Bureau of Land Management

[AZ-020-04-1430-ES; AZA-31787]

Notice of Realty Action: Recreation and Public Purposes (R&PP) Act Classification; Arizona

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice.

SUMMARY: The following public lands, located in Maricopa County, Arizona, and found suitable for lease or conveyance under the provisions of the Recreation and Public Purposes Act, as amended (43 U.S.C. 869, *et seq.*). The lands are not needed for federal purposes. Lease or conveyance is consistent with current Bureau of Land Management (BLM) land use planning and would be in the public interest.

The following described lands, located in the City of Peoria, Maricopa County, Arizona, and containing approximately 160 acres, have been found suitable for lease or conveyance to the City of Peoria for open space and park and the Northern Municipal Operations Center (MOC) Development and Improvement Plan:

Gila and Salt River Meridian, Arizona

T. 5 N., R. 1 E.,

Section 29, E $\frac{1}{2}$ E $\frac{1}{2}$.

The lease or conveyance would be subject to the following terms, conditions, and reservations:

1. Provisions of the Recreation and Public Purposes Act and all applicable regulations of the Secretary of the Interior.

2. All minerals shall be reserved to the United States, together with the right to prospect for, mine, and remove the minerals.

3. A right-of-way for ditches and canals constructed by the authority of the United States.

FOR FURTHER INFORMATION CONTACT:

Camille Champion at the Phoenix Field Office, 21605 North 7th Avenue, Phoenix, Arizona 85027, (623) 580-5526.

SUPPLEMENTARY INFORMATION: Upon publication of this notice in the **Federal Register**, the lands will be segregated from all other forms of appropriation under the public land laws, including the general mining laws, except for lease or conveyance under the Recreation and Public Purposes Act. For a period of 45 days from the date of publication of this Notice, interested parties may submit comments regarding the proposed lease, conveyance, or classification of the lands to the Field Manager, Phoenix Field Office, 21605 North 7th Avenue, Phoenix, Arizona 85027.

Classification Comments

Interested parties may submit comments involving the suitability of the land for the proposed Northern Municipal Operations Center Development and Improvement Plan for the City of Peoria. Comments on the classification are restricted to whether the land is physically suited for the proposals, whether the uses will maximize the future use or uses of the land, whether the uses are consistent with local planning and zoning, or if the uses are consistent with state and federal programs.

Application Comments

Interested parties may submit comments regarding the specific uses proposed in the applications and plans of development, whether the BLM followed proper administrative procedures in reaching the decision, or any other factor not directly related to the suitability of the land for proposed uses. Any adverse comments will be reviewed by the State Director. In the absence of any adverse comments, the classification will become effective 60 days from the date of publication in the **Federal Register**.

Dated: March 2, 2004.

Teresa A. Raml,

Field Manager.

DEPARTMENT OF THE INTERIOR

Bureau of Reclamation

Folsom Dam Road, Folsom, CA

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice of Intent to prepare an Environmental Impact Statement (EIS).

SUMMARY: The Bureau of Reclamation (Reclamation) is planning to prepare an EIS for a proposed permanent restriction to public access to Folsom Dam. The Folsom Dam Road, which was closed indefinitely for security reasons on February 28, 2003, was closed to preserve and protect the core mission of the facility and for the ultimate safety of the public. The closure followed a series of security reviews, including a final review conducted by the Defense Threat Reduction Agency (DTRA) and subsequent full-scale analysis and evaluation of DTRA's recommendations by Reclamation and the Department of the Interior. The evaluation determined that uncontrolled access to Folsom Dam presents a clear security risk to the facility.

DATES: Reclamation will seek public input on alternatives, concerns, and issues to be addressed in the EIS through scoping meetings through scoping meetings in May. The schedule and locations of the scoping meetings are as follows:

- Wednesday, May 26, 2004, 4:30-7 p.m., Sacramento, CA
- Thursday, May 27, 2004, 4:30-7 p.m., Folsom, CA

Written comments on the scope of alternatives and impacts to be considered should be sent to Mr. Robert Schroeder at the below address by June 10, 2004.

ADDRESSES: The meeting locations are:

- Sacramento at the Library Galleria—West Meeting Room, 828 I Street
- Folsom at the Folsom Community Center—West Room, 52 Natoma Street

FOR FURTHER INFORMATION CONTACT: Mr. Robert Schroeder, Reclamation, 7794 Folsom Dam Road, Folsom, California 95630; telephone number (916) 989-7274.

SUPPLEMENTARY INFORMATION: Controlled access by authorized Government personnel is necessary to minimize the security risks and maximize the safety not only of Folsom Dam, but that of the entire Sacramento metropolitan population downstream of the Dam. Reclamation determined that an EIS is needed to examine the effect of the road closure on the natural and human environment.

