

(A) Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

for securities option contracts, effective April 1, 2004, as follows:

The principal purpose of this rule change is to reduce OCC's clearing fees

Contracts per trade	Current per contract per trade fee	April 1, 2004 contract per trade fee
0–500	\$0.09	\$0.0825
501–1,000	0.07	0.0675
1,001–2,000	0.06	0.0575
> 2,000	110.00 (capped)	110.00 (capped)

In addition to the foregoing, OCC will expand what is considered to be a "market maker scratch trade." Currently, OCC considers market maker scratch trades to be the same day purchase and sale of identical option contracts in the same quantity and price by a market maker on a single exchange. Such trades are subject to a reduced clearing fee of \$.02 per contract in recognition of a market maker's obligation to continuously maintain a fair and orderly market, which often may result in near simultaneous breakeven purchase and sale transactions. Effective April 1, 2004, OCC will no longer require that the condition that the purchase and sale transactions take place on a single exchange in order to be treated as a market maker scratch trade. As a result of this change, a greater number of contracts will be eligible for clearance at the \$.02 per contract rate.

OCC believes that the foregoing changes will financially benefit clearing members without adversely affecting OCC's ability to meet its expenses and maintain an acceptable level of retained earnings.

(B) Self-Regulatory Organization's Statement on Burden on Competition

OCC does not believe that the proposed rule change would impose any burden on competition.

(C) Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were not and are not intended to be solicited with respect to the proposed rule change, and none have been received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective upon filing pursuant to Section

19(b)(3)(A)(ii) of the Act³ and Rule 19b-4(f)(2)⁴ thereunder because the proposed rule establishes or changes a due, fee, or other charge. At any time within sixty days of the filing of such rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Persons making written submissions should file six copies thereof with the Secretary, Securities and Exchange Commission, 450 Fifth Street, NW, Washington, DC 20549-0609.

Comments may also be submitted electronically at the following e-mail address: rule-comments@sec.gov. All comment letters should refer to File No. SR-OCC-2004-01. This file number should be included on the subject line if e-mail is used. To help the Commission process and review your comments more efficiently, comments should be sent in either hardcopy or by e-mail but not by both methods. Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission's Public Reference Section, 450 Fifth Street, NW, Washington, DC 20549-0609. Copies of

such filing also will be available for inspection and copying at the principal office of OCC and on OCC's Web site at <http://www.optionsclearing.com>. All submissions should refer to File No. SR-OCC-2004-01 and should be submitted by April 14, 2004.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.⁵

Margaret H. McFarland,
Deputy Secretary.

DEPARTMENT OF TRANSPORTATION

National Highway Traffic Safety Administration

[Docket No. NHTSA 2004-16921]

Insurance Cost Information Regulation

AGENCY: National Highway Traffic Safety Administration (NHTSA), DOT.

ACTION: Notice of availability.

SUMMARY: This notice announces publication by NHTSA of the 2004 text and data for the annual insurance cost information booklet that all car dealers must make available to prospective purchasers, pursuant to 49 CFR 582.4. This information is intended to assist prospective purchasers in comparing differences in passenger vehicle collision loss experience that could affect auto insurance costs.

ADDRESSES: Interested persons may obtain a copy of this booklet by contacting the U.S. Department of Transportation, Docket Management, Room PL-401, 400 Seventh Street, SW., Washington, DC 20590. [Docket hours are from 10 a.m. to 5 p.m.].

FOR FURTHER INFORMATION CONTACT: Ms. Rosalind Proctor, Chief, Consumer Standards Division, NHTSA, 400

³ 15 U.S.C. 78s(b)(3)(A)(ii).

⁴ 17 CFR 240.19b-4(f)(2).

⁵ 17 CFR 200.30-3(a)(12).

Seventh Street SW., Washington, DC 20590 (202-366-0846).

