHA must receive your written request for extension at the address provided above

no later than the last date for comments. You must include your reason(s) for any request for extension. OSHA will limit any extension to 30 days, unless the requester justifies a longer period. We may deny a request for extension if it is frivolous or otherwise unwarranted. You may obtain or review copies of TUV's requests, the on-site review reports, and all submitted comments, as received, by contacting the Docket Office, Room N2625, Occupational Safety and Health Administration, U.S. Department of Labor, at the above address. Docket No. NRTL3-92 contains all materials in the record concerning TUV's application.

The NRTL Program staff will review all timely comments, and after resolution of issues raised by these comments, will recommend whether to grant TUV's expansion request. The Agency will make the final decision on granting the expansion, and in making this decision, may undertake other proceedings that are prescribed in appendix A to 29 CFR 1910.7. OSHA will publish a public notice of this final decision in the **Federal Register**.

Signed at Washington, DC, this 25th day of February, 2003.

**John L. Henshaw,**

*Assistant Secretary.*

## NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[Notice (03-028)]

### Notice of Prospective Patent License

**AGENCY:** National Aeronautics and Space Administration.

**ACTION:** Notice of Prospective Patent License.

**SUMMARY:** NASA hereby gives notice that Critical Care Innovations, Inc., having offices in Chantilly, Virginia, has applied for a partially exclusive license to practice the invention described and claimed in U.S. Patent No. 5,869,238, entitled "Quantitative Method of Measuring Metastatic Activity," and in continuations, divisional applications, and foreign applications corresponding to this case. The 5,869,238 patent is assigned to the United States of America as represented by the Administrator of the National Aeronautics and Space Administration. Written objections to the prospective grant of a license should be sent to the Johnson Space Center.

**DATES:** Responses to this notice must be received by March 19, 2003.

**FOR FURTHER INFORMATION CONTACT:** James Cate, Patent Attorney, NASA Johnson Space Center, Mail Stop HA, Houston, TX 77058-8452; telephone (281) 483-1001.

Dated: February 26, 2003.

## NATIONAL FOUNDATION ON THE ARTS AND HUMANITIES

### Proposed Collection; Comment Request

**AGENCY:** National Endowment for the Humanities.

**ACTION:** Notice.

**SUMMARY:** The National Endowment for the Humanities (NEH) is soliciting public comments on the proposed information collection described below. The proposed information collection will be sent to the Office of Management and Budget (OMB) for review, as required by the provisions of the Paperwork Reduction Act of 1995.

**DATES:** Comments on this information collection must be submitted on or before May 5, 2003.

**ADDRESSES:** Send comments to Ms. Susan Daisey, Director, Office of Grant Management, National Endowment for the Humanities, 1100 Pennsylvania Avenue, NW., Room 311, Washington, DC 20506, or by e-mail to: [sdaisey@neh.gov](mailto:sdaisey@neh.gov). Telephone: 202-606-8494.

**SUPPLEMENTARY INFORMATION:** The National Endowment for the Humanities will submit the proposed information collection to OMB for review, as required by the Paperwork Reduction Act of 1995 (Pub. L. 104-13, 44 U.S.C. Chapter 35). This notice is soliciting comments from members of the public and affected agencies. NEH is particularly interested in comments which help the agency to: (1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) Enhance the quality, utility, and clarity of the information to be collected; and (4) Minimize the burden of the collection of information on those who are to respond, including through the use of

appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

This Notice also lists the following information:

*Type of Review:* Extension of a currently approved collection.

*Agency:* National Endowment for the Humanities.

*Title of Proposal:* Generic Clearance Authority for the National Endowment for the Humanities.

*OMB Number:* 3136-0134.

*Affected Public:* Applicants to NEH grant programs, reviewers of NEH grant applications, and NEH grantees.

*Total Respondents:* 10,670.

*Frequency of Collection:* On occasion.

*Total Responses:* 10,670.

*Average Time per Response:* Varied according to type of information collection.

*Estimated Total Burden Hours:* 91,412 hours.

Comments submitted in response to this notice will be summarized and/or included in the request for Office of Management and Budget approval of the information collection request. They will also become a matter of public record.

**Lynne Munson,**

*Deputy Chairman.*

[FR Doc. 03-5012 Filed 3-3-03; 8:45 am]

**BILLING CODE 7536-01-P**

## NUCLEAR REGULATORY COMMISSION

### Agency Information Collection Activities: Submission for the Office of Management and Budget (OMB) Review; Comment Request

**AGENCY:** Nuclear Regulatory Commission (NRC).

**ACTION:** Notice of the OMB review of information collection and solicitation of public comment.

**SUMMARY:** The NRC has recently submitted to OMB for review the following proposal for the collection of information under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35). The NRC hereby informs potential respondents that an agency may not conduct or sponsor, and that a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

1. *Type of submission, new, revision, or extension:* Revision.
