Proposed Extension of Information Collection; Comment Request

ACTION: Notice.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and continuing collections of

This helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed.

SUPPLEMENTARY INFORMATION:

I. Background

Prohibited Transaction Class Exemption 90–1 provides an exemption from certain provisions of the Employee Retirement Income Security Act of 1974 (ERISA) for transactions involving insurance company pooled separate accounts in which employee benefit plans participate and which are otherwise prohibited by ERISA. Specifically, the exemption allows persons who are parties in interest to a plan that invests in a pooled separate account, such as a service provider, to engage in transactions with the separate account if the plan's participation in the separate account does not exceed specified limits. This ICR covers the recordkeeping requirements for insurance companies.

Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

Proposed Extension of Information Collection Request Submitted for Public Comment and Recommendations; Establishing Prior Creditable Coverage

ACTION: Notice.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, provides the general public and Federal agencies with an opportunity to comment on proposed and/or

continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA 95) (44 U.S.C. 3506(c)(2)(A)). This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the Employee Benefits Security Administration is soliciting comments concerning the proposed extension of a currently approved collection of information: Establishing Prior Creditable Coverage. SUPPLEMENTARY INFORMATION:

I. Background

Section 734 of ERISA, added by the Health Care Portability and Accountability Act of 1996 (HIPAA) authorized the Secretary of Labor, in coordination with the Secretary of Health and Human Services (HHS) and the Secretary of the Treasury, to promulgate such regulations as may be necessary or appropriate to carry out the provisions of the statute. Accordingly, Interim Rules Implementing the Portability Requirement for Group Health Plans were published on April 8, 1997, (62 FR 16920) (April 8 Interim Rules).

In order to meet HIPAA's goal of improving access to and portability of health care benefits, the statute provides that, after the submission of evidence establishing prior creditable coverage, a subsequent group health plan or health insurance issuer is limited in the extent to which it can impose pre-existing condition exclusions to limit coverage. Under the April 8 Interim Rules, a group health plan is obligated to provide a written certificate suitable for establishing the prior creditable coverage of a participant or beneficiary. To the extent that a certification is not available or is inadequate to prove prior creditable coverage, alternative methods of establishing creditable coverage are provided.

The April 8 Interim Rules offer model certification and notice forms,

containing the minimum information mandated by the statute, to be used by group health plans and health insurance issuers. This ICR covers the provision of materials sufficient to establish prior creditable coverage.

- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.