SUPPLEMENTARY INFORMATION: Pursuant to section 201(e) of the Motor Vehicle Information and Cost Savings Act, 15 U.S.C. 1941(e), on March 5, 1993, 58 FR 12545, the National Highway Traffic Safety Administration (NHTSA) amended 49 CFR part 582, *Insurance Cost Information Regulation*, to require all dealers of automobiles to distribute to prospective customers information that compares differences in insurance costs of different makes and models of passenger cars based on differences in damage susceptibility. On March 17, 1994, NHTSA denied a petition submitted by the National Automobile Dealers Association (NADA) for NHTSA to reconsider part 582 insofar as it requires all automobile dealers to prepare the requisite number of copies for distribution of the insurance cost information to prospective purchasers. 59 FR 13630.

On March 24, 1995, NHTSA published a final rule to amend part 582 in a number of respects. 60 FR 15509. These changes included wording clarifications and a change in the availability date of the booklet.

Pursuant to 49 CFR 582.4, all automobile dealers are required to make available to prospective purchasers booklets that include this comparative information as well as certain mandatory explanatory text that is set out in section 582.5. Early each year, NHTSA publishes the annual **Federal Register** document updating the Highway Loss Data Institute's (HLDI) December Insurance Collision Report. Booklets reflecting the updated data must be available for distribution to prospective purchasers without charge within 30 days from the date of the **Federal Register**.

NHTSA is mailing a copy of the 2004 booklet to each dealer on the mailing list that the Department of Energy uses

to distribute the "Gas Mileage Guide." Dealers will have the responsibility of reproducing a sufficient number of copies of the booklet to assure that they are available for retention by prospective purchasers by April 23, 2004. Dealers who do not receive a copy of the booklet within 15 days of the date of this notice should contact Ms. Rosalind Proctor of NHTSA's Office of International Policy, Fuel Economy and Consumer Programs (202) 366-0846 to receive a copy of the booklet and to be added to the mailing list. Dealers may also obtain a copy of the booklet through the NHTSA web page at: <http://www.nhtsa.dot.gov/cars/problems/studies/InsCost>.

(49 U.S.C. 32302; delegation of authority at 49 CFR 1.50(f).)

Issued on: March 16, 2004.

Stephen R. Kratzke,

Associate Administrator for Rulemaking.

Traffic Safety
Administration**

The Administrator

400 Seventh St., S.W.
Washington, D.C. 20590

MAR 1 2004

Dear Vehicle Dealer:

All vehicle dealers are required to make available to prospective purchasers information regarding comparative insurance costs for different makes and models of passenger cars, utility vehicles, light trucks, and vans pursuant to Title 49 of the Code of Federal Regulations, Part 582, *Insurance Cost Information Regulation*. This action responds to the mandate of Title II of the Motor Vehicle Information and Cost Savings Act and fulfills the agreed conditions for the settlement of the lawsuit between the agency and Consumers Union.

Enclosed please find one copy of the February 2004 Relative Collision Insurance Cost Information Booklet. Each dealer will be responsible for ***reproducing and maintaining a sufficient number of copies of this booklet*** to ensure that they are available for retention by prospective purchasers. These booklets must be made available no later than **March 30, 2004**. Please make certain that all salespersons at your dealership are aware that copies of this booklet are being displayed in your showroom.

To ensure consumer awareness of the availability of this booklet, dealers may choose to follow procedures similar to those they use for displaying the Environmental Protection Agency "Gas Mileage Guide," or may utilize wall posters or other media displays in the dealership to announce that the information is available.

This booklet can also be downloaded and printed from the National Highway Traffic Safety Administration website at: www/nhtsa.dot.gov/cars/problems/studies/inscost.

Sincerely yours,

Jeffrey W. Runge, M.D.

Enclosure

**COMPARISON OF DIFFERENCES IN INSURANCE COSTS
FOR PASSENGER CARS, STATION WAGONS/PASSENGER VANS,
PICKUPS AND UTILITY VEHICLES
ON THE BASIS OF DAMAGE SUSCEPTIBILITY**

MARCH 2004

FEBRUARY 2004

COMPARISON OF DIFFERENCES IN INSURANCE COSTS FOR PASSENGER CARS, STATION WAGONS/PASSENGER VANS, PICKUPS, AND UTILITY VEHICLES ON THE BASIS OF DAMAGE SUSCEPTIBILITY

The National Highway Traffic Safety Administration (NHTSA) has provided the information in this booklet in compliance with Federal law as an aid to consumers considering the purchase of a new vehicle. The booklet compares differences in insurance costs for different makes and models of passenger cars, station wagons/passenger vans, pickups, and utility vehicles on the basis of damage susceptibility. However, it does not indicate a vehicle's relative safety.