Alternatives to the proposed action of a permanent restriction to public access include ending the indefinite road closure at some as yet to be determined time, reopening the road on a partial basis, and a no action alternative which would reopen the road to the level of access in place prior to the February 2003 indefinite closure. That level of access included restrictions such as closing the road overnight and allowing no trucks at any time.

If special assistance is required at the scoping meetings, contact Mr. Robert Schroeder, Reclamation, at (916) 989-7274. Please notify Mr. Schroeder as far in advance of the meetings as possible to enable Reclamation to secure the needed services. If a request cannot be honored, the requestor will be notified. A telephone device for the hearing impaired (TDD) is available at (916) 989-7285.

Our practice is to make comments, including names and home addresses of respondents, available for public review. Individual respondents may request that we withhold their home address from public disclosure, which we will honor to the extent allowable by law. There also may be circumstances in which we would withhold a respondent's identity from public disclosure, as allowable by law. If you wish us to withhold your name and/or address, you must state this prominently at the beginning of your comment. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public disclosure in their entirety.

Dated: March 10, 2004.

Frank Michny,

Regional Environmental Officer, Mid-Pacific Region.

INTERNATIONAL TRADE COMMISSION

[Inv. No. 337-TA-487]

Certain Agricultural Vehicles and Components Thereof; Notice of Commission Decision Not To Review an Initial Determination Finding a Violation of Section 337; Schedule for Written Submissions on Remedy, the Public Interest, and Bonding

AGENCY: International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade

Commission has decided not to review the presiding administrative law judge's ("ALJ's") final initial determination ("ID") finding a violation of section 337 of the Tariff Act of 1930 in the above-captioned investigation.

FOR FURTHER INFORMATION CONTACT:

Wayne Herrington, Esq., Office of the General Counsel, U.S. International Trade Commission, 500 E Street, SW., Washington, DC 20436, telephone (202) 205-3090. Copies of the ALJ's ID and all other nonconfidential documents filed in connection with this investigation are or will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street, SW., Washington, DC 20436, telephone (202) 205-2000. General information concerning the Commission may also be obtained by accessing its Internet server (<http://www.usitc.gov>). The public record for this investigation may be viewed on the Commission's electronic docket (EDIS-ON-LINE) at <http://edis.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on 202-205-1810.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on February 13, 2003, based on a complaint filed by Deere & Company ("Deere") of Moline, Illinois. 68 FR 7388 (February 13, 2003). The complaint, as supplemented, alleged violations of section 337 of the Tariff Act of 1930 in the importation into the United States, sale for importation, and sale within the United States after importation of certain agricultural vehicles and components thereof by reason of infringement and dilution of U.S. Registered Trademarks Nos. 1,254,339; 1,502,103; 1,503,576; and 91,860.

On August 27, 2003, the Commission issued notice that it had determined not to review Order No. 14, granting complainant's motion to amend the complaint and notice of investigation to add U.S. Trademark Registration No. 2,729,766.

On November 14, 2003, the Commission issued notice that it had determined not to review Order No. 29, granting complainant's motion for summary determination that complainant had met the technical prong of the domestic industry requirement.

Twenty-four respondents were named in the Commission's notice of investigation. Several of these have been terminated from the investigation on the basis of consent orders. Several other

respondents have been found to be in default.

On January 13, 2004, the ALJ issued his final initial determination ("ID") finding a violation of section 337. He also recommended the issuance of remedial orders. Two groups of respondents have petitioned for review of the ID. Complainant and the Commission investigative attorney filed oppositions to those petitions.

On February 18, 2004, the Commission issued notice that it had decided to extend the time to determine whether to review the ID to March 29, 2004, and to extend the target date for completing the investigation to May 13, 2004.

Having examined the record in this investigation, including the ALJ's final ID, the petitions for review, and the oppositions thereto, the Commission has determined not to review the final ID.

In connection with the final disposition of this investigation, the Commission may (1) issue an order that could result in the exclusion of the subject articles from entry into the United States, and/or (2) issue one or more cease and desist orders that could result in respondents being required to cease and desist from engaging in unfair acts in the importation and sale of such articles. Accordingly, the Commission is interested in receiving written submissions that address the form of remedy, if any, that should be ordered. If a party seeks exclusion of an article from entry into the United States for purposes other than entry for consumption, the party should so indicate and provide information establishing that activities involving other types of entry either are adversely affecting it or likely to do so. For background, see *In the Matter of Certain Devices for Connecting Computers via Telephone Lines*, Inv. No. 337-TA-360, USITC Pub. No. 2843 (December 1994) (Commission Opinion).

If the Commission contemplates some form of remedy, it must consider the effects of that remedy upon the public interest. The factors the Commission will consider include the effect that an exclusion order and/or cease and desist orders would have on (1) the public health and welfare, (2) competitive conditions in the U.S. economy, (3) U.S. production of articles that are like or directly competitive with those that are subject to investigation, and (4) U.S. consumers. The Commission is therefore interested in receiving written submissions that address the aforementioned public interest factors in the context of this investigation.
