## II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, Nasdaq included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in item IV below. Nasdaq has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

#### 1. Purpose

On January 11, 2002, the Commission approved, as a 12-month pilot, the creation of Nasdaq PostData, a voluntary trading data distribution facility, accessible to NASD members, buy-side institutions and market data vendors through the NasdaqTrader.com web site.<sup>3</sup> PostData was launched on March 18, 2002. Nasdaq hereby proposes to offer PostData to all new subscribers and potential subscribers without charge for up to two months for the duration of the PostData pilot.

Background. PostData originally consisted of three reports provided in a single package: (1) Daily Share Volume Report, which provides subscribers with T+1 daily share volume in each Nasdaq security, listing the volume by any

NASD member firm that voluntarily permits the dissemination of this information; (2) Daily Issue Data, which contains a summary of the previous day's activity for every Nasdaq issue; and (3) Monthly Summaries, which provide monthly trading volume statistics for the top 50 market participants sorted by industry sector, security, or type of trading (e.g., block or total).

On August 5, 2002, Nasdag expanded the information made available to PostData subscribers to include four additional reports: Buy Volume Report, Sell Volume Report, Crossed Volume Report, and Consolidated Activity Volume Report.<sup>4</sup> Each report offers information regarding total Nasdaq reported buy (or sell, or cross, or consolidated) volume in the security, as well as rankings of registered market maker based upon various aspects of their activity in Nasdaq. The reports also provide recipients with information about the number and character of each market maker's trades. Finally, the reports provide the information described above with respect to block volume, be it buy, sell, cross or consolidated interest.

Proposed Fee Waiver. In order to increase the availability of PostData within the securities industry, Nasdaq proposes to waive all fees assessed upon new subscribers to PostData for a period of up to two months. Nasdaq has repeatedly been asked by potential subscribers to offer a free trial period in order to test PostData before committing to subscribe. Based upon these requests, Nasdaq believes that offering a free trial period will make this data more widely available and enable PostData to reach viability sooner.

This fee waiver period would be applied on a rolling basis, determined by the date on which a new subscriber or potential subscriber contacts Nasdaq to receive access to PostData.

Additionally, any vendor who provides PostData to its clients would have the opportunity to waive the fee to any new subscriber for a period of up to two months. Nasdaq believes that this waiver is fair and non-discriminatory because it applies to all potential direct and indirect subscribers.

#### 2. Statutory Basis

Nasdaq believes that the proposed rule change is consistent with the provisions of section 15A(b)(5) <sup>5</sup> and 15A(b)(6) <sup>6</sup> of the Act. Section 15A(b)(5)

requires the equitable allocation of reasonable dues, fees and other charges among members and other users of facilities operated or controlled by a national securities association. Section 15A(b)(6) requires rules that foster cooperation and coordination with persons engaged in facilitating transactions in securities and that are not designed to permit unfair discrimination between customers, issuers, brokers or dealers. Nasdag believes that this program involves a reasonable fee assessed only to users and other persons utilizing the system and will provide useful information to all direct and indirect subscribers on a non-discriminatory basis.

B. Self-Regulatory Organization's Statement on Burden on Competition

Nasdaq does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Nasdaq neither solicited nor received written comments with respect to the proposed rule change.

#### III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 35 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the NASD consents, the Commission will:

A. By order approve such proposed rule change, or

B. Institute proceedings to determine whether the proposed rule change should be disapproved.

## IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Persons making written submissions should file six copies thereof with the Secretary, Securities and Exchange Commission, 450 Fifth Street, NW., Washington, DC 20549–0609. Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written

communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission's Public Reference Room. Copies of such filing will also be available for inspection and copying at the principal office of the NASD. All submissions should refer to file number SR–NASD–2003–03 and should be submitted by February 18, 2003.