The following table contains the best available information regarding the effect of damage susceptibility on insurance premiums. It was taken from data compiled by the Highway Loss Data Institute (HLDI) in its December 2003 Insurance Collision Report, and reflects the collision loss experience of passenger cars, utility vehicles, light trucks, and vans sold in the United States in terms of the average loss payment per insured vehicle year for model years 2001-2003. NHTSA has not verified the data in this table.

The table presents vehicles' collision loss experience in relative terms, with 100 representing the average for all passenger vehicles. **Thus, a rating of 122 reflects a collision loss experience that is 22 percent higher (worse) than average while a rating of 96 reflects a collision loss experience that is 4 percent lower (better) than average.** The table is not relevant for models that have been substantially redesigned for 2004, and it does not include information about models without enough claim experience.

Although many insurance companies use the HLDI information to adjust the "base rate" for the collision portion of their insurance premiums, the amount of any such adjustment is usually small. It is unlikely that your total premium will vary more than ten percent depending upon the collision loss experience of a particular vehicle. If you do not purchase collision coverage or your insurance company does not use the HLDI information, your premium will not vary at all in relation to these rankings.

In addition, different insurance companies often charge different premiums for the same driver and vehicle. Therefore, you should contact insurance companies or their agents directly to determine the actual premium that you will be charged for insuring a particular vehicle.

PLEASE NOTE: In setting insurance premiums, insurance companies mainly rely on factors that are not directly related to the vehicle itself (except for its value). Rather, they mainly consider driver characteristics (such as age, gender, marital status, and driving record), the geographic area in which the vehicle is driven, how many miles are traveled, and how the vehicle is used. Therefore, to obtain complete information about insurance premiums, you should contact insurance companies or their agents directly.

Insurance companies do not generally adjust their premiums on the basis of data reflecting the crashworthiness of different vehicles. However, some companies adjust their premiums for personal injury protection and medical payment coverage if the insured vehicle has features that are likely to improve its crashworthiness, such as air bags.

Test data relating to vehicle crashworthiness are available from NHTSA's New Car Assessment Program (NCAP). NCAP test results demonstrate relative frontal and side crash protection in new vehicles. Information on vehicles that NHTSA has tested in the NCAP program can be obtained by calling the agency's toll-free Auto Safety Hotline at (888) 327-4236 and through the NHTSA Web Page at www.nhtsa.dot.gov.

DEPARTMENT OF TRANSPORTATION

Surface Transportation Board

[STB Ex Parte No. 290 (Sub No. 5) (2004-2)]

Quarterly Rail Cost Adjustment Factor

AGENCY: Surface Transportation Board.

ACTION: Approval of rail cost adjustment factor.

SUMMARY: The Board has approved the second quarter 2004 rail cost adjustment factor (RCAF) and cost index filed by the Association of American Railroads. The second quarter 2004 RCAF (Unadjusted) is 1.033. The second quarter 2004 RCAF (Adjusted) is 0.518. The second quarter 2004 RCAF-5 is 0.493.

EFFECTIVE DATE: April 1, 2004.

FOR FURTHER INFORMATION CONTACT: Mac Frampton, (202) 565-1541 Federal Information Relay Service (FIRS) for the hearing impaired: 1-800-877-8339.

SUPPLEMENTARY INFORMATION:

Additional information is contained in the Board's decision. To purchase a copy of the full decision, call ASAP Document Solutions at (301) 577-2600. [Assistance for the hearing impaired is available through FIRS: 1-800-877-8339.]

This action will not significantly affect either the quality of the human environment or energy conservation.

Pursuant to 5 U.S.C. 605(b), we conclude that our action will not have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act.

Decided: March 15, 2004.

By the Board, Chairman Nober.

Vernon A. Williams,
 Secretary.
