#### SUPPLEMENTARY INFORMATION:

- I. Background on the Kentucky Program
- II. Description of the Proposed Amendment
- III. Public Comment Procedures

#### I. Background on the Kentucky Program

Section 503(a) of the Act permits a State to assume primacy for the regulation of surface coal mining and reclamation operations on non-Federal and non-Indian lands within its borders by demonstrating that its program includes, among other things, “a State law which provides for the regulation of surface coal mining and reclamation operations in accordance with the requirements of the Act\* \* \*; and rules and regulations consistent with regulations issued by the Secretary pursuant to the Act.” See 30 U.S.C. 1253(a) (1) and (7). On the basis of these criteria, the Secretary of the Interior conditionally approved the Kentucky program on May 18, 1982. You can find background information on the Kentucky program, including the Secretary's findings, the disposition of comments, and conditions of approval of the Kentucky program in the May 18, 1982, **Federal Register** (47 FR 21434). You can also find later actions concerning Kentucky's program and program amendments at 30 CFR 917.11, 917.12, 917.13, 917.15, 917.16, and 917.17.

#### II. Description of the Proposed Amendment

By letter dated May 22, 2003, Kentucky sent us a proposed amendment to its program ([KY–244], Administrative Record No. KY–1580) under SMCRA (30 U.S.C. 1201 *et seq.*). Kentucky submitted a portion of House Bill 269, the executive branch budget bill, promulgated by the 2003 Kentucky General Assembly.

Specifically, Kentucky proposes to transfer \$3,000,000 from the Bond Pool Fund (the Fund) established in Kentucky Revised Statute 350.700 to the Commonwealth's General Fund for the 2002–2003 fiscal year. The transfer appears on page 225, line 21 and is listed under Part V, Section J, item 5 of House Bill 269. The full text of the program amendment is available for you to read at the locations listed above under **ADDRESSES**.

We announced receipt of the proposed amendment in the July 16, 2003, **Federal Register** (68 FR 41980), and in the same document invited public comment and provided an opportunity for a public hearing on the

adequacy of the proposed amendment. The public comment period closed on August 15, 2003. Please refer to the July 16, 2003, **Federal Register**, for additional background information.

By letter dated July 10, 2003, we requested additional information from Kentucky in the form of a financial analysis (Administrative Record No. KY–1584). We asked that the analysis specifically demonstrate that the transfer of funds would not adversely impact the Fund's ability to complete the reclamation plan for any area which may be in default at any time as required by 30 CFR 800.11(e). By letter dated August 14, 2003, Kentucky responded by stating the Madison Consulting Group would perform an actuarial review of the Fund (Administrative Record No. KY–1599). By letter dated March 3, 2004, the Department for Natural Resources (formerly the Department for Surface Mining Reclamation and Enforcement) transmitted the Kentucky Bond Pool Actuarial Report to us (Administrative Record No. KY–1615). The actuarial review covers the time period July 1, 2000, through June 30, 2003. The full text is available for you to read at the locations listed above at **ADDRESSES**. The key findings of the report are summarized here. The report concluded that the Fund:

1. Should be able to “reasonably withstand the failure of any two of its member companies” to be actuarially sound and viable on a long-term basis (p. 7);

2. is “currently not able to reasonably provide for the ‘two failure’ funding scenario up to a 75 percent confidence level” (p. 8);

3. needs to increase its assets “so as to provide for potential liabilities and future growth” (p. 8); and

4. is in a less favorable financial situation than the last analysis completed for the period ending June 30, 2000 (p. 8).

#### III. Public Comment Procedures

Under the provisions of 30 CFR 732.17(h), we are seeking your comments on whether the amendment satisfies the applicable program approval criteria of 30 CFR 732.15. If we approve the amendment, it will become part of the program.
