SUPPLEMENTARY INFORMATION:

Authority: Section 213(b)(2)(A)(v)(II) of the Caribbean Basin Economic Recovery Act (CBERA), as added by Section 211(a) of the CBTPA; Section 6 of Executive Order No. 13191 of January 17, 2001.

BACKGROUND:

The CBTPA provides for quota- and duty-free treatment for qualifying textile and apparel products. Such treatment is generally limited to products manufactured from yarns or fabrics formed in the United States or a beneficiary country. The CBTPA also authorizes quota- and duty-free treatment for apparel articles that are both cut (or knit-to-shape) and sewn or otherwise assembled in one or more CBTPA beneficiary country from fabric or yarn that is not formed in the United States, if it has been determined that such fabric or yarns cannot be supplied by the domestic industry in commercial quantities in a timely manner. In Executive Order No. 13191 (66 FR 7271), the President delegated to CITA the authority to determine whether yarns or fabrics cannot be supplied by the domestic industry in commercial quantities in a timely manner under the CBTPA and directed CITA to establish procedures to ensure appropriate public participation in any such determination. On March 6, 2001, CITA published procedures in the **Federal Register** that it will follow in considering requests. (66 FR 13502).

On March 4, 2004, the Chairman of CITA received a petition from Dillards, Inc. and BWA, Inc. alleging that 100 percent cotton woven flannel fabrics, made from 14 through 41 NM single ring-spun yarns of different colors, classified in 5208.43.00 of the HTSUS, of 2 X 1 twill weave construction, weighing not more than 200 grams per square meters, for use in apparel articles, excluding gloves, cannot be supplied by the domestic industry in commercial quantities in a timely manner and requesting quota- and duty-free treatment under the CBTPA for apparel articles that are both cut and sewn in one or more CBTPA beneficiary country from such fabrics.

CITA is soliciting public comments regarding this request, particularly with respect to whether these fabrics can be supplied by the domestic industry in commercial quantities in a timely manner. Also relevant is whether other fabrics that are supplied by the domestic industry in commercial quantities in a timely manner are substitutable for the fabrics for purposes of the intended use. Comments must be received no later than March 26, 2004. Interested persons are invited to submit six copies of such comments or information to the Chairman, Committee for the Implementation of Textile Agreements, room 3100, U.S. Department of Commerce, 14th and Constitution Avenue, N.W., Washington, DC 20230.

If a comment alleges that these fabrics can be supplied by the domestic industry in commercial quantities in a timely manner, CITA will closely review any supporting documentation, such as a signed statement by a manufacturer of the fabrics stating that it produces the fabrics that are the subject of the request, including the quantities that can be supplied and the time necessary to fill an order, as well as any relevant information regarding past production.

CITA will protect any business confidential information that is marked "business confidential" from disclosure to the full extent permitted by law. CITA will make available to the public non-confidential versions of the request and non-confidential versions of any public comments received with respect to a request in room 3100 in the Herbert Hoover Building, 14th and Constitution Avenue, N.W., Washington, DC 20230. Persons submitting comments on a request are encouraged to include a non-confidential version and a non-confidential summary.

James C. Leonard III,

Chairman, Committee for the Implementation of Textile Agreements.

Description: The Spirit of Service Awards enable the Corporation to recognize exceptional organizations and program participants from each of the Corporation's three programs, Senior Corps, AmeriCorps, and Learn and Serve America. For 2004, the Corporation plans to establish specific nomination guidelines for each of the programs and develop a formal nomination process, which involves voluntary information collection from non-government individuals.

Prior to 2003, AmeriCorps recognized its outstanding members annually through the All-AmeriCorps Awards, which were initiated in 1999 and presented by President Clinton as part of the 5th anniversary celebration of the program. Senior Corps had recognized its outstanding projects and volunteers at its own national conference, and Learn and Serve America recognized exemplary programs and participants through its Leaders School selection and the President's Student Service Awards.

The Corporation hereby submits its request for emergency review and approval by OMB of the Spirit of Service Awards nomination for its three programs. The goal is to implement the nomination process in time to present the Spirit of Service Award winners at the Corporation's 2004 National Conference on Community Volunteering and National Service, June 6–8, 2004, in Kansas City, Missouri. The Corporation has requested emergency status for six (6) months to enable it to proceed with this year's awards process in a timely manner. Because the conference is scheduled to take place in June 2004, there was not enough time for an initial public comment period prior to submitting this request to OMB. However, if OMB approves this emergency request, the Corporation will issue another notice that will afford the public 60-days to provide its comments.

Title, Associated Forms, and OMB Number: Defense Security Service FL 14–a, Medical Information Questionnaire, July 2003, OMB No. 0704–0206

Needs and Uses: The specific objective of a personnel security investigation is to elicit information concerning the loyalty, character, and reliability of the individual being investigated so that the DoD adjudicator may determine if it is clearly consistent with the interests of national security to grant the individual access to classified information (or to continue such access), or to place the individual (or retain them) in a sensitive national security position. Adjudicative determinations are made in accordance with DoD 5200.2–R, “DoD Personnel Security Program,” which requires the DoD adjudicator to consider both potentially disqualifying information and mitigating information when there is an indication that the individual has a history of mental or nervous disorder; use or abuse of prescribed or illegal drugs, such as marijuana, narcotics or barbiturates; or abuse or excessive use of alcohol. Much of the appropriate information which the adjudicator must

consider can only be obtained from physicians who have treated the individual. Obtaining such information provides the adjudicator with a complex picture of the individual. Without it, the adjudicator may not be able to make a determination as to whether or not the individual should be granted access to classified information.
